Technical Specifications

Construction & Materials

Veneer:	Choose from premium veneer or select veneer on exposed surfaces in Cherry, Maple, White Oak or American Black Walnut, carefully selected and matched to assure proper balance and consistency.
Laminate:	HPL is made of woodgrain laminates fused to particleboard core. Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance.
Tops:	Wood Veneer worksurfaces are 5-ply balanced construction, while High Pressure Laminate (HPL) worksurfaces are 3-ply balanced construction, 1 3/16" thick with solid hardwood rims. All buffets, credenzas, serving carts, video cabinets, and storage/wardrobe cabinets are shaped on the user side only. Grain direction runs left to right, unless otherwise noted.
Chassis:	Tops and end panels are securely fastened using high quality European fastening systems to ensure maximum strength. All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors.
Drawers:	All drawer fronts are standard with elegant vertically matched veneer faces. Drawers feature 5-sided construction with 3/4" 3-ply fronts, 7/16" thick hardwood sides and 5/32" hardboard bottoms. Units with 36" wide file drawers feature 1/4" thick drawer bottoms for maximum storage strength. Drawer interiors are sanded, sealed, and finished for a smooth, quality feel and appearance. All drawers feature full extension, progressive action slides with precision steel ball bearings. Box and file drawers are tested for 100lb capacity. Lateral files are tested for 200lb capacity. All suspensions have a limited lifetime warranty.
Storage:	All hinged doors include soft close hinges, unless otherwise noted. One piece hinge and base plate combination. Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure.
Locking:	All units with file drawers feature locking. Removable lock cylinders allow for units to be re-keyed at a later date, if required. Units are shipped randomly keyed as standard. Keyed alike units are available upon request at no additional charge. Lock core will match pull color.

Features

- Contemporary components complement our Madera, Encompass, and Allegiance casegoods collections, along with Aura Reception.
- Add technology function with wall units that include AV Cabinets and valance with optional pull down projection screen.
- For easy table-to-floor connectivity, combine a table top power center with a cylinder or half-cylinder base with hinged wire access door.
- Aura is available in our Select Standard and Premium Veneer Options.
- Choice of nine edge profiles—Bevel, Bullnose, Flute, Phoenix, Radius, Square, Tail, Tri-Round, and Waterfall.
- Available with a selection of 10 pulls, with a choice of aluminum, nickel, black, and chrome, for a combination of 20 different options.
- Select from five metal finish options to easily match any environment.
- Select from the full line of buffets, credenzas, cabinets, wardrobes, visual boards, lecterns and table top power centers to complete your space and maximize functionality.
- A holistic surface materials palette—veneer finishes, laminates, and metal finishes; get inspiration at www.indianafurniture.com.
