

Serenity Seating

Technical Specifications

Construction & Materials

Frame: Manufactured using molded plywood for internal wood components and frame; individually hand assembled with joints mortised and tenoned, screwed, and glued for maximum strength and durability

Seat: High Grade Polyurethane foam, 2" thick on the seat and back

Features

- The Serenity Collection, designed by Pledge, embodies clean lines and soft curves to provide a modern, yet comfortable solution for all your seating needs.
- Base options include 4-leg base, a polished aluminum low profile 4-star swivel base and high profile 4-star swivel base both with non-marring nylon glides, 4-star swivel wood base, and a polished aluminum 5-star base with pneumatic height adjustment, glides or casters and optional auto-return mechanism.
- The 4-star swivel wood base features two unique wood finishes, Blond Oak and Spiced Walnut.
- Serenity uses renewable and recyclable materials, allowing it to meet/exceed indoor air quality and environmental certifications.
- Serenity seating units are available in single upholsteries in a wide variety of graded-in or contract options. Find inspiration for upholstery options with our [Textiles Program](#).
