## Bistro Table Assembly Instructions

1 Determine the desired layout of units.

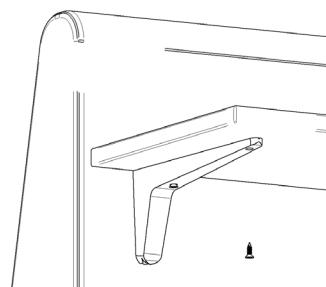

2 Take the "L" bracket and slide onto the brackets already attached to the back of the unit.

3 Place the table on the brackets and center left-to-right on the unit.

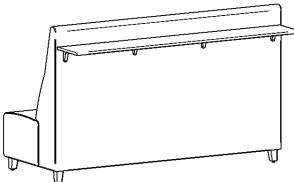

4 Pushing the table against the back of the unit so no gap is left between the table and the fabric, insert the #12 flat head screws into the brackets and into the table.

## Bistro Table Assembly Instructions

**5** Once all the #12 screws are put into place, locate the two "L" brackets and #8 x 5/8 Phillips Pan Head screws.

**6** Without applying too much torque, attach the "L" brackets to the underside of the table and to the back of the unit utilizing the #8 screws.

Note: Images shown are for clarity purposes only and may not match the unit that you are currently installing.
