Features

- Clutch is a build-your-own-features chair. Choose the height that fits the environment, the arm that supports the task, and the base that works best for the project.
- Clutch is your seating solution for any user with the High or Mid back heights, lumbar support and flexible suspension providing all day comfort.
- A variety of arm options, including armless, black/chrome height and width adjustable T with fixed arm pad, black/chrome height adjustable T with fixed arm pad, fixed aluminum and black cantilever arm.
- Clutch offers four control options with knee tilt and synchro knee-tilt, along with optional seat slider, for maximum comfort.
- Three base options in black, aluminum, or powder-coated silver and four caster and glide options for carpet, hard surfaces, and everything in between.
- Contoured waterfall edge seat features molded foam with rounded, sloped front to relieve pressure on the back of user's thighs and knees to improve blood circulation to their lower legs.
- Pneumatic lift for simple and easy height adjustment and tension control to outfit a diverse range of users.
- Textiles are sewn with double stitch seams. See our broad range of options in our Textile Program.
- Ships fully assembled for your convenience.
