

BIFMA

ATTRIBUTES OF CONTRACT FURNITURE

Course Description:

What drives furniture decisions in commercial environments? Key attributes are: Aesthetics, Quality, Craftsmanship, Safety, Performance, Health & Wellness, Sustainability, and Verification. These dimensions of commercial furniture are explored for their impact on decision-making so professionals can put safety, sustainability, and wellness at the forefront of the selection process.

Course Objectives:

- You will understand the value of original design and how materiality is a critical factor of product appropriateness.
- You will see how furniture contributes to the health, safety, and wellness of occupants and impacts planetary health.
- Finally, you will be conversant in the relevant certification schemes and how to correctly apply which verifications to each attribute of furniture.

Program Credits:

1.0 HSW designation
(Intermediate learning level)

Credit designation:
LU|HSW

CE 1.0 (General Credit)
Course #0920021660
