

# Be Inspired.

## TAKE A FRESH LOOK AT INDIANA FURNITURE.

We're more than just traditional casegoods. But, of course, we have those too. Our portfolio transcends styles, options, and environments. From seating to casegoods, tables to space division, easily flex the function of any space.

## KICKSTART MORE CONVERSATIONS.

Our latest lounge will help you do just that! KickStart is a modern collection designed to address a wide range of applications for today's social workplaces and community areas. Create inviting spaces for people to gather, work, re-energize, and learn.

## LIVE LIFE ON THE EDGE.

Our new partnership with Edge Design opens the door to a world of possibilities. Introducing five seating and tables lines that provide inviting designs while capitalizing on versatility and comfort.

## EXPERIENCE MORE JOY.

With the addition of upholstered backs to this already broad family of seating, you can now bring more comfort and joy to every application. Choose from task seating or stools, mesh or upholstered backs, all with a range of ergonomic options to fit a diverse range of users.

## PAINT YOUR OWN CANVAS.

Always stylish and effortlessly adaptable, our Canvas platform has expanded to include boutique-inspired options with Canvas Studio, and models to create a lasting impression with Canvas Reception.

## SQUARE UP YOUR THOUGHTS.

Square One continues to be the simple way to provide space division and architectural design throughout entire facilities. And now we've added even more functionality with multiple styles of shelves, soft-close barn doors, planters, and more!

## LET COLOR SET YOU FREE.

From the depth of our veneers and woodgrain laminates to our enduring metal, stone, and acrylics, our refreshed surface materials program was thoughtfully selected to complement all our products, giving you complete freedom to create the environments you want.

# Be Inspired!

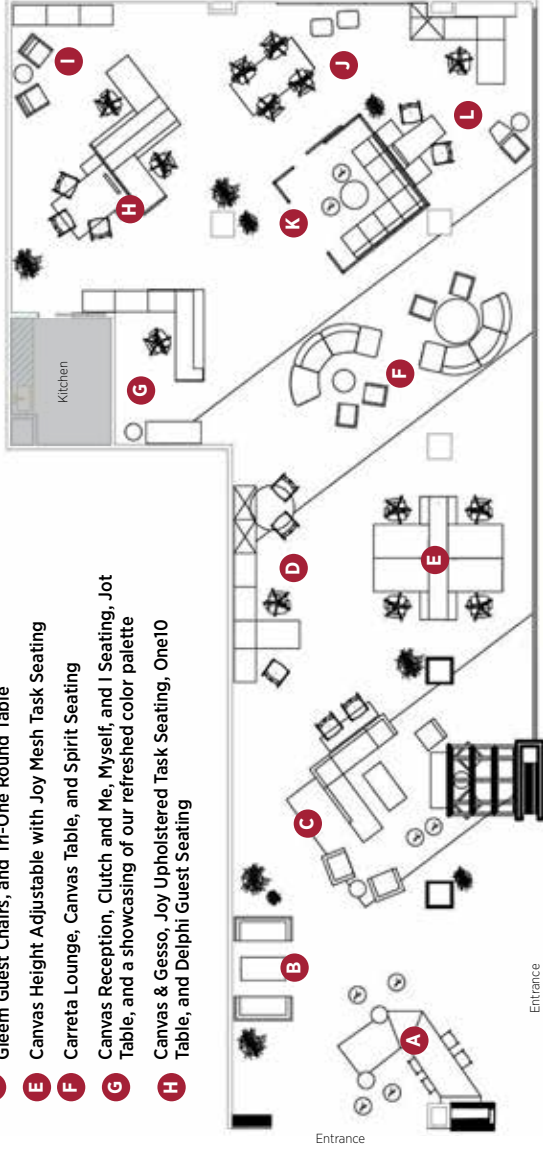

We designed our showroom with one thing in mind: **to spark inspiration.**

From the new products that project style, provide comfort, and foster productivity to the blending of rich, jewel tones with the elegance of our new holistic finish palette, you can find inspiration in every detail.

Take note of how easy it is to integrate an entire portfolio of products to suit every work mode, every style of environment, and every user. Be inspired by having everything you need, and desire, to bring your vision to life.
