

Script Lounge

Technical Specifications

Construction & Materials

Frame:	Exposed wood parts are kiln-dried hardwoods and structurally-engineered hardwood plywood selected from the highest grade of hardwoods and are free of splits, discoloration, pits, shakes and wormholes. Frames are mortised and tenoned, stapled and glued for maximum strength and durability. Non-marring adjustable nylon glides included in each leg and two glides are included in each sled base.
Seat & Back:	Standard Script models include high grade foam 5" thick in the seat and 2" thick in the back. Script Jr. models include 3" thick high grade foam in the seat and 1½" thick in the back. All seating models include stretch webbing to ensure comfort sit.
Finish:	Multi-step catalyzed varnish hand-finishing process is used on all Maple legs. Veneer tops feature UVAdvantage, an ultra-violet finish on all exposed surfaces by utilizing roll-coat UV technology.

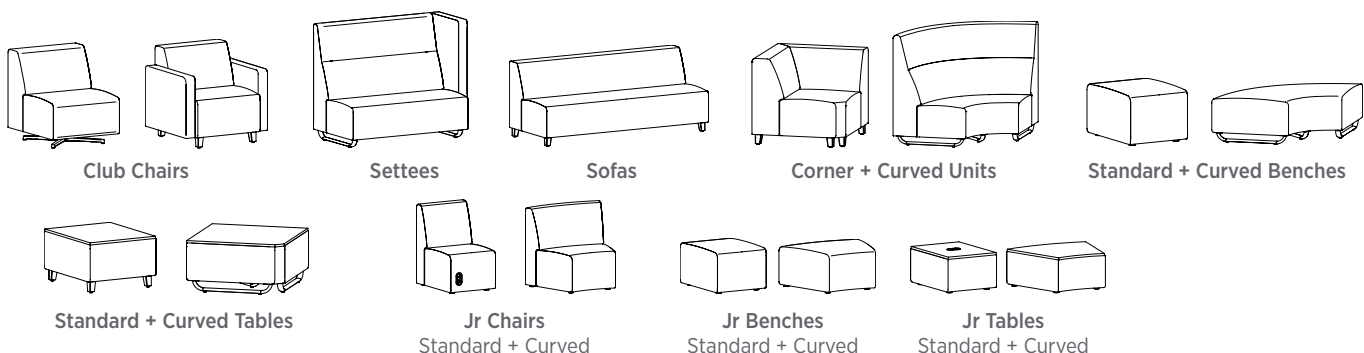

Features

- Script is a people-centric line that brings together freestanding and modular forms to balance levels of privacy and collaboration, empowering users to take on any task throughout the day.
- Script Lounge includes standard freestanding and modular ganging Club Chairs, Settees, Sofas and Curved Units with and without high surround; standard and curved Benches round out this versatile lounge collection.
- Script Jr. features standard and curved armless chairs, benches, and tables.
- Modular ganging seating units and tables ship with ganging hardware installed and can easily be folded under the unit when not being ganged to another unit.
- All Script Lounge units are available with 3½"H metal and wood tapered legs, or sled bases in Aluminum, Black, or Snow White. Wood legs available in 35 finish options to create style and personalization.
- Script and Script Jr. ganging or freestanding tables feature upholstered chassis with ¾" thick TFL, HPL, and Veneer tops available in a thoughtfully curated range of coordinating colors.
- Black, Storm, or White power port options with one electrical power outlet, one USC-A, and one USB-C charging port available on standard and modular seating, benches, and tables will keep everyone working on-the-go.
- Bistro/Stadium Table option provides multi-layer seating and functionality when used with Club Chairs, Settees and Sofas.
- Bistro/Stadium Tables are available with horizontal grain direction in TFL, HPL or Veneer tops and with Aluminum, Black, and Snow White hardware attachments.
- A broad range of upholstery, leather, and finish options. Get inspired with our [Surface Material options](#).
- Lounge and Tables ship fully assembled; Bistro/Stadium Tables require some assembly.
