MAKE A LASTING FIRST IMPRESSION.

Capture the essence of your brand as you welcome customers in an inviting and forward-thinking space. Canvas Reception extends simple sophistication with an offering of functional and distinctive design options.

Experience the breadth of this line to find the perfect fit and level of style for your needs. Explore models, sizes, and premium details to heighten function and luxury for the user, the environment, and all of your visitors.

Canvas Reception is responsible too. It considers the environment by using renewable and recyclable materials, allowing it to achieve indoor air quality and BIFMA level® certifications, and complies with the mechanical standards that focus on safety and durability to meet BIFMA Compliant® certification.

Greet Customers with Style.

Classy and simple, Canvas Reception features a focused offering of functional pieces that allow you to create a distinctive style.

Choose from waterfall transaction counters with paper slots, conventional transaction counters available in a variety of materials, matching or contrasting overlays, backlighting, extended gallery returns with storage, ADA returns, and more!

Details & Options:

Overlay Panels can be specified to match or contrast the main shell and transaction counter. Add backlighting to the overlay to give your station even more appeal.

Extended Gallery Returns help to provide the right amount of storage for the user by offering the option of wardrobes and storage towers. Add additional storage from the standard Canvas offering.

Effortlessly adaptable, Canvas Reception allows for distinctive design details, like an appealing mix of materials, finishes, and components.

Change up the look of your design. Drawers and door fronts have the option of vertical or horizontal grain direction.

Be ready to greet all of your guests by creating stations with multiple transaction counter heights, like shown here with standard and ADA heights.

Paper slots come standard as a part of the waterfall transaction kit. Choose from chrome or TFL slot dividers.

Stay organized or add a pop of color with one of our Tack Boards, sized perfectly to fit each of our desk shells, with or without standard transaction counters.

Project a fresh, polished attitude with high-gloss acrylics on overlays and doors, or add function by using dry erase boards on wardrobe doors.

Make an impression when customers walk through your door. Solid surfaces and glass are available on transaction counters.

The waterfall Transaction Riser Kits can be centered or left/right adjusted on desk shells to create a more contemporary look.

Easy to specify wire management options allow users to route cords away from the work surface for a clean aesthetic.

Having power and data within reach has never been more important. With a range of options, Canvas Reception allows users to stay easily connected.
