INDIANA FURNITURE

Whether it's the rhythm of a favorite song, the warmth of a sun-kissed afternoon, or the buzz of a lively crowd, vibes have a way of enveloping us. From the unveiling of our new Chicago Design Studio to the flowing curves of Serenity, the do-good charm of Dab to the electricity of Synergy...you'll feel it.

And let's not forget the vibe of connection—those moments of shared experiences, of conversation, of laughter, coupled with the ripple effect of great design and the elements that weave us all together.

Go ahead...immerse yourself in the vibe.

# AN IMMERSIVE EXPERIENCE

We recently opened our Chicago Design Studio, located in Suite 1042 at The Mart, in tandem with NeoCon happening June 2024.

Indiana Furniture has a long-standing relationship with The Mart. We've exhibited in every NeoCon since its inception in 1969 and have occupied permanent showrooms on the 3<sup>rd</sup> and 10<sup>th</sup> floors, continuously increasing our positioning within the building, as well as square footage to accommodate our growing portfolio.

Our new Design Studio features a broad mix of our established products in casegoods, tables, seating, and space division, and highlights upcoming product launches taking place later in 2024/early 2025.

Visitors will have a destination to experience design flexibility coupled with practicality. It's a new vibe for Indiana Furniture, and one that opens eyes to our expansive capabilities and clearly shows we're more than casegoods (though we still do those quite well).

One of the noteworthy features includes a logo wall made from ceiling tiles taken, as is, from our original headquarters, which was built in 1905.

# THE ENERGY OF COLLABORATION

As the workforce changes and offices embrace new hybrid and collaborative work models, the way we work in spaces is evolving.

Sometimes we need to work alone, sometimes in a small team, and sometimes as a large group. Spaces ebb and flow as workers come together to collaborate and then move apart for privacy. That's where Synergy comes in. Synergy allows users to easily configure and reconfigure spaces to support these fluid work styles.

Introducing a new collection of partitions, tables, and seating to create spaces in an impromptu way without the need for complex architecture.

This line promotes flexibility to adapt to different interactions, forming areas to gather, separate, and then gather again...all in personalized ways, and all within the same open space.

*Synergy Partitions, Tables, and Seating*

Synergy offers a functional range of partitions, including options for storage, TV mounts, tackboards, dry erase boards, laminate panels, corner applications, lockers, planters, shelving, recycling, and more.

Pair the dividers with a thoughtful portfolio of soft rectangle and view-shaped seated, counter, and standing height tables, available as freestanding or with casters. Then add Synergy's seated, counter, and bar height stools and benches to complete your spaces.

The line boasts a large selection of laminates, wood finishes, and graded-in and contract upholsteries, including fabric, vinyl, and leather, allowing nearly limitless designs to meet your vision.

# A LITTLE DAB GOES A LONG WAY

With every Dab chair ordered, we will donate a percentage of the sales to The Common Thread for the Cure, a foundation dedicated to the battle against breast cancer.

While most breast cancer charities focus on research, The Common Thread for the Cure Foundation focuses on patient well-being. They support individuals in our industry who are fighting breast cancer by offering helpful financial assistance. Since being established, the foundation has awarded more than \$1,000,000 in grants to deserving recipients in the United States, Canada, and Mexico.

If you're affiliated with the furnishings and design industries and you or an immediate family member has been diagnosed with breast cancer, you're eligible to apply for a confidential grant through The Common Thread for the Cure. These grants can be used to meet financial responsibilities so you can focus on what is most important—survival.
