

GLEEM

SEATING SOLUTIONS

Indiana
FURNITURE

USHER IN ELEGANCE AND GRACE.

Experience the staying power of classic design paired with keen, modern interiors. Available in three arm styles, fully-upholstered or with clean out backs, and in standard and high-occupancy sizes (supports up to 400lbs), Gleem's proven steam bending technique and handcrafted construction create a long lasting, superior chair.

Available in single or contrasting graded-in and contract upholsteries, like fabric, vinyl, and leather, to personalize your look. And the entire Gleem collection features a wall-saver design to prevent damage and wall scuffs, keeping your space looking nice.

Gleem is responsible too. It considers the environment by using renewable and recyclable materials, allowing it to achieve indoor air quality and BIFMA level® certifications, and complies with the mechanical standards that focus on safety and durability to meet BIFMA Compliant® certification.

A Seat For Everyone.

From lobbies to patient rooms, office spaces to huddle spaces, Gleem provides a range of seating models to outfit a variety of high-traffic and multi-use areas.

Create the perfect look, and provide lasting comfort, for a diverse range of users. High-Occupancy models support users up to 400lbs. And with three arm styles and full or clean out backs, Gleem's handcrafted construction creates a long-lasting, superior chair.

Seating Finishes

All Glem chairs feature a catalyzed varnish finish which offers durability, lasting beauty, and resistance to normal wear.

Our broad range of graded-in and contract upholstery options give you complete freedom to specify Glem in the colors and patterns of your choice, including the ability for single or contrasting upholsterys.

Colors represented are high-resolution reproductions and may vary slightly from the actual product. To order samples, please contact our Customer Service team or order online at www.indianafurniture.com. Graining and finish colors may vary, yet will continue to complement, across Veneer, HPL, TFL, and Seating products due to the inherent differences of these materials.
