

# Amery Seating

## Technical Specifications

### Construction & Materials

- Chair:** Exposed wood components are manufactured using select maple and are free of spirits, discoloration, pits, shakes, and wormholes. All chair joints are double-doweled or mortised and tenoned, screwed, and glued for maximum strength and durability. Textiles are sewn with double stitch seams. Ships fully assembled.
- Seat:** High-grade Polyurethane Foam, 1½" thick; Features corner blocking and high-quality sinuous springs with weight distribution rods to ensure a comfortable seating application.
- Back:** High-grade Polyurethane Foam, 1½" thick.
- Frame:** Individually hand assembled and sanded prior to being finished; non-marring nylon glides are included in each leg at floor level.

### Features

- Choose from High and Mid Back Swivels and Guest chairs in standard or tufted backs
- Chairs feature a catalyzed varnish finish which offers durability, lasting beauty, and resistance to normal wear; select from a broad spectrum of finish options to match your style and environment
- Standard with Brass nail trim and casters; also available with Silver nail trim and casters or with no nail trim and Black casters
- Select from a synchro-tilt control or the optional knee-tilt control
- Guest chairs come standard with nylon glides; felt glides are also available at no extra charge
- Amery swivel and guest units ship fully assembled.
- Available in a wide variety of graded-in or contract upholstery options, including fabric, vinyl, and leather

### Certifications & Compliance

- Intertek Sustainability Certified for compliance with VOC emission concentrations
- BIFMA level® Certified for environmentally-preferable and socially-responsible office furniture
- Meets or exceeds ANSI/BIFMA performance standards
- Seat and back comply with CAL 117-2013
