# Furniture with Integrity.

We've been making wood furniture longer than just about anyone...and we want to be doing so for a long time to come. That's a large part of why we take a stewardship approach to our resources.

Since 1905, We've proven our commitment to a sustainable future by supporting the standards and programs that protect the natural world and human health.

Whether it's domestic manufacturing, local sourcing, reducing contaminants, diverting waste, implementing wellness programs, or supporting community endeavors, social responsibility is a part of every decision at Indiana Furniture.

We believe environmental sustainability and business profits need not be mutually exclusive. They can and should exist side-by-side in a beneficial relationship. And for more than a century, we've been showing how it's done.

**100%**

of all product lines are BIFMA level® certified, BIFMA Compliant® certified, TSCA Title VI/ Carb Compliant, Intertek Environmental certified, are on GSA Contract, and contribute to LEED®, Green Globes®, and WELL® programs. And 100% of casegoods and tables lines have our UV topcoat, UVAdvantage Plus

**5/5**

perfect score for the UVAdvantage Plus finish in independent testing for durability. This topcoat process is sustainable, with reduced air pollutants and a system to recapture and reuse excess finish, and is resistant to abrasion and scratches
