
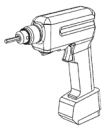
TV Mount

Square One | Indiana FURNITURE

Assembly Instructions

TV BRACKET & MOUNT

Tools Needed:



Drill

6mm Allen Key Driver Bit

5mm and 4mm Allen Key

1 to 2 Installers

1. To install the TV Mount, first verify parts and the tools required.
2. Begin by verifying the location where the TV Monitor will be placed on the Square One configuration.
3. Next remove connection bolts and nuts in the locations on the Square One frame where the brackets for the TV Mount will be placed.
4. Place the TV C-Bracket in alignment with the through holes. Using the same connection bolts and nuts that were just removed, secure bracket into place using an allen key.
5. Upon attaching C-Brackets, locate the monitor mounting wall bracket in the TV Mount packaging/kit.
6. Place the provided bolts through the face of the wall bracket and into the C-Bracket, and then attach the lock washers with the nuts together firmly.
7. For the remaining installation of the TV, reference the Chief Display Mounting Kit instructions provided.
8. The TV Mount should be securely installed.
