STRUT

TABLE SOLUTIONS

Indiana
FURNITURE

MODERN SENSIBILITY.

Dress up a casual drop-in meeting room or add prestige to an executive suite, Strut Tables are designed with precision minimalist lines and angles to establish modern sensibility in any space.

Strut offers worksurface height tables in a variety of top shapes, including circular, square, rectangle, modern rectangle, and boat, across a broad range of sizes from 42"x42" to 60"x240", and everything in between.

Select from a vast range of veneer finishes, laminate colors, and glass options, then add functionality through power/data ports and storage pieces. The legs, available in aluminum or black, feature integrated wire management to easily route power and data cables to the floor.

Strut Tables are responsible too. They consider the environment by using renewable and recyclable materials, allowing them to achieve indoor air quality and BIFMA level® certifications, and comply with the mechanical standards that focus on safety and durability to meet BIFMA Compliant® certification.

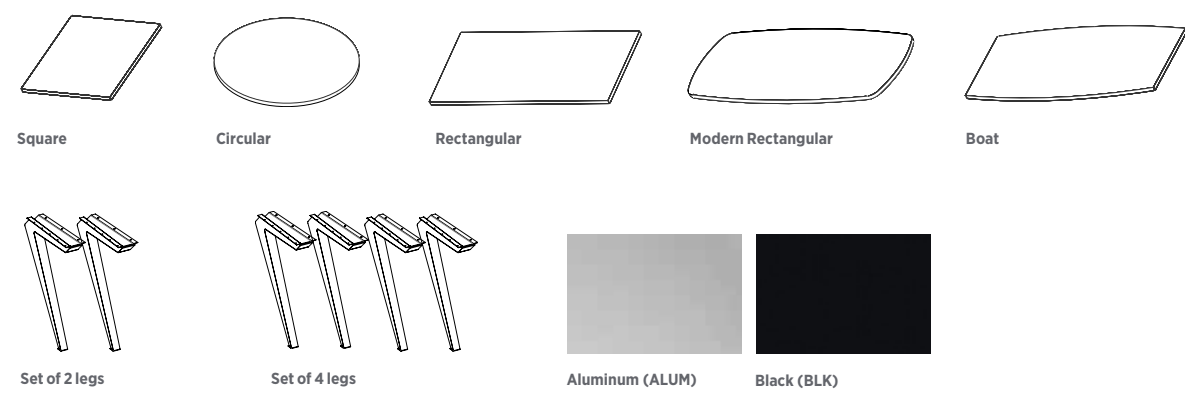

Fluid Versatility.

Whether you're looking to outfit a small meeting space, café, board room, huddle spot, or private office, Strut accommodates all types of meeting and gathering spaces.

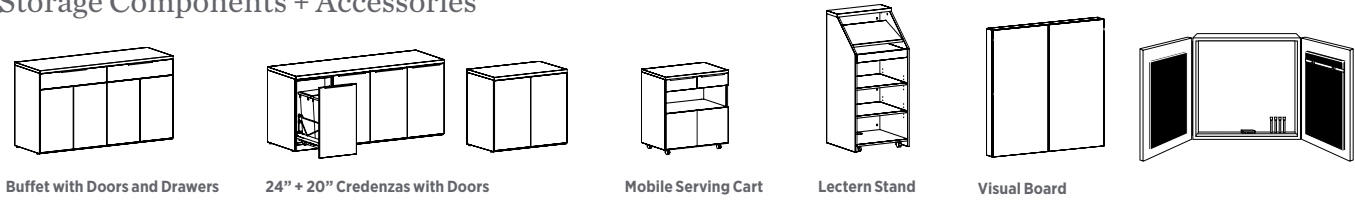

Easily route power and data cables from the top channel, where the Strut leg connects to surfaces, all the way to the floor, giving you a clean and organized look.
