

I N D I A N A F U R N I T U R E

Where we're going is
built on where we've been.

Since our beginning on March 17, 1905, Indiana Furniture has been committed to providing office furnishings of the highest standards in quality and craftsmanship, backed by the industry-best customer service. Through a culture of continuous improvement, flexibility and state-of-the-art technology, our company delivers a wide range of environmentally conscious products at competitive prices.

Throughout the years, we have achieved many goals, acquired multiple companies, worked through name changes, survived many adversities, and emerged as one of the strongest manufacturers of quality casegoods, seating, and tables in the United States.

We achieved this success through the hard work and dedication of our employees, their families, the strong and vibrant Jasper, Indiana community, and the ongoing support of and partnership with our customers.

As we celebrate 121 years, we're taking a moment to reflect on our past while we look forward to creating the next era of steadfast craftsmanship.

Furniture with Integrity.

We've been making wood furniture longer than just about anyone... and we want to be doing so for a long time to come. That's a large part of why we take a stewardship approach to our resources.

Since 1905, we've proven our commitment to a sustainable future by supporting the standards and programs that protect the natural world and human health.

Whether it's local sourcing, domestic manufacturing, reducing contaminants, diverting waste, implementing wellness programs, or supporting community endeavors, social responsibility is a part of every decision we make at Indiana Furniture.

We believe that environmental sustainability and business profits need not be mutually exclusive. They can and should exist side-by-side in a beneficial relationship. And for more than a century, we've been showing how it's done.

100%

of all product lines are BIFMA level® certified, BIFMA Compliant® certified, TSCA Title VI/ Carb Compliant, Intertek Environmental certified, and contribute to LEED®, Green Globes®, and WELL® programs. And 100% of casegoods and tables lines have our UV topcoat, UVAdvantage Plus

5/5

perfect score for the UVAdvantage Plus finish in independent testing for durability. This topcoat process is sustainable, with reduced air pollutants and a system to recapture and reuse excess finish, and is resistant to abrasion and scratches

Social Responsibility

We are proud to be a supporter of many local, regional, state, and nationwide organizations and are always looking for opportunities to give back. Annually, we contribute to over 75 worthy organizations. We do this by donating time, financial contributions, and our products depending upon the support needed.

A level® Portfolio

level®, BIFMA's sustainability certification program for furniture, is a comprehensive and transparent third-party certification program. The level mark attests that the product, the manufacturing facility, and the company responsible for the product brand, have been evaluated against the multi-attribute criteria of the ANSI/BIFMA e3 Furniture Sustainability Standard. All of Indiana Furniture's solutions are BIFMA level® Certified.

Specify With Confidence

When you choose Indiana Furniture, you choose an expansive portfolio of style, models, and options that can be specified with complete confidence. All of Indiana Furniture's solutions are BIFMA Compliant Certified.

This program is designed to provide members of the design community, dealers, buyers, and others who participate in the specification of commercial furniture greater ease in identifying products they can trust.

Indoor Air Quality Certified

All of Indiana Furniture's products have achieved Intertek's Environmental VOC Certification and are recognized as products that safeguard indoor air quality.

The certification demonstrates that Indiana Furniture's products conform to the ANSI/BIFMA Furniture Emissions Standards (M7.1/X7.1-2011) for Office Furniture Systems and Components. They also earn points for US Green Building Council's LEED® Credits.

TSCA Title VI/ CARB

EPA's TSCA Title VI (including CARB Compliance), the Formaldehyde Standards for Composite Wood Products Act, establishes the most stringent standards for composite wood. These products include but are not limited to Particleboard, MDF, Hardwood Plywood, and Laminated products. All of Indiana Furniture's products meet the TSCA Title VI regulations.

Safety First Mentality

Indiana Furniture has received INSHARP certification for our manufacturing facilities. As a federally recognized program, INSHARP provides recognition to employers that operate exemplary safety and health management systems. Certification in INSHARP signifies a model worksite for occupational safety and health.

CEUs + Continuing Education

To further knowledge and education within our industry, we offer multiple CEUs and Spark Training Webinars focused on the role of furniture in designing sustainable spaces.

Contact us today to learn more about our current CEUs or to join a Spark event.

UVAdvantage Finish

Our UVAdvantage finish does not emit irritable toxins, formaldehyde, or solvents into the air, contributing to safer and healthier work environments by meeting Indoor Air Quality Certification requirements.

UVAdvantage exceeds the performance of other UV topcoats available for durability and reduces the likelihood of damage from abrasions, scratches, and common chemicals, all while magnifying the beauty of wood and lessening the darkening, aging, and yellowing process that naturally occurs over time.

LEED® Contribution

Indiana Furniture can help customers seeking U.S. Green Building Council's LEED® certification through products that can contribute to specific criteria.

LEED® is a voluntary certification system designed to promote buildings that are environmentally responsible, profitable, and healthy places for people to live and work. The U.S. Green Building Council also encourages companies to identify opportunities to salvage and reuse furniture in project design and research potential material suppliers.

Green Globes® Contribution

Indiana Furniture can help customers seeking the Green Building Initiative's Green Globes® certification with products that can contribute to specific criteria.

Green Building Initiative (GBI) is an international nonprofit organization and American National Standards Institute (ANSI) Accredited Standards Developer dedicated to reducing climate impacts by improving the built environment. Founded in 2004, the organization is the global provider of the Green Globes® and federal Guiding Principles Compliance building certification and assessment programs.

WELL® Contribution

Indiana Furniture can help customers seeking WELL® certification through products that can contribute to specific criteria.

Organizations everywhere—from startups to Fortune 500s—use WELL® to prioritize the health and safety of their people, maximize real estate value, and optimize the human and social capital performance of their business.

American Made

Based in Jasper, Indiana since 1905, all of Indiana Furniture's products are proudly manufactured in the United States. Many are hand-crafted from finely selected materials providing a durable product.

Everything you need,
all in one place.

Desk + Workstations

Reception + Lobby

Task + Swivel Seating

Side + Guest Seating

Lounge + Soft Seating

Meeting + Training Tables

Side + Occasional Tables

Space Division + Screens

From seating to casegoods, tables to space division, our lineup of products allows you to flex the function of your spaces...but we've always been more than just selling office furniture.
