

CHAT

WORK + LANDING TABLES

Indiana
FURNITURE

LET'S CHAT!

Chat Work Tables are the perfect place to gather and connect. With seated, counter, and standing heights in widths of 60" to 96" and depths of 24" to 48", Chat allows you to add style and functionality virtually anywhere.

Select from veneer or laminate, then personalize the look and function with contrasting colors/finishes, optional power, and wire management.

Chat is responsible too. It considers the environment by using renewable and recyclable materials, allowing it to achieve indoor air quality and BIFMA level® certifications, and it complies with the mechanical standards that focus on safety and durability to meet BIFMA Compliant® certification.

Here. There. Everywhere.

Whether you're looking to outfit a meeting room, collaborative area, breakroom, library, or training space, Chat provides a simple design coupled with functional options to meet all of your needs.

And, Chat's stylish simplicity allows it to fluidly complement other furniture, like Synergy, Natta, Catalyst, and Dab, to create fresh and productive environments.

Statement of Line:

Seated Height Veneer Tables
75-2460WT, 75-2472WT, 75-2484WT, 75-2496WT, 75-4260WT, 75-4272WT, 75-4284WT, 75-4296WT, 75-4860WT, 75-4872WT, 75-4884WT, 75-4896WT

Surface Materials

Veneer and Laminate Options

Chat models come standard with your choice of a Veneer chassis and a Veneer or HPL worksurface or with a TFL chassis and a TFL or HPL worksurface. Our veneer caseloads feature our UV top finish, UVAdvantage. The result is a low-emitting finish that provides exceptional depth, clarity, durability and chemical resistance throughout the life of the product.

* Veneer is Low Sheen

Edge Profiles:

Double Kerf (F)	Duo (G)	Flute (X)	Square (Y)

Colors represented are high-resolution reproductions and may vary slightly from the actual product. To order samples, please contact our Customer Service team or order online at www.indianafurniture.com. Graining and finish colors may vary, yet will continue to complement, across Veneer, HPL, TFL, and Seating products due to the inherent differences of these materials.
