GOOD LOOKS + COMFORT = CLUTCH.

A simple design aesthetic, born from clean lines, subtle contours, and tailored upholstery, gives way to luxurious, unending comfort.

And with Clutch's lineup of features, you can build a chair to fit your exact needs. Select from mid or high back styles, a variety of arms (or go armless) to support the task, control options like swivel to synchro tilt with seat slider, bases, casters, and a broad range of textiles. From casual to sophisticated settings, Clutch is your go-to chair.

Clutch is responsible too. It considers the environment by using renewable and recyclable materials, allowing it to achieve indoor air quality and BIFMA level® certifications, and complies with the mechanical standards that focus on safety and durability to meet BIFMA Compliant® certification.

The Total Package.

Of course Clutch has good looks but did you know it was also one of the most comfortable chairs on the market?

Clean lines and tailored upholstery are coupled with a contoured lumbar and flexible suspension to provide continuous support throughout all the workday tasks. Whether you're making decisions in the board room, ideating in a team area, or greeting customers at the entrance, Clutch has your back.

Built Up Features.

One chair does not fit all. That's why Clutch is a build-your-features chair. Choose the height that fits the environment, the arm that supports the task, and the base that works best for the project.

Contoured lumbar support and flexible suspension provide all-day comfort. A selection of arm and base styles offer the right adjustment.

Effortless Integration.

Clutch Seating easily works in conjunction with other products, like Canvas and Gesso Meeting Solutions, to create stylish and high-performing spaces.
