# THE ENERGY OF COLLABORATION.

As the workforce changes and offices embrace new hybrid and collaborative work models, the way we work in spaces is evolving.

Sometimes we need to work alone, sometimes in a small team, and sometimes as a large group. Spaces ebb and flow as workers come together to collaborate and then move apart for privacy. That's where Synergy rolls in.

Synergy allows users to easily configure and reconfigure spaces to support these fluid work styles. Introducing a collection of partitions, tables, and seating to create spaces in an impromptu way without the need for complex architecture.

Synergy is responsible too. Its manufactured in the USA, considers the environment by using renewable and recyclable materials—allowing it to achieve indoor air quality certifications—and complies with the mechanical standards that focus on safety and durability. Synergy can be found on GSA Advantage and contributes to LEED<sup>®</sup>, Green Globes<sup>®</sup>, and WELL<sup>®</sup> points when configuring sustainable buildings.

## Forward-Thinking Versatility.

Synergy promotes flexibility to adapt to different interactions, forming areas to gather, separate, and then gather again...all in personalized ways, and all within the same space.

Whether you're looking for space division, additional meeting space, or simply some impromptu seating, Synergy offers it all. But the real advantage is when you use bring them all together to create and recreate spaces that meet the everyday needs of users collaborating, focusing, and everything in between.

### Collaborating Made Easy.

Synergy offers a functional range of partitions, including options for storage, TV mounts, tackboards, dry erase boards, laminate panels, corner applications, planters, shelving, recycling, and more.

And Synergy's simple and easy-to-personalize design allows it to effortlessly integrate into any environment. Add Synergy to an already existing space or create a new layout with Synergy as the foundation. The choice is yours!

#### Complete Your Space.

Pair the partitions with a thoughtful portfolio of soft rectangle and view-shaped seated, counter, and standing height tables, available as freestanding or with casters. Then add Synergy's seated, counter, and bar height stools and benches to complete your spaces.

Synergy boasts a large selection of laminates, wood finishes, and graded-in and contract upholsteries, including fabric, vinyl, and leather, allowing nearly limitless designs to meet your vision.

Bring The Outdoors In.

Mobile Planters and Partitions with Planter Boxes make it easy to add biophilia to your working environments and to bring the outdoors in. Whether you go with live plants or artificial, Synergy makes it simple.

Synergy's heavy-duty casters give you freedom and confidence to move the partitions, tables, and seating to the configurations you desire with ease.
