FURNITURE

CASEGOODS + RECEPTION

PRICING EFFECTIVE MAY 13, 2024

Being over a century old hasn't slowed us down! Sure, we are still the reliable, ethical company that was born in southern Indiana, steeped in quality, craftsmanship, and service. But have you seen our latest introductions? We are making a splash with design and challenging the concept of modern offices. Go ahead. Take a look. You know you want to.

Our Pledge to People + Our Planet.

We've been making wood furniture longer than just about anyone...and we want to be doing so for a long time to come. That's a large part of why we take a stewardship approach to our resources. We believe that environmental sustainability and business profits need not be mutually exclusive. They can and should exist side by side in a mutually beneficial relationship. And for more than a century, we've been showing how it's done.

We've proven our commitment to a sustainable future by supporting the standards and programs that protect our home planet and human health. Whether it's local sourcing, reducing contaminants, implementing wellness and safety programs, or diverting waste from landfills, social responsibility is a part of every decision we make at Indiana Furniture.

One of the surest ways to reduce our impact on the planet is to make and buy things that last. And this one's a natural for us. Our products are made with craftsmanship and attention to detail that are a part of our more than a century-long legacy in wood manufacturing. And our products are backed by our 12-year warranty, which facilitates maintenance, servicing and reassembly.

All of our product lines:

- Are manufactured and assembled in the USA,
- Meet or exceed Indoor Air quality standards*,
- Meet or exceed BIFMA level® Sustainability standards and certification*,
- Conform to the BIFMA Compliance standards*,
- Comply with TSCA Title VI (CARB) standards,
- and can contribute to U.S. Green Building's LEED Program.

To learn more, simply go to www.IndianaFurniture.com/resources.

Ease of Specification

Whether you're looking to specify your office spaces or simply to visualize them in the options and surface materials you are desiring, we make it easy. You can find the entire Indiana Furniture portfolio on the following third-party, space-planning platforms.

* Recently launched or new products may still be in testing; Cush Pillows is currently not BIFMA Compliant due to no available compliance test.

Explore Canvas Reception models, sizes, and premium details to heighten function and luxury for the user, the environment, and all of your visitors. Choose from waterfall transaction counters with paper slots, conventional transaction counters available in a variety of materials, matching or contrasting overlays, backlighting, extended gallery returns with storage, ADA returns, and more!

CONSTRUCTION

Canvas Reception features a TFL chassis with your choice of TFL or HPL Top and TFL, HPL, or Solid Surface transaction counters. Units ship assembled unless otherwise noted.

LAMINATES

- Exposed surfaces are woodgrain and solid color laminates
- Worksurfaces are bonded to the core with a PVA adhesive in a cold press to prevent separation of the laminate from the core
- Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance

TOPS

- Worksurfaces are 1" thick thermally-fused laminate (TFL) or High Pressure Laminate (HPL) with 1mm matching PVC rims in a square profile; Designer White, Sugar Maple, Williamsburg Cherry feature ABS edge bands
- Worksurfaces are shaped on all four sides and fit flush with adjoining worksurfaces for a clean aesthetic
- Transaction tops in TFL or HPL are edge-banded and have a self-edge on all sides
- Accent tops of 3/8" glass with 1/4" silver standoffs are available
- Transaction tops in Solid Surface materials are 1/2" thick and available in 6 standard colors

CHASSIS/COMPONENTS

- TFL chassis and storage components
- Worksurfaces, storage components and end panels are securely fastened using high quality European fastening systems, 16-gauge joining brackets and wooden dowels to assure maximum strength
- Exposed edges have matching PVC edge band
- All units are equipped with heavy-duty glides featuring 1 1/4" adjustment to ensure proper leveling and compensation for uneven floors
- All modular components have standard wire openings from inside the pedestal to the kneespace allowing quick access to technology below

DRAWERS

- Drawers feature 5-sided construction allowing for easy removal of drawer fronts
- Drawer fronts are 3-ply, 3/4" thick thermally fused laminate on both faces with matching PVC banded edges
- All drawer sides are 1/2" thick woodgrain vinyl-wrapped construction with mitered corners
- Box and file drawers have 1/8" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature 1/4" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

FILING

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Letter width file drawers provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

LOCKING

- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core will match pull color (if applicable, otherwise specify)

Colors represented are high-resolution reproductions and may vary slightly from the actual product. To order samples, please contact our Customer Service team or order online at www.indianafurniture.com. Graining and finish colors may vary, yet will continue to complement, across Veneer, HPL, TFL, and Seating products due to the inherent differences of these materials.
