

Madera

Overview+Options

Madera creates a variety of looks from rich, refined transitional to fresh, modern contemporary by offering an abundance of finish, edge, pull, and hutch door options. Finely crafted in select or premium cherry, maple, walnut, and oak veneers, Madera features an ultra violet (UV) topcoat on all exposed surfaces adding unsurpassed hardness and extreme durability for long lasting office applications.

Add design and function to your workspace with a tackboard, in your choice of upholsteries to work with surface mount and wall mount hutches.

Pedestals available in two versions. The full pedestal offers box/box/file or file/file configurations, while the 3/4 ped option, with a box/file, floats above the floor.

Tops feature vertical profiles except with the Radius (A) and Bevel (B) edge profiles, which provide a matching reverse shape on the adjoining unit.

A Premium Veneer option is available and meets/exceeds the technical specifications required by the U.S. Army Corps of Engineers, among others.

Colors represented are high-resolution reproductions and may vary slightly from the actual product. To order samples, please contact our Customer Service team or order online at www.indianafurniture.com. Graining and finish colors may vary, yet will continue to complement, across Veneer, HPL, TFL, and Seating products due to the inherent differences of these materials.
