

Square One

Dynamic space division, designed for visual continuity and a broad range of applications.

Indiana
FURNITURE

A BASIC SHAPE THAT DOESN'T BOX YOU IN.

It all starts with a basic shape. A simple square that can be built up in a number of ways, allowing you the freedom to design functional works of art without the need for conventional construction.

Square One can easily define space between workers and create areas or zones within the open plan to encourage collaboration or allow for focused work and conversations. Configurations range from huddle zones to privacy booths to meeting areas and beyond.

Add function without sacrificing beauty. Barn Doors, Acrylic Inserts, Tackable and Acoustical Panels, Dry Erase Boards, TV Mounts, Planter Boxes, and Power Centers give your space the ability for more privacy, collaboration, or brainstorming.

Square One is responsible too. It considers the environment by using renewable and recyclable materials, allowing it to achieve indoor air quality and BIFMA level® certifications, and complies with the mechanical standards that focus on safety and durability to meet BIFMA Compliant® certification.

Space Division. Redefined.

There is something magical about small spaces that inspire us to think big.

Square One allows you to delineate space to heighten functionality and provide a balance between openness and privacy...a space where employees love to gather, brainstorm, re-energize, and more.

Personalize the space through add-ons like Planter Boxes, Dry Erase Boards, TV Mounts, or Acoustical, Acrylic, or Tackable Panels, and you have an instant inspiration cove that helps maximize productivity.

A Warm Welcome.

Welcome customers in an inviting and design-forward space. Square One adds an architectural element to any application, including the front entrance.

Square One extends simple sophistication with its ability to remain light and airy while still making a bold statement within the environment.

Bring the Outdoors In.

The openness of Square One allows natural sunlight in and keeps the energy flowing.

With a solid wood construction, the product brings an unmistakable warmth and organic feel that can easily transcend the workspace from a confined walled office to an enlightening garden oasis.

Statement of Line:

Fundamental Components

Add-Ons & Accessories

Surface Material Options:

Wood Finishes

Hardware Finishes

Acoustical Panel Options

Acrylic Insert Options

Frosted Acrylic Inserts can be customized with a logo or design

Idea Starters:

Effortless Integration.

Square One spans across contemporary to traditional spaces with a simple design aesthetic and fluidly complements other furniture to create a cohesive environment.

With Square One it's easy to design spaces that make a lasting impression, but its biggest attribute may be the impressions you don't see.

As with all Indiana Furniture products, Square One has received indoor air quality and BIFMA level® certifications. It was important to us to use mindful components, such as wood and Acoustical Panels which are 100% recyclable.

And the simple design and ease of reconfigurability sustains its usability, lowering the overall cost of ownership and reducing waste in the environment.
