

# CASEGOODS + RECEPTION

PRICING EFFECTIVE MAY 13, 2024

Indiana  
FURNITURE

Being over a century old hasn't slowed us down! Sure, we are still the reliable, ethical company that was born in southern Indiana, steeped in quality, craftsmanship, and service. But have you seen our latest introductions? We are making a splash with design and challenging the concept of modern offices. Go ahead. Take a look. You know you want to.

## Our Pledge to People + Our Planet.

We've been making wood furniture longer than just about anyone...and we want to be doing so for a long time to come. That's a large part of why we take a stewardship approach to our resources. We believe that environmental sustainability and business profits need not be mutually exclusive. They can and should exist side by side in a mutually beneficial relationship. And for more than a century, we've been showing how it's done.

We've proven our commitment to a sustainable future by supporting the standards and programs that protect our home planet and human health. Whether it's local sourcing, reducing contaminants, implementing wellness and safety programs, or diverting waste from landfills, social responsibility is a part of every decision we make at Indiana Furniture.

One of the surest ways to reduce our impact on the planet is to make and buy things that last. And this one's a natural for us. Our products are made with craftsmanship and attention to detail that are a part of our more than a century-long legacy in wood manufacturing. And our products are backed by our 12-year warranty, which facilitates maintenance, servicing and reassembly.

All of our product lines:

- Are manufactured and assembled in the USA,
- Meet or exceed Indoor Air quality standards\*,
- Meet or exceed BIFMA level® Sustainability standards and certification\*,
- Conform to the BIFMA Compliance standards\*,
- Comply with TSCA Title VI (CARB) standards,
- and can contribute to U.S. Green Building's LEED Program.

To learn more, simply go to [www.IndianaFurniture.com/resources](http://www.IndianaFurniture.com/resources).

## Ease of Specification

Whether you're looking to specify your office spaces or simply to visualize them in the options and surface materials you are desiring, we make it easy. You can find the entire Indiana Furniture portfolio on the following third-party, space-planning platforms.

\* Recently launched or new products may still be in testing; Cush Pillows is currently not BIFMA Compliant due to no available compliance test.

## ORDERING INFORMATION

All orders should be emailed to [neworders@indianafurniture.com](mailto:neworders@indianafurniture.com). Orders can be faxed to 812-482-9035 or mailed to:

Indiana Furniture  
P.O. Box 270, 1919 Hospitality Dr., Ste. A  
Jasper, IN 47547-0270

## ORDER PROCEDURE

All orders must include purchase order number, billing address, ship-to address and phone number, and any special instructions.

When ordering casegoods or tables, give complete quantity, model number, finish and any other options.

When ordering seating, give complete quantity, model number, finish, fabric and any other options.

Within each series, an example of "How to Order" is illustrated at the beginning of each series section. For further clarification of order procedure, contact Customer Service.

## PRICING

All prices shown are suggested retail prices F.O.B. Point of Origin, freight prepaid and allowed to one continental US destination. Prices, specifications and materials are subject to change without notice. Possession and/or distribution of this price list does not in itself constitute an offer to sell. Orders can be received only from authorized Indiana Furniture dealers. Orders will be billed at prices prevailing at time of shipment, unless acknowledged prior to the effective date of the price change, in which case billing will be at the price acknowledged.

## ACKNOWLEDGMENT

All orders will be acknowledged promptly, showing how the order was entered, its approximate shipping date and other pertinent information. This acknowledgment is the final agreement between the customer and Indiana Furniture and is the exclusive statement of the terms thereof. Please examine this acknowledgment carefully and advise Indiana Furniture immediately of any discrepancies. Note: Shipping fees will not be listed on the acknowledgment.

## BUYER'S OBLIGATION: RIGHTS OF SELLER

If Indiana Furniture shall at any time doubt Buyer's financial responsibility, Indiana Furniture may decline to make shipments hereunder except upon receipt of cash payment in advance or security or other proof of responsibility satisfactory to Indiana Furniture. If buyer fails in any way to fulfill the terms and conditions set forth herein, Indiana Furniture may defer shipments until such default is corrected. Remedies provided herein shall be in addition to, and not in lieu of other remedies. Buyer agrees to abide by payment terms as listed on invoice. Buyer shall pay all reasonable costs and expenses, including attorney and collection fees, and late fees, incurred by Seller in connection with any amounts due for goods ordered.

## CANCELLATIONS AND CHANGES

Due to immediate production on build-to-order items, all orders are considered firm and are not subject to cancellation or change without approval from Indiana Furniture. All approved changes are subject to additional charges and revised lead times.

## PRODUCT DESIGN AND SPECIFICATION CHANGES

Indiana Furniture reserves the right to make changes in design and construction or discontinue products without prior notice.

## REPAIR CHARGES

Indiana Furniture will only pay repair charges if Customer Service gives prior written authorization. No repair charge will be paid without advance approval at which time you will be issued a repair authorization number that will allow you to invoice Indiana Furniture for the completed work.

## WAREHOUSE STORAGE CHARGES

If a shipment is held beyond 14 calendar days at your request, a **.084% per calendar day** (2.52% per month) storage charge will be assessed. The effective date will be 14 calendar days after the acknowledged ship date. Further, the prices applied to the order will be those in effect at the time of shipment.

## DAMAGED MERCHANDISE

The consignee is responsible for filing claims with the carrier for damage and shortages. Claims for both obvious and concealed damage must be filed within 15 calendar days, and the damaged merchandise must not have been moved from the original receiving location. All damaged merchandise, including the cartons and packing materials, must be retained for inspection by either the carrier or by an Indiana Furniture Sales Representative. Indiana Furniture reserves the right to select the most cost effective way to repair or replace the damaged item. Once you have notified the carrier, please contact Customer Service for further assistance.

**Obvious Damage/Missing Cartons** — Do not refuse merchandise damaged in transit. Indiana Furniture recommends the consignee inspect all merchandise upon arrival. If a shipment is received damaged or short, note all information on carrier's copy and your copy of freight bill and delivery receipt. Notify the delivering carrier and file a claim immediately. Pending the results of your claim, either Indiana Furniture or the carrier will cover 100% of the cost to repair or replace the damaged or missing item.

**Concealed Damage** — If concealed damage is discovered, notify the delivering carrier at once and request an inspection. This must be done within 15 calendar days of delivery. If the carrier will not perform the inspection, you should prepare an affidavit that you contacted them, noting the time and date, and that they failed to comply with your request. This, along with the other papers in your possession, will support the claim. Pending the results of your claim, the cost to repair or replace the item will be covered 1/3 by the carrier and 2/3 by Indiana Furniture for shipments less than a full truckload and 100% by Indiana Furniture for shipments of full truck loads.

## RETURN MERCHANDISE

Merchandise will not be accepted for return without a RGA (Return Goods Authorization) issued by Indiana Furniture. We will consider issuing RGAs for the following reasons:

1. Manufacturing defect (inspected by Indiana Furniture representative)
2. Indiana Furniture order processing error
3. Shipping error
4. Mis-marked cartons
5. Duplicated shipments

If you have any questions as to whether your reason for return qualifies for consideration, please contact your Customer Service Representative. Merchandise must be returned within 60 days of the RGA issued date, or within 60 days upon receipt of replacement product to receive credit. Returns due to mis-marked cartons must also be returned in the original cartoning, with shipping labels intact, to receive credit.

**All merchandise being returned must be properly packed and protected to ensure no further damage is incurred during transportation back to an Indiana Furniture facility. Upon receipt, all returned merchandise will be thoroughly inspected and the results compared to the reason for return stated on the RGA. Any discrepancies, such as additional damage, signs of usage, missing parts, etc., will result in an adjustment to the amount of credit issued.**

## DELIVERY AND FREIGHT CHARGES

All shipments are F.O.B. Point of Origin, Jasper, IN, freight prepaid and allowed dock to dock on 53' trailer. Ownership and responsibility of the merchandise becomes that of the buyer upon delivery to the freight company. Shipments into Alaska, Hawaii, Canada, Mexico, Puerto Rico and other exports are freight prepaid and allowed to port of exit.

Indiana Furniture reserves the right to select the most appropriate carrier and routing on all shipments. Indiana Furniture will attempt to accommodate requests for favored carriers and delivery times. Deliveries requested Monday through Thursday, after 3pm, will be assessed a \$300 per truck after hours fee. Deliveries requested after 3pm on Friday or on weekends, will be assessed a \$600 per truck weekend delivery fee.

Inside delivery and installation services are not included in the pricing shown. Any deviation from dock-to-dock delivery, such as but not limited to, non-dock, residential, or inside delivery must be specified on the order. Should these services be requested or required, all charges incurred will be charged to the "Sold To" of the order.

Shipments totaling less than \$3000 (net value, product only) will be assessed a small order fee of \$300 net per shipment. This fee will be reduced for items shipped via small package carriers. For order shipments of \$100 or less, shipped by small package carrier, the fee is \$18. For order shipments over \$100, shipped by small package carrier, the fee is \$40. All shipping fees will be added at the time of invoicing.

## BIFMA AND ANSI TESTING

Indiana Furniture is a member of the Business and Institutional Furniture Manufacturer's Association (BIFMA). Tests developed by the BIFMA and approved by the American National Standards Institute (ANSI) determine the strength and durability of casegoods and seating in its everyday use. Although this testing does not serve as a warranty or guarantee, Indiana Furniture products within this price list have been tested by an independent verifying body and meet or exceed applicable BIFMA and ANSI standards.

Subject to the limitations set forth in this warranty, Indiana Furniture Industries, Inc. (“**Indiana Furniture**”) warrants to the original purchaser all product in this price list (“**Product**”) to be free from defects in material and workmanship given normal use for a 12-year period from the date of manufacture. During the applicable warranty period, Indiana Furniture, as its sole obligation, will repair or replace (in Indiana Furniture’s sole discretion) any Product, part, or component covered by this warranty and sold after May 13, 2024, which fails under normal use as a result of a defect in material or workmanship. Normal use is defined as the equivalent of a single shift, 40-hour work week. Indiana Furniture will repair or replace the defective Product, part, or component with a comparable Product, part, or component.

**Warranty periods are limited** for certain Products and parts as follows:

**12-year Warranty** (from the date of manufacture)

- Seating Mechanisms
- Veneers
- Laminates
- Casters and Glides

**5-year Warranty** (from the date of manufacture)

- Triple Play Series
- Electrical Components
- Pneumatic Cylinders
- Textiles, Foam, and Decorative Trim
- Swivel Arm Pads
- Keyboard Kits
- Lighting
- All Height Adjustable Mechanisms

**3-year Warranty** (from date of shipment)

- Dock 950 Wireless Charger
- Dock 150 Wireless and USB Charger

**THIS WARRANTY DOES NOT COVER:**

- Damage caused by a carrier or third party
- Normal or routine wear and tear
- Appearance, durability, quality, behavior, colorfastness, or any other attribute of customer’s own materials or any non-standard Indiana Furniture material (including CF Stinson, Maharam, Momentum, Mayer, UltraFabrics, Architex, and other alliance programs) specified by the customer and applied to a Product
- Color, grain or texture of wood, laminate and other covering materials
- Changes in wood or fabric color due to aging or exposure to light

As the manufacturer of the Product, Indiana Furniture stands behind its craftsmanship and pledges to do everything it can to reasonably resolve, as quickly as possible, any problems you may have with the Product within the terms and conditions of this warranty.

If you encounter a defect covered by the foregoing warranty, contact the dealer from whom you purchased the Product. If the dealer is unable to resolve your warranty issues, you should contact Indiana Furniture. Please ensure that you have all of the pertinent facts when contacting the dealer or Indiana Furniture, including the model number and factory order number from the inspection label attached to the Product.

INDIANA FURNITURE IS NOT PROVIDING, AND SPECIFICALLY DISCLAIMS, ANY OTHER WARRANTIES FOR THE PRODUCTS, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. INDIANA FURNITURE SHALL NOT BE LIABLE TO THE PURCHASER OR ANY THIRD PARTY FOR CONSEQUENTIAL, INCIDENTAL, INDIRECT, OR SPECIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, DAMAGES ARISING OUT OF OR RESULTING IN ANY MALFUNCTIONS, DELAYS, LOSS OF PROFIT, INTERRUPTION OF BUSINESS, PERSONAL INJURY, BODILY INJURY, DEATH, DISMEMBERMENT, OR PROPERTY DAMAGE.

# Casegoods

Arlington ensures quality and expert craftsmanship with a selection of configurations for today's functional workspaces including new Height Adjustable options. Providing all the grace and embellishments associated with traditional styling, Arlington features multiple worksurface materials and hand placed decorative and base molding to create a value driven collection with high end elegance.

### CONSTRUCTION

*Arlington features a Veneer chassis with your choice of a Veneer or HPL top. Units ship assembled unless otherwise noted.*

#### VENEER

- Exposed surfaces feature select grade, plain sliced American Black Walnut or Cherry veneers, carefully selected and matched to assure proper balance and consistency

#### TOPS

- Veneer tops are 5-ply balanced construction and 1 3/16" thick with solid hardwood rims with butt corners
- High Pressure Laminate (HPL) tops are 3-ply balanced construction and 1 3/16" thick with solid hardwood rims with butt corners
- Grain direction runs left to right unless noted

#### CHASSIS

- Chassis is securely fastened using high quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors
- Bases are solid hardwood with mitered corners
- Construction offers tight tolerances and long term durability
- Vertical grain direction on chassis

#### DRAWERS

- Drawer fronts standard with matched veneer faces
- Drawer sides, back and front are woodgrain vinyl-wrapped, and are 1/2" thick
- 5-sided drawer construction for easy removal of drawer fronts
- Box and file drawers are tested for 100lb capacity
- Lateral files feature 1/4" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

#### FILING

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Letter width file drawers provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

#### STORAGE

- All hinged doors include soft close hinges, unless noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

#### LOCKING

- Central locking is standard on all desks and optional for credenzas and returns; one key in the lock cylinder locks all drawers in the desk
- Lock core available in black or silver and will coordinate with pull selection; [See option details](#)
- Removable lock cylinders allow for units to be re-keyed at a later date if required

#### LOCKING CON'T

- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge

#### CORD MANAGEMENT

- Grommets are standard in back panels of returns, bridge units, credenzas, and hutch units
- Grommets may be ordered in the tops of desks, returns, bridge units, and credenzas
- Grommets are 2 3/8" in diameter and available in black or silver, please specify color
- [See all grommet options and locations](#)
- Undersurface Wire Manager (O1-WMGR4) is available for additional cord management; See Accessories

#### HEIGHT ADJUSTABILITY

- Electric-powered height adjustable mechanisms are offered in 2-channel for single surface height adjustment and 3-channel for simultaneous, two surface height adjustment
- Height adjustable legs available in black finish only
- Height adjustment range 30"H to 45"H
- 5-year warranty
- Recommended load capacity of 180lbs
- Two control switches are available, including an up/down switch (standard with product, unless noted) and an advanced switch with Bluetooth capabilities, position memory, three stand up reminder intervals, and more; gently adjust worksurface with a one second stop at each memory position
- The standard control switch is factory installed on all units except bridges and 3-channel units
- Bridges and returns will not have a standard grommet on the back panel
- New wire management mesh wrap included when worksurface grommet is selected
- Grommets and one wire management channel provided within kneespace to manage wires from switch and control box; two wire management channels will be shipped with desk shells

**MOLDING LOCATIONS AND OPTIONS**

Styles of Base Molding and Decorative Molding cannot be intermixed. For example, when Arlington Base Molding is selected, only the Arlington Decorative may be ordered, while Wilmington Base Molding must also be ordered with Wilmington Decorative Molding.

**Base Molding**

Arlington and Wilmington Base Molding are skillfully applied on the approach, sides, and user side of Desks and Returns. Lateral Files and Credenzas feature molding on front and both sides with no molding on back for flush wall applications. Bridges will feature molding on approach. Storage Cabinets, Bookcases and Wardrobe/Storage Cabinets will feature base molding on front of unit only.

Arlington Base Molding

Wilmington Base Molding

**Decorative Molding**

Units come standard with no decorative molding. See below for details and locations of optional Arlington or Wilmington Decorative Molding. See next page for ordering options and pricing.

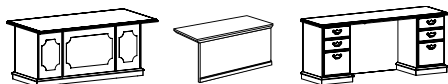

No Decorative Molding Standard

See next page for additional molding information

### MOLDING LOCATIONS AND OPTIONS CONTINUED

Arlington Decorative Molding will be featured on the approach side of Desks only and is not available on Bridges, Returns, Lateral Files, and Credenzas.

Arlington Molding

Wilmington Decorative Molding will be on the approach and sides of Desks. Returns and Bridges will have decorative molding on the approach side. Credenzas will feature decorative molding on left and right sides only

Wilmington Molding

Surface Mount Hutches, Wall Mount Hutches, Freestanding Bookcases, and Surface Mount Bookcases have no decorative molding. See next page for ordering options and pricing.

Molding selection must be specified on order. *Note: Base and Decorative Molding feature multi-step, hand-finished catalyzed finish*

### LOCKING PEDESTALS ON RETURNS/CREDENZAS

Locking doors and drawers are available on returns and credenzas. Please specify applicable code on order with model/unit and add upcharge.

LKT-P	Single Pedestal or Return Lock	\$	205
-------	--------------------------------	----	-----

*Lock positioned in drawer face nearest the kneespace*

LKT-P	Double Pedestal Credenza Lock	\$	410
-------	-------------------------------	----	-----

*Lock positioned in drawer face nearest the kneespace or in drawer face nearest to doors on Storage Credenzas*

LKT-HU	Double Pedestal and Double Door Credenza Locking	\$	492
--------	--	----	-----

*Drawer lock is positioned in drawer face nearest to doors and door lock is in top right corner of left door.*

### LOCKING DOORS

Locking is available on select doors. You must specify LKT\_HU when ordering and add upcharge.

LKT_HU	72"W to 48"W Units	\$	115
LKT_HU	42"W to 24"W Units	\$	91
LKT_HU	18"W Units	\$	69

### DRAWER OPTIONS

Units with drawers come standard with woodgrain vinyl-wrapped drawers with mitered corners. Optional dove tail construction for all center, box, file, and lateral file drawers is available. Must specify when ordering.

**Pricing is per Drawer, not per Model/Unit.**

MITER	Mitered Fold Construction		STD
DOVE	Wood Dove Tail Construction	\$	45

### HEIGHT ADJUST LEG CONFIGURATION

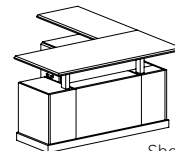

The 2-channel leg configuration is standard on height adjustable Desks, Returns, and Bridges for one height adjustable worksurface. Desk models offer an optional 3-channel leg configuration for use with 3-channel Return to allow two worksurfaces to raise and lower simultaneously.

2-Channel Configuration

3-Channel Configuration

Shown with 3-Channel Configuration on Desk and Return

STS2	2-Channel Configuration (For one height adjustable worksurface)		STD
STS3	3-Channel Configuration (For two height adjustable worksurfaces)		N/C

### HEIGHT ADJUSTABLE CONTROL OPTIONS

Height adjustable units offer two switch options. The standard switch is a simple up and down switch to move your worksurface from seated to standing height. This comes standard with height adjustable units, unless otherwise noted. The advanced switch features Bluetooth capabilities to connect to smart devices, three stand-up reminder intervals, height adjustment memory positions, and more.

Please specify desired Control Switch when ordering applicable Height Adjustable units.

Always stylish, comfortable, and effortlessly adaptable, Canvas enlivens environments with refined aesthetics born from an appealing mix of materials, finishes, and components. The redesign and expansion of integrated height adjustable units, white and black glass door options on hutch and storage units as well as a full line of white and black glass marker boards provide opportunities for more elegant and clean styling. Metal accents within the line include a broad scope of aluminum and black finishes with coordinating black, aluminum, chrome, and gold pull give you multiple choices to customize a look and feel for modern office environments.

## CONSTRUCTION

*Canvas Casegoods feature a TFL chassis with your choice of either a TFL or HPL top. Units ship assembled unless otherwise noted.*

### LAMINATES

- Exposed surfaces are woodgrain and solid color laminates fused to particle-board core
- Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance

### TOPS

- Worksurfaces are 1" thick Thermally-Fused Laminate (TFL) or High Pressure Laminate (HPL) with 3mm matching PVC rims on profiled edges and 1mm PVC rims on self edges HPL tops are 1 $\frac{3}{16}$ " thick with a 3mm PVC edge bands and TFL tops are 1" thick with a 3mm PVC edge bands; Designer White, Sugar Maple, Williamsburg Cherry feature ABS edge bands
- Optional 1 $\frac{1}{2}$ " thick HPL worksurfaces are available in select colors. Please contact Customer Service or your local Sales Rep for pricing and lead times.
- Grain direction runs left-to-right unless otherwise noted

### CHASSIS

- Chassis is securely fastened using high-quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors
- All desks, non-lateral credenzas, and returns have wire management access from pedestal to kneespace

### DRAWERS

- Drawers feature 5-sided construction allowing for easy removal of drawer fronts
- Drawer fronts are 3-ply construction,  $\frac{3}{4}$ " thick with matched grain
- Drawer sides, back, and front are  $\frac{1}{2}$ " thick, woodgrain vinyl wrapped construction with mitered corners
- Box and file drawers feature full extension, progressive action slides with precision steel ball bearings allowing side-to-side and front-to-back
- Optional soft close on box and file drawers allows front-to-back filing in file drawers**
- Optional wood dovetail construction with  $\frac{7}{16}$ " thick hardwood sides and backs, and  $\frac{5}{32}$ " thick hardboard bottoms
- Box and file drawers have  $\frac{1}{8}$ " thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature  $\frac{1}{4}$ " thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All suspensions have a limited lifetime warranty

### FILING

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Optional soft close on box and file drawers allows front-to-back filing in file drawer**
- Letter width file drawers provide letter filing front-to-back and legal filing side-to-side
- Lateral file drawers provide legal or letter filing front-to-back or side-to-side

### STORAGE

- All hinged doors include soft close hinges, unless noted
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

### LOCKING

- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core is predetermined by pull color. Black lock cores are used with black and gold pulls while silver lock cores are used with chrome and aluminum pulls

### CORD MANAGEMENT

- Grommets may be ordered in the tops of all assembled desks, returns, bridges, credenzas, and component worksurfaces
- All desks, returns, and credenzas (except lateral pedestals) have standard wire openings from inside the pedestal to the kneespace allowing quick access to technology below
- Additionally, returns, bridge units, kneespace credenzas, and hutch units have standard grommets in back panels
- Grommets are also standard in the tops of corner units and extended corner units
- Grommets are 2 $\frac{3}{8}$ " and are available in black or silver, must specify color
- [See all grommet options and locations](#)
- Undersurface Wire Manager ([Q1-WMGR4](#)) is available for additional cord management; See Accessories

### HEIGHT ADJUSTABLE MECHANISMS

- Optional center drawer, Dock 950 and Dock 150,  $\frac{3}{4}$  modesty panels, and kneespace options are not available with height adjustable units
- Height adjustment range 30"H-45"H
- 5-year warranty
- [See additional Height Adjust information](#)
- Height Adjustable units begin on [here](#)

### STUDIO LEGS

- For each of the Studio models, standard or shared legs will need to be specified
- Choose to use four standard, a combination of standard or shared, or all shared legs on each unit
- The below images will provide a guide to the aesthetics of single, double, and shared legs
- Studio components begin on [here](#)

Single Standard Leg

Shared Leg (used between two models)

Double Standard Leg (standard legs used on each model)

### EDGE PROFILES

F Double Kerf	X <b>Flute</b>
G Duo	Y Square

Double Kerf (F) Duo (G) **Flute (X)** Square (Y)

### METAL FINISH OPTIONS

ALUM Aluminum	CHRM Chrome
BLK Black	

### ACRYLIC OPTIONS

FSTA Frosted Acrylic	BLA Black High Gloss Acrylic
WHA White High Gloss Acrylic	GPA Graphite High Gloss Acrylic
WMA Wired Mercury High Gloss Acrylic	

### PULL OPTIONS

Lock core color is predetermined by pull color.

AAV Alcove, Aluminum	BEL Elite, Black
CAV Alcove, Chrome	AFL Flair, Aluminum
AAC Arc, Aluminum	CFL Flair, Chrome
BAC Arc, Black	AFC Focus, Aluminum
ABM Beam, Aluminum	BFC Focus, Black
BBM Beam, Black	AQD Quadra, Aluminum
BBT Bow Tie, Black	BQD Quadra, Black
NBT Bow Tie, Nickel	AST Studio, Aluminum
ABU Buckle, Aluminum	BST Studio, Black
BBU Buckle, Black	CST Studio, Chrome
AEL Elite, Aluminum	GST Studio, Gold

### DRAWER CONSTRUCTION OPTIONS

Drawers come standard with woodgrain vinyl-wrapping and mitered corners. Optional wood dovetail construction for all box, file, and lateral file drawers is available. Must Specify when ordering.

**Pricing is per Drawer, not per Model/Unit**

MITER Mitered Fold Construction	STD
DOVE Wood Dove Tail Construction	\$ 45

### DRAWER TRACK OPTIONS

Soft close tracks are available on box and file drawers only. Soft close drawer tracks have many benefits including reduced stress on the unit, extends the life of the drawer, and ensures a gentle close so fingers don't accidentally get hurt. **File drawers with the soft close option feature front-to-back filing.** Must specify when ordering.

**Pricing is per Drawer, not per Model/Unit**

SFTCL Soft Close Drawer Track (Box & File Drawers Only)	\$ 34
---	-------

### LOCK CORE COLOR OPTIONS

BLK Black (Used with Black and Gold Pulls)
SLV Silver (Used with Aluminum and Chrome Pulls)

Black (BLK) Silver (SLV) Grommet options on next page.

**GROMMET OPTIONS & POWER UNIT LOCATIONS**

**Note: Wire Management Options for Integrated and Modular Height Adjustable Models may be found in their specific area within this section.**

Grommets are standard in the back panels of returns, bridges, and credenzas, and may be ordered without grommets at no additional charge. Please specify NO GROMMET on order.

Grommets are available on hutches in standard locations for task light management at no additional charge. Please specify WMHUBL (Black) or WMHUSV (Silver).

Power units, Dock 950 and Dock 150 must be specified separately with surface mount location. Dock 950 and Dock 150 are available on Modular Benching Desk Tops, Modular Cabinet Tops, Work Tables, and Media Peninsula Tops, and where otherwise noted.

Grommets are available in standard locations. Please specify using info below. Multiple locations may be selected. Only one unit per location.

**GROMMET LOCATIONS (Black = BLK and Silver = SLV)**

GC	Grommet, Center	\$	52
GL	Grommet, Left	\$	52
GR	Grommet, Right	\$	52
GAL	Grommet, Approach Left - D-Tops Only	\$	52
GAR	Grommet, Approach Right - D-Tops Only	\$	52
GSL	Grommet, Seat Side Left - D-Tops Only	\$	52
GSR	Grommet, Seat Side Right - D-Tops Only	\$	52

**DUO/TRIO BEZEL LOCATIONS**

PDC-C	Bezel, Center
PDC-L	Bezel, Left
PDC-R	Bezel, Right

**DOCK 950 and DOCK 150 LOCATIONS (See Dock Units)**

DOCK950-L	D950 Wireless Charger, Left	\$	265
DOCK950-C	D950 Wireless Charger, Center	\$	265
DOCK950-R	D950 Wireless Charger, Right	\$	265
DOCK150-L	D150 Wireless and USB Charger, Left	\$	405
DOCK150-C	D150 Wireless and USB Charger, Center	\$	405
DOCK150-R	D150 Wireless and USB Charger, Right	\$	405

*Verify Grommet Option is available on the model(s) you are specifying using the following location information. Grommets, Power Units, Dock 950 and Dock 150 may be ordered in non-standard locations. Call Customer Service to assist with specification and/or please attach a drawing to the PO showing the location of the grommet. Note additional charges and lead times may apply.*

**HEIGHT ADJUSTABLE MECHANISMS**

Height Adjust method that increases user kneespace, offers more stability for overall unit and top construction, and two workspaces can move from sitting to standing simultaneously with or without moving modesty panel.

- Maximum height is 45"
- Recommended load capacity of 180lbs
- Gently adjust worksurface with a 1 second stop at each memory position
- Two leg configuration options include the standard 2-channel for Desks, Desk Shells, D-top and P-Top units for one height adjustable worksurface or 3-channel option for two height adjustable workspaces to raise simultaneously
- Two height adjustable switches available. Standard up/down switch (SWCH) and advanced switch features Bluetooth capabilities, three stand-up reminder intervals and four height memory positions (MSWCH)
- Moving Modesty (MOVMOD) option creates a clean aesthetic when seated or standing
- Height adjust control switch is factory installed on all units except Desk and Credenza Shells or 3-Channel units
- Bridges, returns, and credenzas will have an optional grommet on the back panel
- Black wire management mesh wrap included when worksurface grommet is selected
- Black wire management mesh wrap is made of polyester braided fabric, 10' long, expands up to 1¼"
- Grommets and one Latch Duct wire management channel provided within kneespace to manage wires from switch and control box. Two Latch Duct wire management channels will be shipped with Desk Shells

## Studio Components

Boutique-inspired options to give all your working environments a fresh look with a subtle touch of home. Integrated into our ever-popular Canvas and Gesso Casegood lines, Studio models build upon simplicity and flexibility while allowing you to create eye-catching spaces. Whether you're looking to outfit an executive's office, team space, collaborative area, or anything in between, our Studio desk and storage components have the look and feel you desire.

Studio components work with existing Canvas Tops, Peninsula Tops, and accessories such as Tackboards, Work Walls, Marker Boards, and Cushions to build the perfect workspace. The slim leg design provides an upscale feel for all of the Studio components. Storage units such as standard height pedestals offer the flexibility to build single or double pedestal desks or credenzas and low height pedestals allow you to create bench style credenzas.

The Studio pull features a clean application.

### How to Use Studio

Start with a Modular Top to build a Desk, Peninsula Desk, Benching or Credenza  
[\(See Modular Tops\)](#)

Next, choose from a number of Studio Pedestals options in Standard or Low Height. [\(See Studio Peds\)](#)

Kneespace Modesty Panels are available in standard height in TFL or High Gloss Acrylic or low height in TFL [\(See Modesty Panels\)](#)

Add additional storage with Studio Storage Cabinets and the full door storage cabinet features high gloss acrylic and dry erase door options [\(See Storage Cabinets\)](#)

Single and Shared Stanchions offer a layer of support for workstations and single or dual sided hutches [\(See Stanchions\)](#)

Studio Single and Shared Legs images below provide a simple and clean aesthetic. See below for a guide to the aesthetics of single, double, and shared legs [\(See Leg Options\)](#)

Single Standard Leg

Shared Leg (used between two models)

Double Standard Leg (standard legs used on each model)

## Height Adjustable Components

We've enhanced our height adjustable options to include a better integrated and easier to specify solution. These new models coupled with our existing modular height adjustable, and all of our standard models and storage options, provide you with the ultimate flexibility to meet the needs of your space and, more importantly, the needs of the user. And, we've made these new models more cost effective for you and more functional and spacious for the user.

### Some Highlights of Our Integrated Solutions:

- Adjustable from 30"H to 45"H, with a load capacity up to 180lbs
- Gently adjust one worksurface or multiple worksurfaces with a 1 second stop at each memory position
- Two leg configuration options include the standard 2-channel for Desks, Desk Shells, D-top and P-Top units for one height adjustable worksurface or a 3-channel option for two height adjustable worksurfaces to raise simultaneously
- Two height adjustable control switches available. Standard up/down switch (SWCH) and advanced switch features Bluetooth capabilities, three stand-up reminder intervals and four height memory positions (MSWCH)
- Moving Modesty (MOVMOD) option creates a clean aesthetic when seated or standing
- Height adjust control switch is factory installed on all units except Desk Shells, Bridges or 3-Channel units
- Bridges, returns, and credenzas have an optional grommet on the back panel
- New black wire management mesh wrap included when worksurface grommet is selected
- Grommets and one Latch Duct wire management channel provided within kneespace to manage wires from switch and control box. Two Latch Duct wire management channels will be shipped with Desk Shells

Black wire management mesh sleeve included with worksurface grommet

Standard 2-Channel Height Adjustable

2-Channel Height Adjustable with Box

Standard (SWCH) and Advanced Switch (MSWCH)

### Bring the Open Plan and Shared Spaces to Life!

Modular Height Adjustable components make it easy to create the perfect work environment for any space. Select from an array of sizes of worksurfaces, pedestals, filing units and more to connect teams together so collaborating can be easy and productive.

*If you prefer our original solution or have specified it previously, and would like to do so again, simply contact our Customer Service team for assistance. We can make that happen for you!*

A foundational suite of casegoods primed to evolve with your needs. Gesso allows you to combine luxurious veneers, top grade laminates, metal accents, and other materials to create stylish, reconfigurable work spaces and storage options. With integrated height adjustable units, white and black glass door options on hutch and storage units as well as a full line of white and black glass marker boards provide opportunities for more elegant and clean aesthetic.

### CONSTRUCTION

*Gesso Casegoods feature a Veneer chassis with your choice of either a Veneer or HPL top. Units ship assembled unless otherwise noted.*

#### VENEERS

- Exposed surfaces feature select grade plain sliced hardwood Cherry, Maple, American Black Walnut, White Oak, or composite veneers
- Veneers are carefully selected and matched to assure proper balance and consistency

#### TOPS

- Veneer and standard High Pressure Laminate (HPL) tops are 3-ply balanced construction and 1 $\frac{3}{16}$ " thick, with 3mm wood edge-banded rims contoured to the selected profile
- Optional 1 $\frac{1}{2}$ " thick HPL worksurfaces are available in select colors. Please contact Customer Service or your local Sales Rep for pricing and lead times. Sugar Maple and Williamsburg Cherry feature ABS edge bands
- Tops are shaped on user and approach sides
- Grain direction runs left to right unless otherwise noted

#### CHASSIS

- Chassis is securely fastened using high quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors
- All desks, non-lateral credenzas, and returns have wire management access from pedestal to kneespace

#### DRAWERS

- Drawers feature 5-sided construction allowing for easy removal of drawer fronts
- Drawer fronts are 3-ply construction,  $\frac{3}{4}$ " thick with matched grain
- Drawer sides, back, and front are  $\frac{1}{2}$ " thick, woodgrain vinyl wrapped construction with mitered corners
- Box and file drawers feature full extension, progressive action slides with precision steel ball bearings allowing side-to-side and front-to-back
- Optional soft close on box and file drawers allows front-to-back filing in file drawers
- Optional wood dovetail construction with  $\frac{7}{16}$ " thick hardwood sides and backs, and  $\frac{5}{32}$ " thick hardboard bottoms
- Box and file drawers have  $\frac{1}{8}$ " thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature  $\frac{1}{4}$ " thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All suspensions have a limited lifetime warranty

#### FILING

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Optional soft close on box and file drawers allows front-to-back filing in file drawer
- Letter width file drawers provide letter filing front-to-back and legal filing side-to-side
- Lateral file drawers provide legal or letter filing front-to-back or side-to-side

#### STORAGE

- All hinged doors include soft close hinges, unless noted
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

#### LOCKING

- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core is predetermined by pull color. Black lock cores are used with black and gold pulls while silver lock cores are used with chrome and aluminum pulls

#### CORD MANAGEMENT

- Grommets may be ordered in the tops of all assembled desks, returns, bridges, credenzas, and component worksurfaces
- All desks, returns, and credenzas (except lateral pedestals) have standard wire openings from inside the pedestal to the kneespace allowing quick access to technology below
- Additionally, returns, bridge units, kneespace credenzas, and hutch units have standard grommets in back panels
- Grommets are also standard in the tops of corner units and extended corner units
- Grommets are 2 $\frac{3}{8}$ " and are available in black or silver, must specify color
- [See all grommet options](#)
- Undersurface Wire Manager (01-WMGR4) is available for additional cord management; See Accessories

#### HEIGHT ADJUSTABLE MECHANISMS

- Optional center drawer, Dock 950 and Dock 150,  $\frac{3}{4}$ " modesty panels, and kneespace options are not available with height adjustable units
- Height adjustment range 30"H-45"H
- 5-year warranty
- [See Height Adjust Information and Options](#)
- Height Adjustable units begin [here](#)

#### STUDIO LEGS

- For each of the Studio models, standard or shared legs will need to be specified
- Choose to use four standard, a combination of standard or shared, or all shared legs on each unit
- The below images will provide a guide to the aesthetics of single, double, and shared legs
- Studio components begin [here](#)

Single Standard Leg

Shared Leg (used between two models)

Double Standard Leg (standard legs used on each model)

### VENEER (W) OPTIONS

Veneer features UVAdvantage, an ultra-violet finish, on all exposed surfaces by utilizing roll-coat UV technology.

AW	Artisan Walnut	MW	Mahogany Walnut
AS	Asian Night	MAS	Mesa Sunset*
CO	Columbian Walnut	MTS	Metropolis Sky
DC	Dark Cherry	ORW	Oak Riftwood*
DFW	Dark Forest Walnut	PNW	Pinnacle Walnut
EW	Espresso	SCH	Select Cherry
FO	Fawn Oak*	SKC	Shaker Cherry
GC	Golden Cherry	SM	Sugar Maple
HW	Harvest Walnut	WTA	Weathered Ash*
HNW	Henna Walnut	WC	Williamsburg Cherry
LW	Legacy Walnut		

\* Finish is Low Sheen

### HPL (P) LAMINATE OPTIONS

#### WOODGRAIN

AS	Asian Night	PNW	Pinnacle Walnut
CO	Columbian Walnut	SCH	Select Cherry
EF	Espresso	SKC	Shaker Cherry
GC	Golden Cherry	SM	Sugar Maple
MW	Mahogany Walnut	WTA	Weathered Ash
ORW	Oak Riftwood	WC	Williamsburg Cherry

1½" thick tops also available in above HPL colors only. Top thickness will affect overall height of other units such as surface mounted hutches. Please contact Customer Service or your local Sales Representative for pricing and extended lead times.

### EDGE PROFILES

F	Double Kerf	X	Flute
G	Duo	Y	Square

Double Kerf (F) Duo (G) Flute (X) Square (Y)

### METAL FINISH OPTIONS

ALUM	Aluminum
BLK	Black (Height Adjustable, Studio Components)
CHRM	Chrome

### ACRYLIC OPTIONS

FSTA	Frosted Acrylic	BLA	Black High Gloss Acrylic
WHA	White High Gloss Acrylic	GPA	Graphite High Gloss Acrylic
WMA	Wired Mercury High Gloss Acrylic		

### PULL OPTIONS

Lock core color is predetermined by pull color.

AAV	Alcove, Aluminum	BEL	Elite, Black
CAV	Alcove, Chrome	AFL	Flair, Aluminum
AAC	Arc, Aluminum	CFL	Flair, Chrome
BAC	Arc, Black	AFC	Focus, Aluminum
ABM	Beam, Aluminum	BFC	Focus, Black
BBM	Beam, Black	AQD	Quadra, Aluminum
BBT	Bow Tie, Black	BQD	Quadra, Black
NBT	Bow Tie, Nickel	AST	Studio, Aluminum
ABU	Buckle, Aluminum	BST	Studio, Black
BBU	Buckle, Black	CST	Studio, Chrome
AEL	Elite, Aluminum	GST	Studio, Gold

### DRAWER CONSTRUCTION OPTIONS

Drawers come standard with woodgrain vinyl-wrapping and mitered corners. Optional wood dovetail construction for all box, file, and lateral file drawers is available. Must Specify when ordering.

**Pricing is per Drawer, not per Model/Unit**

MITER	Mitered Fold Construction	STD
DOVE	Wood Dove Tail Construction	\$ 45

### DRAWER TRACK OPTIONS

Soft close tracks are available on box and file drawers only. Soft close drawer tracks have many benefits including reduced stress on the unit, extends the life of the drawer, and ensures a gentle close so fingers don't accidentally get hurt. **File drawers with the soft close option feature front-to-back filing.** Must specify when ordering.

**Pricing is per Drawer, not per Model/Unit**

SFTCL	Soft Close Drawer Track (Box & File Drawers Only)	\$ 34
-------	---	-------

### LOCK CORE COLOR OPTIONS

BLK	Black (Used with Black and Gold Pulls)
SLV	Silver (Used with Aluminum and Chrome Pulls)

Black (BLK) Silver (SLV)

Grommet options on next page.

**GROMMET OPTIONS & POWER UNIT LOCATIONS**

**Note: Wire Management Options for Integrated and Modular Height Adjustable Models may be found in their specific area within this section.**

Grommets are standard in the back panels of returns, bridges, and credenzas, and may be ordered without grommets at no additional charge. Please specify NO GROMMET on order.

Grommets are available on hutches in standard locations for task light management at no additional charge. Please specify WMHUBL (Black) or WMHUSV (Silver).

Power units, Dock 950 and Dock 150 must be specified separately with surface mount location. Dock 950 and Dock 150 are available on Modular Benching Desk Tops, Modular Cabinet Tops, Work Tables, and Media Peninsula Tops, and where otherwise noted.

Grommets are available in standard locations. Please specify using info below. Multiple locations may be selected. Only one unit per location.

**GROMMET LOCATIONS (Black = BLK and Silver = SLV)**

GC	Grommet, Center	\$	52
GL	Grommet, Left	\$	52
GR	Grommet, Right	\$	52

**HEIGHT ADJUSTABLE MECHANISMS**

Height Adjust method that increases user kneespace, offers more stability for overall unit and top construction, and two worksurfaces can move from sitting to standing simultaneously with or without moving modesty panel.

- Maximum height is 45"
- Recommended load capacity of 180lbs
- Gently adjust worksurface with a 1 second stop at each memory position
- Two leg configuration options include the standard 2-channel for Desks, Desk Shells, D-top and P-Top units for one height adjustable worksurface or 3-channel option for two height adjustable worksurfaces to raise simultaneously
- Two height adjustable switches available. Standard up/down switch (SWCH) and advanced switch features Bluetooth capabilities, three stand-up reminder intervals and four height memory positions (MSWCH)
- Moving Modesty (MOVMOD) option creates a clean aesthetic when seated or standing
- Height adjust control switch is factory installed on all units except Desk Shells, Bridges or 3-Channel units
- Bridges, returns, and credenzas will have an optional grommet on the back panel
- Black wire management mesh wrap included when worksurface grommet is selected
- Black wire management mesh wrap is made of polyester braided fabric, 10' long, expands up to 1 3/4"
- Grommets and one Latch Duct wire management channel provided within kneespace to manage wires from switch and control box. Two Latch Duct wire management channels will be shipped with Desk Shells

Height Adjustable User Side

2-channel Configuration

Moving Modesty

Black wire management mesh sleeve

**HEIGHT ADJUST LEG CONFIGURATION**

The 2-channel leg configuration is standard on height adjustable Desks, Desk Shells, D-top and P-Top units for one height adjustable worksurface. Select models offer an optional 3-channel leg configuration for use with 3-channel Returns to allow two worksurfaces to raise and lower simultaneously.

2-channel Configuration  
Raise Single Surface

3-channel Configuration  
Raise Multiple Surface

Shown with two worksurfaces raised and optional moving modesty.

## Studio Components

Boutique-inspired options to give all your working environments a fresh look with a subtle touch of home. Integrated into our ever-popular Canvas and Gesso Casegood lines, Studio models build upon simplicity and flexibility while allowing you to create eye-catching spaces. Whether you're looking to outfit an executive's office, team space, collaborative area, or anything in between, our Studio desk and storage components have the look and feel you desire.

Studio components work with existing Canvas Tops, Peninsula Tops, and accessories such as Tackboards, Work Walls, Marker Boards, and Cushions to build the perfect workspace. The slim leg design provides an upscale feel for all of the Studio components. Storage units such as standard height pedestals offer the flexibility to build single or double pedestal desks or credenzas and low height pedestals allow you to create bench style credenzas.

The Studio pull features a clean application.

### How to Use Studio

Start with a Modular Top to build a Desk, Peninsula Desk, Benching or Credenza ([See Modular Tops](#))

Next, choose from a number of Studio Pedestals options in Standard or Low Height. ([See Studio Peds](#))

Kneespace Modesty Panels are available in standard height in TFL or High Gloss Acrylic or low height in TFL ([See Modesty Panels](#))

Add additional storage with Studio Storage Cabinets and the full door storage cabinet features high gloss acrylic and dry erase door options ([See Storage Cabinets](#))

Single and Shared Stanchions offer a layer of support for workstations and single or dual sided hutches ([See Stanchions](#))

Studio Single and Shared Legs images below provide a simple and clean aesthetic. See below for a guide to the aesthetics of single, double, and shared legs ([See Leg Options](#))

Single Standard Leg

Shared Leg (used between two models)

Double Standard Leg (standard legs used on each model)

### Height Adjustable Components

We've enhanced our height adjustable options to include a better integrated and easier to specify solution. These new models coupled with our existing modular height adjustable, and all of our standard models and storage options, provide you with the ultimate flexibility to meet the needs of your space and, more importantly, the needs of the user. And, we've made these new models more cost effective for you and more functional and spacious for the user.

#### Some Highlights of Our Integrated Solutions:

- Adjustable from 30"H to 45"H, with a load capacity up to 180lbs
- Gently adjust one worksurface or multiple worksurfaces with a 1 second stop at each memory position
- Two leg configuration options include the standard 2-channel for Desks, Desk Shells, D-top and P-Top units for one height adjustable worksurface or a 3-channel option for two height adjustable worksurfaces to raise simultaneously
- Two height adjustable control switches available. Standard up/down switch (SWCH) and advanced switch features Bluetooth capabilities, three stand-up reminder intervals and four height memory positions (MSWCH)
- Moving Modesty (MOVMOD) option creates a clean aesthetic when seated or standing
- Height adjust control switch is factory installed on all units except Desk Shells, Bridges or 3-Channel units
- Bridges, returns, and credenzas have an optional grommet on the back panel
- New black wire management mesh wrap included when worksurface grommet is selected
- Grommets and one Latch Duct wire management channel provided within kneespace to manage wires from switch and control box. Two Latch Duct wire management channels will be shipped with Desk Shells

Black wire management mesh sleeve included with worksurface grommet

Standard 2-Channel Height Adjustable

2-Channel Height Adjustable with Box

#### Bring the Open Plan and Shared Spaces to Life!

Modular Height Adjustable components make it easy to create the perfect work environment for any space. Select from an array of sizes of worksurfaces, pedestals, filing units and more to connect teams together so collaborating can be easy and productive.

*If you prefer our original solution or have specified it previously, and would like to do so again, simply contact our Customer Service team for assistance. We can make that happen for you!*

- For Use with Mobile Pedestals; [See Mobile Peds](#)
- Increases Height of Mobile Pedestal 2¼"

[See Gesso Intro Section for Ordering Options](#)

With a nod to the '50s and '60s, Iconic's clean lines, tapered legs, and unexpected details present a timeless, approachable quality while being suited to outfit a multitude of areas, including private office, open plan/benching, small meeting areas, and ancillary spaces.

### CONSTRUCTION

Iconic features a Veneer chassis with your choice of a Veneer, HPL or 3D Laminate top. Units ship assembled unless otherwise noted.

### VENEER

- Exposed surfaces feature select-grade, plain-sliced hardwood Cherry, Maple, American Black Walnut, White Oak, and composite veneers; Veneers are carefully selected and matched to assure proper balance and consistency
- Veneer features UVAdvantage, an ultra-violet finish, on all exposed surfaces by utilizing roll-coat UV technology

### LAMINATE

- TFL and HPL are made of woodgrain and solid color laminates fused to particleboard core; Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance
- 3D laminate surfaces eliminate the need for edge banding, visible seams, and special edge treatments; elimination of seams helps mitigate the accumulation of potential contaminants and simplifies cleaning

### TOPS

- Tops are 1 3/16" thick
- Square (Y) Edge Profile is 3-ply balanced construction with 3mm wood edge-banded rims
- Square edge tops are shaped on all four sides
- Knife (KB) and Illusion (I) Edge Profile are 5-ply balanced construction with hardwood rims. Knife (KB) and Illusion (I) Edge Profile are profiled on three sides of Double Ped and Single Ped Desks with user side featuring Square Edge (Y)
- Grain direction runs left-to-right unless noted

### CHASSIS

- Chassis are fastened by using high quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable glides to ensure proper leveling and compensate for uneven floors
- Horizontal grain direction unless otherwise noted

### DRAWERS

- Box and file drawers are tested for 100lb capacity
- 5-sided drawer construction for easy removal of drawer fronts
- Fronts are 3-ply construction, 3/4" thick with matched grain
- Sides, back, and front are 1/2" thick woodgrain vinyl-wrapped miter fold construction; box and file drawers have 1/8" thick hardboard bottoms, lateral file drawers feature 1/4" thick bottoms
- Optional Dovetail construction with 7/16" thick hardwood sides and backs and 5/32" thick hardboard bottoms
- Box and file drawers feature full extension, progressive action slides with precision steel ball bearings allowing side-to-side and front-to-back
- Optional soft close on box and file drawers allows front-to-back filing in file drawers
- Lateral files 3/4 extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

### FILING

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Optional soft close on box and file drawers allows front-to-back filing in file drawer
- Legal width file drawers provide legal filing front to back, and letter or legal filing side to side

### STORAGE

- All hinged doors include soft close hinges
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

### LOCKING

- All units with drawers feature standard locking; optional locking available on models with doors where noted ([see locking option](#))
- Lock core available in black or silver, please specify color
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge

### CORD MANAGEMENT

- Grommets are available in the tops of desks, returns, bridge tops, kneespace credenzas, and credenzas
- An exit grommet is standard on the bottom of pedestals for wires to escape
- Hutch units have standard grommets in back panels
- On units, where noted, a removable back panel for wire access/wire management, as well as an exit grommet, come standard
- Grommets are 2 3/8" in diameter and available in black or silver
- [See all optional grommet locations](#)
- Wire channel ([01-WMGRCB](#)) available for additional undersurface cord management

GC	Golden Cherry	SM	Sugar Maple
MW	Mahogany Walnut	WTA	Weathered Ash
ORW	Oak Riftwood	WC	Williamsburg Cherry

**3D LAMINATE (3D) OPTIONS**

3D laminate surfaces eliminate the need for edge banding, visible seams, and special edge treatments. The elimination of seams helps to mitigate the accumulation of potential contaminants and simplifies cleaning. See cleaning instructions on our website under Resources.

Our Matte White and Matte Black options are not only durable, they leave no fingerprints. The matte, soft touch finish will add a sense of luxury, beauty, and style to any interior space.

Our Concrete option features a city-inspired, grey concrete surface with an embossed texture that is real to the touch and feel.

See individual select products for availability.

CR3	Concrete	WH3	Matte White
BL3	Matte Black

Modesty Panel is available in veneer only, while the Modesty Accent is available in veneer, HPL, or fabric.

### UPHOLSTERY OPTIONS

For units available with a Fabric Finger Pull or Modesty Accent, as well as tackboards, we offer a wide variety of graded-in or contract options. Due to the minimal, 1/2 yard requirement for Accent Features, all leather options for these units will be COL.

All graded-in fabrics, contract partners, and our COM/COL Form may be found online at: [www.indianafurniture.com/resources/textiles](http://www.indianafurniture.com/resources/textiles)

### INTERIOR CABINET ACCENT HPL (P) OPTIONS

Select units feature an optional interior HPL accent color. See specific units for details.

CABL	Black	CAFK	First Kiss
CABSH	Blush	CASG	Slate Grey
CAWH	Designer White	CASV	Summer Vacation
CAFHG	Fashion Grey	CASUS	Surfin USA

For example, Shaded Area Denotes Cabinet Accent Location

### DRAWER OPTIONS

Units with drawers come standard with woodgrain vinyl-wrapped drawers. Optional dove tail construction for all box, file, and lateral file drawers is available. Soft close is also available for all box and file drawers. **File drawers with the soft close option feature front-to-back filing.** Must specify when ordering.

Pricing is per Drawer, not per Model/Unit.

DOVE	Wood Dove Tail Construction	\$	45
SFTCL	Soft Close Drawer Track (Box & File Drawers Only)	\$	34

### LOCK CORE COLOR OPTIONS

BLK	Black	SLV	Silver
-----	-------	-----	--------

### LOCKING DOORS

Locking doors are available on specific units, where noted. Must specify WITH LOCKING when ordering, denote color, and add upcharge. Color Options: Black (BLK) or Silver (SLV)

LKT_HU	78"W to 48"W Units	\$	115
LKT_HU	42"W to 30"W Units	\$	91
LKT_HU	18"W Units	\$	69

**GROMMET OPTIONS & POWER UNIT LOCATIONS**

Grommets are available in tops of returns, bridges, and credenzas, and may be ordered without grommets at no additional charge. Please specify NO GROMMET on order.

Grommets are available on hutches in standard locations for task light management at no additional charge. Please specify WMHUBL (Black) or WMHUSV (Silver).

Power/Data, Dock 950 and Dock 150 units must be specified separately with surface mount location. Dock 950 and Dock 150 units are available on Table Desks and Credenza Tops, and where otherwise noted.

Grommets are available in standard locations. Please specify using info below. Multiple locations may be selected. Only one unit per location.

**GROMMET LOCATIONS (Black = BLK and Silver = SLV)**

[See Iconic Intro For Ordering Options and Grommet Locations](#)

Jefferson echoes history and creates a timeless foundation for today's sophisticated work place. Finely crafted in select solids with Walnut and Cherry veneers, the tailored details of this collection accentuate our expert craftsmanship and perfect attention to detail.

Jefferson forges traditional styling with modern sensibility with new Height Adjustable options and coordinating reception models, allowing the premium feel and flexibility of Jefferson to easily function throughout entire facilities.

### CONSTRUCTION

*Jefferson features a Veneer chassis with your choice of a Veneer or HPL top. Units ship assembled unless otherwise noted.*

#### VENEER

- Choose from premium or select veneer on exposed surfaces in American Black Walnut or Cherry species in bookmatched veneer faces
- Veneers are carefully selected and matched to assure proper balance and consistency

#### TOPS

- Veneer tops offer a 5-ply balanced construction, 1 3/16" thick with solid hardwood mitered rims
- High Pressure Laminate (HPL) tops offer a 3-ply balanced construction, 1 3/16" thick with solid hardwood mitered rims
- Grain direction runs left-to-right unless otherwise noted
- All Jefferson tops are standard with the Jefferson edge profile (C2), unless otherwise noted.

#### CHASSIS

- Chassis is securely fastened using high quality European fastening systems, heavy-duty, 16-gauge joining brackets and wood dowels to assure maximum strength
- Bases are solid hardwood with mitered corners
- All units have finished veneer backs
- Construction offers tight tolerances and long term durability
- All units equipped with heavy-duty, adjustable glides to ensure proper leveling and compensate for uneven floors
- Vertical grain direction on chassis

#### DRAWERS

- Drawer fronts standard with bookmatched veneer faces
- Fronts are 3-ply construction and 3/4" thick
- Drawer interiors are dovetail, wood constructed with 7/16" hardwood sides and backs and 5/32" thick hardboard bottoms
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- Box and file drawers are tested for 100lb capacity
- Lateral files feature 1/4" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All suspensions have a limited lifetime warranty
- Optional soft close ([see soft close options](#)) is available on center, tray, box, and file drawers, unless otherwise noted; **File drawers with the soft close option feature front-to-back filing.**

#### FILING

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- **Optional soft close on box and file drawers allows front-to-back filing in file drawer**

#### FILING (CONT.)

- Legal width file drawers provide legal filing front to back, and letter or legal filing side to side
- Letter width file drawers provide letter filing front to back, and letter or legal filing side to side

#### STORAGE

- All hinged doors include soft close hinges, unless noted
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

#### LOCKING

- Central locking is standard on all desks and optional for credenzas and returns; one key in the lock cylinder locks all drawers in the desk
- Lock core color will coordinate with pull selection (brass pulls will have black cores, while aluminum pulls will have silver cores)
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge.

#### CORD MANAGEMENT

- Grommets are standard in back panels of returns, bridges, kneespace credenzas, and hutch units (does not apply to height adjustable or reception units)
- Grommets may be ordered in the tops of desks, returns, bridges, credenzas, and component worksurfaces
- [See all optional grommet locations](#)
- Undersurface Wire Managers are available for additional cord management; [See Multiple Units](#)

#### HEIGHT ADJUSTABILITY

- Electric-powered height adjustable mechanisms are offered in 2-channel for single surface height adjustment and 3-channel for simultaneous, two surface height adjustment
- Height adjustable legs available in black finish only
- Height adjustment range 30"H to 45"H
- 5-year warranty
- Recommended load capacity of 180lbs
- Two control switches are available, including an up/down switch (standard with product, unless noted) and an advanced switch with Bluetooth capabilities, position memory, three stand up reminder intervals, and more; gently adjust worksurface with a one second stop at each memory position
- The standard control switch is factory installed on all units except bridges and 3-channel units
- Bridges, returns, and credenzas will not have a standard grommet on the back panel
- New wire management mesh wrap included when worksurface grommet is selected
- Grommets and one wire management channel provided within kneespace to manage wires from switch and control box; two wire management channels will be shipped with desk shells

Antique Brass - 5/4"

**Wilmington (WLM)**  
Antique Brass - 5/4"

**Liberty (ALB)**  
Aluminum - 4/4"

**DRAWER TRACK OPTIONS**

Soft close tracks are available on center, tray, box, and file drawers in Jefferson. Soft close drawer tracks have many benefits including reduced stress on the unit, extends the life of the drawer, and ensures a gentle close so fingers don't accidentally get hurt. **File drawers with the soft close option feature front-to-back filing.** Must specify when ordering.

**Pricing is per Drawer, not per Model/Unit**

SFTCL	Soft Close Drawer Track	\$	34
-------	-------------------------	----	----

**LOCKING FLIP DOWN CENTER DRAWER**

Single and double pedestal desks and kneespace credenzas standard with a center drawer have an optional central locking, keyboard flip down drawer. Drawer front is wood veneer with laminate drawer interior.

LFD	Locking Flip Down Front Center Drawer	\$	82
-----	---------------------------------------	----	----

**APPROACH SIDE DICTATION SLIDES**

Some desk models offer an approach side pull-out dictation slide. Specify DSLD when placing your order and add upcharge. If adding the dictation slide, the center grommet will not be available.

NONE	No Approach Dictation Slide	\$	STD
DSL	Approach Side Dictation Slide	\$	611

**MOLDING OPTIONS**

All standard, height adjustable, and reception units ship with decorative pencil molding. If you do not want molding, please specify "NO MOLDING" when ordering each model.

Modular components come standard with no molding. To accommodate for flush ends, molding is offered as an option. Specify one of the following codes when ordering.

STD	No Molding	\$	STD
M46R1	Molding on Right Side Only	\$	85
M46L1	Molding on Left Side Only	\$	85
M46LR	Molding on Both Right and Left Sides	\$	170

*Note: Left or right is determined when facing the front of the unit. Molding features multi-step, hand-finished catalyzed finish*

**GLASS SHELVES OPTION**

Units with beveled glass and mesh grille inserts offer the option of glass shelving.

GLSSH	Units with Two Doors	\$	104
GLSSH	Units with Four Doors	\$	208

**DOWN LIGHTING OPTION**

Select units with beveled glass and mesh grille inserts offer the option of down lighting. See individual models for availability.

DNLGT	Units with Two Doors	\$	410
DNLGT	Units with Four Doors	\$	820

**LOCKING PEDESTALS ON RETURNS/CREDENZAS**

Locking drawers are available on returns and credenzas. Please specify LKI-46L on order and add upcharge. Lock core will coordinate with pull selection.

Returns and single pedestal credenzas will have the lock positioned in the upper right corner of the top pedestal drawer.

LKI-46L	Return or Single Pedestal Credenza Locking	\$	205
---------	--	----	-----

Double pedestal credenzas will have locks positioned in the upper right corner of both of the top drawers.

LKI-46L	Double Pedestal Credenza Locking	\$	410
---------	----------------------------------	----	-----

**LOCKING DOORS**

Locking doors are available on specific units, where noted. Specify WITH LOCKING when ordering and add upcharge. Lock core will coordinate with pull selection.

LKT_HU	Two & Four Door Vertical Hutches	\$	135
LKT_HU	72"W to 48"W Units	\$	115
LKT_HU	42"W to 30"W Units	\$	91
LKT_HU	18"W Units	\$	69

**HEIGHT ADJUST LEG CONFIGURATION**

The 2-channel leg configuration is standard on height adjustable Desks, Returns, Bridges, and Credenza for one height adjustable worksurface. Desk models offer an optional 3-channel leg configuration for use with 3-channel Returns to allow two worksurfaces to raise and lower simultaneously.

STS2	2-Channel Configuration (For one height adjustable worksurface)	STD
STS3	3-Channel Configuration (For two height adjustable worksurfaces)	\$ N/C

**HEIGHT ADJUST CONTROL OPTIONS**

Height adjustable units offer two switch options. The standard switch is a simple up and down switch to move your worksurface from seated to standing height. This comes standard with height adjustable units, unless otherwise noted. The advanced switch features Bluetooth capabilities to connect to smart devices, three stand-up reminder intervals, and height adjustment memory positions, and more.

Please specify desired Control Switch when ordering applicable Height Adjustable units.

SWCH	Standard Up/Down Switch	\$	STD
MSWCH	Advanced Up/Down with Memory Switch	\$	135

SWCH (standard) MSWCH

**WORKSURFACE GROMMETS FOR STANDARD UNITS & RECEPTION**

GC	Grommet, Center; Must Specify Black (BLK) or Silver (SLV)	\$	52
GL	Grommet, Left; Must Specify Black (BLK) or Silver (SLV)	\$	52
GR	Grommet, Right; Must Specify Black (BLK) or Silver (SLV)	\$	52

Verify Grommet Option is available on the model(s) you are specifying using the location information on Pages 430-431.

Grommets may be ordered in non-standard locations. Call Customer Service to assist with specification. Note additional charges and lead times may apply.

Multiple locations may be selected.

*See Grommet Locations on Next Page.*

**WORKSURFACE GROMMETS FOR HEIGHT ADJUSTABILITY UNITS**

When you select a grommet for use with Height Adjustable worksurfaces, it will automatically come with a wire management sleeve. One grommet per worksurface. Must specify Left, Right, or Center. See below for specific location availability by model. You may also choose to add the Wire Management Box, which will automatically come with a center grommet.

**Grommet with Mesh Sleeve** \$ 142  
**Must Specify Grommet Color: Black (BLK) or Silver (SLV)**

HA Desks>Returns/Credenzas Choose Left, Right, or Center (See Below)  
 HA Bridges Center Only

- GC-MESH Grommet, Center
- GL-MESH Grommet, Left
- GR-MESH Grommet, Right
- GCKS-MESH Grommet, Centered Between Legs

**Wire Management Box with Center Grommet** \$ 485  
**Must Specify Black (BLK) or Silver (SLV)**

Available on All HA Desks, Returns and Bridges

- GC-BOX Grommet, Center

Verify Grommet Option is available on the model(s) you are specifying using the following location information.

Grommets may be ordered in non-standard locations. Call Customer Service to assist with specification. Note additional charges and lead times may apply.

Madera creates a variety of looks from rich, refined transitional to fresh, modern contemporary by offering an abundance of options, including premium veneer. Finely crafted in select Cherry, Maple, Walnut, and Oak veneers, Madera features a UV topcoat on all exposed surfaces adding unsurpassed hardness and extreme durability for long lasting office applications.

### CONSTRUCTION

*Madera features a Veneer chassis with your choice of either a Veneer or HPL top. Units ship assembled unless otherwise noted.*

### VENEER

- Choose from premium veneer or select veneer on exposed surfaces in American Black Walnut, White Oak, Cherry, or Maple species
- The American Black Walnut, White Oak, and Cherry veneers are book matched veneer faces, while the Maple is a slip-matched veneer face
- These veneers are carefully selected and matched to assure proper balance and consistency

### TOPS

- Tops are 1 3/16" thick
- Wood Veneer tops have a 5-ply balanced construction with hardwood rims
- High Pressure Laminate (HPL) tops have a 3-ply balanced construction with hardwood rims
- Tops featuring the Bullnose (D), Tri-Round (E), Fluted (X), and Square (Y) edge profiles have vertical profiles
- Tops featuring the Radius (A) and Bevel (B) edge profiles have the same construction, but provide a matching reverse profile on connecting edge
- Grain direction runs left to right unless otherwise noted

### CHASSIS

- Chassis are securely fastened using high quality European style fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units are equipped with heavy-duty, adjustable glides to ensure proper leveling and compensation for uneven floors
- Vertical grain direction unless otherwise noted

### DRAWERS

- All drawers feature 5-sided construction allowing for easy removal of drawer fronts
- Fronts are 3-ply construction and are 3/4" thick with matched grain
- Drawer interiors are dovetail wood construction with 7/16" thick hardwood sides and backs and 5/32" thick hardboard bottoms
- The drawer interiors are sanded, sealed, and finished to provide a smooth, quality feel and appearance
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- Box and file drawers are tested for 100lb capacity
- Lateral files feature 1/4" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All suspensions have a limited lifetime warranty

### FILING

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Letter width file drawers provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

### STORAGE

- All hinged doors include soft close hinges, unless otherwise noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

### LOCKING

- All units feature locking file drawers
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core color will match pull color

### CORD MANAGEMENT

- Grommets are available in the tops of all units, unless noted
- Optional grommets are standard in back panels of assembled returns, bridge units, and kneespace credenzas,
- Hutch units have a rectangle grommet in bottom center of back panel
- A grommet is standard in tops of corner units
- Grommets are available in black or silver, please specify color
- [See all optional grommet locations](#)
- [Wire Manager units available for additional cord management](#)

### PULL-OUT WRITING SHELVES

Pull-out writing shelves are available on desks. Please specify AS on order and add upcharge.

AS	Single Pedestal Desks	\$ 120
AS	Double Pedestal Desks	\$ 240

### GROMMET OPTIONS & LOCATIONS

Grommets are standard in the back panels of returns, bridges, and credenzas, and may be ordered without grommets at no additional charge. Please specify NO GROMMET on order.

Desk grommets are available in standard locations. Please specify using table below. Multiple unit locations may be selected. Only one unit per location.

GC	Grommet, Center - Specify BLK or SLV	\$ 52
GL	Grommet, Left - Specify BLK or SLV	\$ 52
GR	Grommet, Right - Specify BLK or SLV	\$ 52
GAL	Grommet, Approach Left - P-Tops Only - Specify BLK or SLV	\$ 52
GAR	Grommet, Approach Right - P-Tops Only - Specify BLK or SLV	\$ 52
GSL	Grommet, Seat Side Left - P-Tops Only - Specify BLK or SLV	\$ 52
GSR	Grommet, Seat Side Right - P-Tops Only - Specify BLK or SLV	\$ 52

Verify Grommet Option is available on the model(s) you are specifying using the following location information. Grommets may be ordered in non-standard locations. Call Customer Service to assist with specification. Note additional charges and lead times may apply.

Grommet      Specify Color: Black = BLK and Silver = SLV

**DUO/TRIO BEZEL**

01-DUOBEZEL      Available in Black (B), Silver (S), or White (W)

01-TRIOBEZEL      Available in Black (B), Silver (S), or White (W)

**DOCK 950, DOCK 800 and DOCK 150**

DOCK950      Available in Black or White

DOCK150      Available in Black or White

DOCK800      Available in Black or Silver

**Other Power Units**

DPORT4      Available in Aluminum or Black

INTERACTG      Available in Aluminum or Black

OASISM      Available in Aluminum or Black

**Power/Data Location Information:**

- Designate unit and location when specifying the top model. Power/Data Module need to be ordered separately.
- Power/Data Modules specified at the time of order will be routed for field installation.

E1      Unit on One End

E2      Unit on Each End

OC      Unit on Center

- All power units available **On Center (OC) only** when paired with two (2) or more of the following bases:

Cylinder Base      Square Base

X-Base      Disc

Tubular X-Base

*Grommets and Power Units may be ordered in non-standard locations. Call Customer Service to assist with specification and/or please attach a drawing to the PO showing the location of the grommet. Note additional charges and lead times may apply.*

**Top Locations**

Power units available on Each End (E1 and E2) and On Center (OC) unless otherwise noted, when paired with any Rectangle Panel Base, Rectangle Box Base or Rectangle Accent Box Base. ([See Unit Details](#))

**Power units centered at locations below:**

36" Tops	centered 18"D	48" Tops	centered 24"D
42" Tops	centered 21"D		

72: OC 36" from end (**available with OC Only**)

96: OC 48" from end; E1/E2 29" from end

120: OC 60" from end; E1/E2 29" from end

144: OC 72" from end; E1/E2 29" from end

**HUTCH GROMMET OPTIONS**

Surface Mount Hutches come standard with one center grommet at workstation level on back panel. Three upper wire management grommets also available. One grommet located on right, center and left. Must specify.

WMHUBL      Black Lower Grommet + Three (3) Upper Grommets      N/C

WMHUSV      Silver Lower Grommet + Three (3) Upper Grommets      N/C

**LOCKING DOORS**

Locking doors are available on select units. You must specify WITH LOCKING when ordering and add upcharge.

Crafted in select solids and American veneers, Phoenix's clean, transitional styling is at ease in both contemporary and traditional settings. It is a perfect choice for value-minded companies who want a sophisticated, yet uncomplicated, furniture solution.

### CONSTRUCTION

*Phoenix features a Veneer chassis with your choice of a Veneer or HPL top. Units ship assembled unless otherwise noted.*

### VENEER

- Exposed surfaces feature select grade sliced American Black Walnut or Cherry veneer carefully selected and matched to assure proper balance and consistency

### TOPS

- Veneer tops are 5-ply balanced construction and 1 5/32" thick with solid hardwood rims
- High Pressure Laminate (HPL) tops are 3-ply balanced construction and 1 5/32" thick with solid hardwood rims
- Grain direction runs left to right unless noted

### CHASSIS

- Chassis is securely fastened using high quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- Units feature finished backs unless otherwise noted
- All units equipped with heavy-duty, adjustable glides to ensure proper leveling and compensate for uneven floors

### DRAWERS

- Drawer fronts standard with matched veneer faces
- Drawer sides, back and front are woodgrain vinyl-wrapped, and are 1/2" thick
- 5-sided drawer construction for easy removal of drawer fronts
- Box and file drawers have 3/8" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature 1/4" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

### FILING

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Legal width file drawers provide legal filing front to back, and letter or legal filing side to side
- Letter width file drawers provide letter filing front to back, and letter or legal filing side to side

### STORAGE

- All hinged doors include soft close hinges, unless noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

### LOCKING

- All desks, credenzas, returns, and files feature standard locking
- Lock core will coordinate with pull selection unless otherwise noted
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge.

### CORD MANAGEMENT

- Grommets are standard in back panels of assembled returns, bridge units, kneespace credenzas, and hutch units
- A grommet is standard in tops of corner units
- Grommets may be ordered in the tops of desks, returns, bridge units, and credenzas worksurfaces
- Grommets are 2 3/8" in diameter and available in black or silver, please specify color
- [See grommet options and locations.](#)
- Wire Manager available for additional cord management; [See Accessories](#)

# Reception

Welcoming environments start with furniture that’s warm and inviting. Create a customized work environment through flexible combinations of shells, components, and work surfaces that address multiple configuration options. Subtle details, including multiple pull styles, edge options, overlay panels and molding options allow for a personalized look or seamless blending with any of our standard casegood offerings.

**CONSTRUCTION**

*Aura Reception features a Veneer chassis with your choice of either a Veneer, HPL, or Solid Surface transaction counter. Units ship assembled unless otherwise noted.*

**VENEER**

- Exposed surfaces feature select grade plain sliced hardwood Cherry, Maple, American Black Walnut, or composite veneers
- Veneers are carefully selected and matched to assure proper balance and consistency

**TOPS**

- Veneer worksurface tops are 3-ply balanced construction and 1 5/32" thick with a self-edge
- Transaction tops are 1 1/2" thick with a 5-ply balanced construction in Veneer, 3-ply balanced construction in High Pressure Laminate
- Transaction tops in Cherry, Maple, and American Black Walnut have solid hardwood rims and are profiled on all sides with mitered corners.
- Optional 3/8" thick glass accent top with 1 1/4" silver standoffs
- Transaction tops in solid surface materials are 1 1/2" thick and available in 6 standard colors
- Grain runs left to right unless otherwise stated

**CHASSIS**

- Tops and end panels are securely fastened using high quality European fastening systems to ensure maximum strength
- All units have finished backs unless noted
- All pedestals offer optional wire management access from pedestal to kneespace
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors

**DRAWERS**

- Drawer fronts are 3-ply construction, 3/4" thick with matched grain
- Drawer sides, back, and front are 1/2" thick, woodgrain vinyl wrapped construction with mitered corners
- Box and file drawers have 1/8" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature 1/4" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- 5-Sided drawer construction for easy removal of drawer fronts
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

**FILING**

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Modular component pedestals provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

**STORAGE**

- All hinged doors include soft close hinges, unless noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

**LOCKING**

- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core will match pull color

**CORD MANAGEMENT**

- Grommets may be ordered in the tops
- [See grommet options and locations](#)
- Wire Managers available for additional cord management; [See Accessories](#)

[See Aura Reception Intro Section for Ordering Options](#)

The traditional stylings of Cameo echo history and create a timeless foundation for welcoming environments that complement our Jefferson, Wilmington, and Arlington casegoods collections, as well as Cameo Conferencing. Create a customized work environment through combinations of shells, components, and work surfaces that address multiple configuration options.

**CONSTRUCTION**

*Cameo Reception features a veneer chassis with your choice of either a Veneer or HPL transaction counter.*

**VENEER**

- Exposed surfaces are select grade sliced American Black Walnut and **Cherry** veneers carefully selected and matched to assure proper balance and consistency

**TOPS**

- Work surface tops are 3-ply balanced construction and 1½” thick with a self-edge
- Transaction tops are 1½” thick and have a 5-ply balanced construction in Veneer or 3-ply balanced construction in High Pressure Laminate
- Transaction tops have solid hardwood rims and are profiled on all sides with mitered corners
- Grain runs left to right unless otherwise stated

**CHASSIS**

- Tops and end panels are securely fastened using high quality European fastening systems to assure maximum strength
- All units have finished backs unless noted
- All pedestals have wire management access from pedestal to kneespace
- Decorative moldings are hand applied
- All units are equipped with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors

**DRAWERS**

- Drawer fronts are 3-ply construction, ¾” thick with matched grain
- Drawer sides, back, and front are ½” thick, woodgrain vinyl wrapped construction with mitered corners
- Box and file drawers have ½” thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature ¼” thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- 5-Sided drawer construction for easy removal of drawer fronts
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

**FILING**

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Modular component pedestals provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

**STORAGE**

- All hinged doors include soft close hinges, unless otherwise noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

**LOCKING**

- All units with file drawers feature locking
- Removable black lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge
- Keyed alike units available upon request at no additional charge

**CORD MANAGEMENT**

- Grommets may be ordered in the tops
- [See all grommet options and locations](#)
- Wire Managers available for additional cord management; [See Accessories](#)

[See Cameo Reception Intro Section for Ordering Options](#)

Explore Canvas Reception models, sizes, and premium details to heighten function and luxury for the user, the environment, and all of your visitors. Choose from waterfall transaction counters with paper slots, conventional transaction counters available in a variety of materials, matching or contrasting overlays, backlighting, extended gallery returns with storage, ADA returns, and more!

### CONSTRUCTION

Canvas Reception features a TFL chassis with your choice of TFL or HPL Top and TFL, HPL, or Solid Surface transaction counters. Units ship assembled unless otherwise noted.

### LAMINATES

- Exposed surfaces are woodgrain and solid color laminates
- Worksurfaces are bonded to the core with a PVA adhesive in a cold press to prevent separation of the laminate from the core
- Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance

### TOPS

- Worksurfaces are 1" thick thermally-fused laminate (TFL) or High Pressure Laminate (HPL) with 1mm matching PVC rims in a square profile; Designer White, Sugar Maple, Williamsburg Cherry feature ABS edge bands
- Worksurfaces are shaped on all four sides and fit flush with adjoining worksurfaces for a clean aesthetic
- Transaction tops in TFL or HPL are edge-banded and have a self-edge on all sides
- Accent tops of 3/8" glass with 1/4" silver standoffs are available
- Transaction tops in Solid Surface materials are 1/2" thick and available in 6 standard colors

### CHASSIS/COMPONENTS

- TFL chassis and storage components
- Worksurfaces, storage components and end panels are securely fastened using high quality European fastening systems, 16-gauge joining brackets and wooden dowels to assure maximum strength
- Exposed edges have matching PVC edge band
- All units are equipped with heavy-duty glides featuring 1 1/4" adjustment to ensure proper leveling and compensation for uneven floors
- All modular components have standard wire openings from inside the pedestal to the kneespace allowing quick access to technology below

### DRAWERS

- Drawers feature 5-sided construction allowing for easy removal of drawer fronts
- Drawer fronts are 3-ply, 3/4" thick thermally fused laminate on both faces with matching PVC banded edges
- All drawer sides are 1/2" thick woodgrain vinyl-wrapped construction with mitered corners
- Box and file drawers have 1/8" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature 1/4" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

### FILING

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Letter width file drawers provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

### LOCKING

- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core will match pull color (if applicable, otherwise specify)

[See Canvas Reception Overview for Ordering Options](#)

Jefferson echoes history and creates a timeless foundation for today's sophisticated work place. Finely crafted in select solids with Walnut and Cherry veneers, the tailored details of this collection accentuate our expert craftsmanship and perfect attention to detail.

Jefferson forges traditional styling with modern sensibility with new Height Adjustable options and coordinating reception models, allowing the premium feel and flexibility of Jefferson to easily function throughout entire facilities.

### CONSTRUCTION

*Jefferson features a Veneer chassis with your choice of a Veneer or HPL top. Units ship assembled unless otherwise noted.*

#### VENEER

- Choose from premium or select veneer on exposed surfaces in American Black Walnut or Cherry species in bookmatched veneer faces
- Veneers are carefully selected and matched to assure proper balance and consistency

#### TOPS

- Veneer tops offer a 5-ply balanced construction, 1 $\frac{3}{16}$ " thick with solid hardwood mitered rims
- High Pressure Laminate (HPL) tops offer a 3-ply balanced construction, 1 $\frac{3}{16}$ " thick with solid hardwood mitered rims
- Grain direction runs left-to-right unless otherwise noted
- All Jefferson tops are standard with the Jefferson edge profile (C2), unless otherwise noted.

#### CHASSIS

- Chassis is securely fastened using high quality European fastening systems, heavy-duty, 16-gauge joining brackets and wood dowels to assure maximum strength
- Bases are solid hardwood with mitered corners
- All units have finished veneer backs
- Construction offers tight tolerances and long term durability
- All units equipped with heavy-duty, adjustable glides to ensure proper leveling and compensate for uneven floors
- Vertical grain direction on chassis

#### DRAWERS

- Drawer fronts standard with bookmatched veneer faces
- Fronts are 3-ply construction and  $\frac{3}{4}$ " thick
- Drawer interiors are dovetail, wood constructed with  $\frac{7}{16}$ " hardwood sides and backs and  $\frac{5}{32}$ " thick hardboard bottoms
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- Box and file drawers are tested for 100lb capacity
- All suspensions have a limited lifetime warranty
- Optional soft close is available on center, box, and file drawers, unless otherwise noted ([see option details](#)): **File drawers with the soft close option feature front-to-back filing.**

#### FILING

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Optional soft close on box and file drawers allows front-to-back filing in file drawer**

#### FILING (CONT)

- Legal width file drawers provide legal filing front to back, and letter or legal filing side to side
- Letter width file drawers provide letter filing front to back, and letter or legal filing side to side

#### LOCKING

- Central locking is standard on all desks; one key in the lock cylinder locks all drawers in the desk
- Pedestal locking for credenzas and returns
- Lock core color will coordinate with pull selection (brass pulls will have black cores, while aluminum pulls will have silver cores)
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge.

#### CORD MANAGEMENT

- Grommets may be ordered in the tops of desks, returns, bridges, and credenzas
- [See all grommet options and locations](#)
- Wire Managers available for additional cord management; [See Accessories](#)

**DRAWER AND DOOR PULL OPTIONS**

Units with doors and drawers will feature coordinating pulls however door and drawer pulls cannot be intermixed.

ARA	Arlington A, Antique Brass	JEF	Jefferson, Antique Brass
ARB	Arlington B, Antique Brass	ALB	Liberty, Aluminum
WLM	Wilmington, Antique Brass		

**DRAWER TRACK OPTIONS**

Soft close tracks are available on center, tray, box, and file drawers in Jefferson. Soft close drawer tracks have many benefits including reduced stress on the unit, extends the life of the drawer, and ensures a gentle close so fingers don't accidentally get hurt. **File drawers with the soft close option feature front-to-back filing.** Must specify when ordering.

**Pricing is per Drawer, not per Model/Unit**

SFTCL	Soft Close Drawer Track	\$	34
-------	-------------------------	----	----

**LOCKING FLIP DOWN CENTER DRAWER**

Single and double pedestal desks and kneespace credenzas standard with a center drawer have an optional central locking, keyboard flip down drawer. Drawer front is wood veneer with laminate drawer interior.

LFD Locking Flip Down Front Center Drawer \$ 82

**MOLDING OPTIONS**

All standard, height adjustable, and reception units ship with decorative pencil molding. If you do not want molding, please specify "NO MOLDING" when ordering each model.

Modular components come standard with no molding. To accommodate for flush ends, molding is offered as an option. Specify one of the following codes when ordering.

STD	No Molding	\$	Std
MR46R1	Molding on Right Side Only	\$	85
MR46L1	Molding on Left Side Only	\$	85
M46LR	Molding on Both Right and Left Sides	\$	170

*Note: Left or right is determined when facing the front of the unit.*

**WORKSURFACE GROMMETS FOR RECEPTION**

GC	Grommet, Center; Must Specify Black (BLK) or Silver (SLV)	\$	52
GL	Grommet, Left; Must Specify Black (BLK) or Silver (SLV)	\$	52
GR	Grommet, Right; Must Specify Black (BLK) or Silver (SLV)	\$	52

Verify Grommet Option is available on the model(s) you are specifying using the location.

Grommets may be ordered in non-standard locations. Call Customer Service to assist with specification. Note additional charges and lead times may apply.

Multiple locations may be selected.

OPEN MARKET ONLY

**Description**

- For Use with Wireless Charging Enabled Devices
- 5 Watts Maximum Output with a Direct Current of 5V 2A and 10 Watts Maximum with Quick Charge 2.0
- Mounts in 76mm Round Cut-Out
- LED will Confirm Pairing with Device and Begin Wireless Charging

OPEN MARKET ONLY

**Description**

- For Use with Wireless Charging Enabled Devices and USB Charging Devices
- 5 Watt Maximum Output with a Direct Current Input of 5V 6A (Wireless Fast Charge)
- Mounts in 76mm Round Cut-Out
- Pop-Up is  $\frac{3}{4}$ "H and Includes Three (3) USB Ports; One (1) 12 Watt Maximum with 2.4A (USB Fast Charge) and Two (2) 5 Watt with 1A (USB Standard Charge)
- LED Light will Confirm Pairing with Device and Begin Wireless Charging
- UL and cUL Certified

**Description**

- One (1) USB A+C and One (1) Power Outlets
- Soft Touch Hinged Lid
- 6' Power Cord

**Description**

- Two (2) Power Outlets, Two (2) USB Connections, One (1) Data, One (1) Voice Telecom Plate Included
- Shown with Optional Telecom Plates; Sold Separately ([See Telecom Plates](#))
- Convenience Plug on Bottom
- 6' Power Cord
- UL and CSA Recognized
