

Twisted Bookcase Connector Assembly Instructions

Components:

- 1 – Twisted Bookcase Unit
- 1 – 1 ¼" Wood Screw
- 1 – 3" Wood Screw
- 1 – 3" ¼-20 Bolt
- 1 – ¼-20 Never-Drop Toggle Anchor

- 1 Determine whether attaching to wall or adjacent unit. If attaching to wall, see Step #3. If attaching to adjacent unit, continue to Step #2
- 2 If attaching to an adjacent unit use the 1 ¼" Wood Screw to fasten to outside end of joining unit.
- 3 If attaching to a wall, drill thru mounting hole shown and mark hole location on wall. Select the appropriate wall anchor. Then drill and insert into wall. Drive ¼"-20 Bolt from inside of unit into the anchor.
