

Inspiration Seating

Technical Specifications

Construction & Materials

- Seat/Back:** High Grade Polyurethane Foam, 1 ½" thick in the seat and back. High quality sinuous springs with weight distribution rods or resilient sheet webbing ensure a comfortable seating application.
- Frame:** Exposed wood components are manufactured using European Beech and are free of spirits, discoloration, pits, shakes, and wormholes. All chair joints are double-doweled or mortised and tenoned, screwed, and glued for maximum strength and durability. Frames are individually hand assembled and sanded prior to being finished. Non-marring nylon glides included in each leg at floor level.
- Finish:** A multi-step, hand-finishing process on all exposed wood frames. Chairs feature a catalyzed varnish finish which offers durability, lasting beauty, and resistance to normal wear.

Features

- Inspiration is designed to bring function and style to open workspaces. Tandem sections in one, two, or three seats combine with corner and straight tables to work in all spaces. Freestanding guest, bariatric, lamp and magazine tables, and a bench complete the line. Available in full and half upholstered backs (with a curved appeal!).
- Bariatric models tested for users up to 450lbs.
- Select from Nylon (standard) or Felt Glides.
- Available in single or contrasting upholstery in a wide variety of graded-in or contract options, including fabric, vinyl, and leather. Find inspiration at www.indianafurniture.com/resources/textiles.
- Choose from 28 wood finishes for the frame. Find inspiration at www.indianafurniture.com/resources/surface-materials.
- Seating ships fully assembled; some assembly required with tables.

Certifications & Compliance

- Seat and back comply with CAL 117-2013
- ETL Environmental Certification for compliance with VOC emission concentrations
- BIFMA level® Certified for environmentally-preferable and socially-responsible office furniture
- BIFMA Compliant® Certified for meeting mechanical standards that focus on safety and durability
- TSCA Title VI (Formerly CARB) Compliance
- Contribution to U.S. Green Building Council's LEED Program
