Indiana
FURNITURE

Being over a century old hasn't slowed us down! Sure, we are still the reliable, ethical company that was born in southern Indiana, steeped in quality, craftsmanship, and service. But have you seen our latest introductions? We are making a splash with design and challenging the concept of modern offices. Go ahead. Take a look. You know you want to.

Our Pledge to People + Our Planet.

We've been making wood furniture longer than just about anyone...and we want to be doing so for a long time to come. That's a large part of why we take a stewardship approach to our resources. We believe that environmental sustainability and business profits need not be mutually exclusive. They can and should exist side by side in a mutually beneficial relationship. And for more than a century, we've been showing how it's done.

We've proven our commitment to a sustainable future by supporting the standards and programs that protect our home planet and human health. Whether it's local sourcing, reducing contaminants, implementing wellness and safety programs, or diverting waste from landfills, social responsibility is a part of every decision we make at Indiana Furniture.

One of the surest ways to reduce our impact on the planet is to make and buy things that last. And this one's a natural for us. Our products are made with craftsmanship and attention to detail that are a part of our more than a century-long legacy in wood manufacturing. And our products are backed by our 12-year warranty, which facilitates maintenance, servicing and reassembly.

All of our product lines:

- Are manufactured and assembled in the USA,
- Meet or exceed Indoor Air quality standards*,
- Meet or exceed BIFMA level® Sustainability standards and certification*,
- Conform to the BIFMA Compliance standards*,
- Comply with TSCA Title VI (CARB) standards,
- and can contribute to U.S. Green Building's LEED Program.

To learn more, simply go to www.IndianaFurniture.com/resources.

Ease of Specification

Whether you're looking to specify your office spaces or simply to visualize them in the options and surface materials you are desiring, we make it easy. You can find the entire Indiana Furniture portfolio on the following third-party, space-planning platforms.

* Recently launched or new products may still be in testing; Cush Pillows is currently not BIFMA Compliant due to no available compliance test.

From classrooms to meeting rooms, libraries to auditoriums, our Spark multi-use tables couple design with functionality to create flexible learning and collaborative environments. With a variety of sizes, surface materials, and options for flip/nest, mobile, and static bases, as well as accessories like ganging brackets, modesty panels, power units, and lecterns, Spark can be easily configured, and reconfigured, to accommodate changing group sizes and engagement needs.

CONSTRUCTION

TOPS

- Thermally-Fused Laminate (TFL) and High-Pressure Laminate (HPL) are made of woodgrain and solid color laminates fused to particleboard core; each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance
- Veneer tops feature UVAdvantage, an ultra-violet finish on all exposed surfaces by utilizing roll-coat UV technology
- Tops feature Square (Y) edge profile with horizontal/left-to-right grain direction
- TFL tops are 1" thick with 3mm PVC rim, HPL tops are 1 $\frac{3}{16}$ " thick with 3mm PVC rim, and Veneer tops are 1 $\frac{3}{16}$ " thick with 3mm edge banding; Designer White, Sugar Maple, and Williamsburg Cherry feature ABS edge bands
- Tops are pre-drilled for the specified base assembly, ganging brackets and modesty panels
- Ganging Brackets are field installed with #10 x $\frac{7}{8}$ " pan head screws, mounting hardware include
- Lecterns feature 1" thick top with Vertical Square (H) edge profile and horizontal/left-to-right grain direction; TFL or HPL tops have 1mm PVC rim with a TFL chassis while Veneer tops have 0.5mm edge banding with a Veneer chassis

BASES

- Bases are powder-coated in Aluminum, Black, or Snow
- Legs feature built-in wire management and are steel with 3mm steel mounting plates
- Bases with casters feature 60mm locking casters and are paired with pre-determined coordinating colors: Aluminum and Snow bases are paired with white casters while Black bases are paired with black casters
- Static Base includes nylon adjustable glides
- Some Assembly Required

POWER/DATA/CORD MANAGEMENT

- Grommets are 2 $\frac{3}{8}$ " in diameter and available in black or silver in tops
- Power/Data units available for under-surface mount, routed into tops, or for use in standard grommet holes
- Power/Data Units comply with FCC Part 15A and UL
- Standard Power/Data plugs and Purl Daisy-Chain connections are available; Purl Daisy Chain is a non-sequential system; connect up to 9 modules

LECTERNS

- Height adjustable Lectern include a paddle-controlled pneumatic lift with 16" height adjustment range
- Lecterns feature Vertical Square (H) edge profile and 37mm black locking casters

ACOUSTIC

- Acoustic Surrounds on Lecterns and Modesty Panels are $\frac{1}{2}$ " (12mm) thick and constructed of 100% polyester made from up to 50% recycled materials without the use of adhesive or other bonding agents
- 100% recyclable

Colors represented are high-resolution reproductions and may vary slightly from the actual product. To order samples, please contact our Customer Service team or order online at www.indianafurniture.com. Graining and finish colors may vary, yet will continue to complement, across Veneer, HPL, TFL, and Seating products due to the inherent differences of these materials.
