# POLKA

We're excited to have Polka dance into the marketplace. Designed by our UK partner, Edge Design, Polka is a flexible and fun modular seating range with soft curves and gentle waterfall seat edges. Its low, wide stance and asymmetric shapes provide a striking alternative for sitting, relaxing, and touchdown working.

Perfect for atriums, lobbies, and collaboration areas in a wide variety of facilities and environments, like learning and corporate, among others.

NEW DESIGNS TO NEXT

"DO NOT GO WHERE  
THE PATH MAY LEAD,  
GO INSTEAD WHERE  
THERE IS NO PATH  
AND LEAVE A TRAIL."  
- RABBI PINCHAS

What does "data-driven" mean?  
- Building abstracted models that describe work by  
quantifying the features of that work  
- Collecting adequately representative samples of the  
work reduced into quantified model form  
- Analyzing the collected samples to observe patterns  
- Identifying the patterns that have impacted meaning  
for future choices and activities

Canvas and Gesso have reached another level of design. The new additions provide simple yet elevated go-to options, offering unexpected details at the right price point. If you're looking to outfit an executive office, teaming space, collaborative area, or anything in between, Canvas and Gesso provide what's desired for today's environments.

# JEFFERSON

Jefferson is time-honored elegance with today's flexibility. Capture classic details with a variety of stately pieces to showcase a rich and distinguished history, while meeting the functional needs of modern working spaces.

And with the new enhancements, which include reception and integrated height adjustable units, creating cohesive and productive working environments has never been easier...even in traditional-styled spaces. Add new down lighting, glass shelving, or premium veneer—which meets the specifications required by the U.S. Army Corps of Engineers—to take your designs to the next level.
