FURNITURE

Our Pledge to People + Our Planet.

We've been making wood furniture longer than just about anyone...and we want to be doing so for a long time to come. That's a large part of why we take a stewardship approach to our resources. We believe that environmental sustainability and business profits need not be mutually exclusive. They can and should exist side by side in a mutually beneficial relationship. And for more than a century, we've been showing how it's done.

We've proven our commitment to a sustainable future by supporting the standards and programs that protect our home planet and human health. Whether it's local sourcing, reducing contaminants, implementing wellness and safety programs, or diverting waste from landfills, social responsibility is a part of every decision we make at Indiana Furniture.

One of the surest ways to reduce our impact on the planet is to make and buy things that last. And this one's a natural for us. Our products are made with craftsmanship and attention to detail that are a part of our legacy in wood manufacturing. And our products are backed by our 12-year warranty, which facilitates maintenance, servicing, and reassembly.

100% of our product lines:

- Are manufactured and assembled in the USA,
- Meet or exceed Indoor Air quality standards*,
- Meet or exceed BIFMA level® Sustainability standards and certification*,
- Conform to the BIFMA Compliance standards and certification*,
- Comply with TSCA Title VI (CARB) standards,
- and can contribute to LEED®, Green Globes®, and WELL® Sustainable Programs.

UPHOLSTERY OPTIONS + RECOMMENDATIONS

Available in single or contrasting upholsteries in a wide variety of graded-in or contract options, including fabric, vinyl, and leather.

When using contrasting upholstery, note that the Accent Upholstery will be shown on the front and back side of the unit.

Single Upholstery

Contrasting Upholstery

Some upholsteries are considered directional, such as stripes, patterns and plaids. Customer may specify how fabric is cut (up the roll or across the roll). If not specified, upholsteries are reviewed by production for the best application. Certain upholsteries may require the pattern to be applied up the roll, which creates additional seams in the seat and backs of select units. When contrasting upholstery is specified and any fabric direction selection is requested or deemed best applied up the roll then all fabric direction selections will be applied up the roll.

[See the COL/COM Form for additional details.](#)

Additional seams for the 15-P33 when upholstery is cut up the roll.

Shown with Accent Upholstery cut Up the Roll and applied with the seam. Primary Upholstery cut Across the Roll and applied with no seam. This will only apply to 15-P33.

FIFTEEN PODS

PODS + TABLES BY PLEDGE (15 SERIES)

CREATING A BOOTH

At the time of specifying a Pod, we ask that you also designate whether or not you'll be creating a booth.

To insure all necessary hardware is factory installed when creating a booth:

- Order the correct number of Pods to support the Center Panel specified. Single-sided Center Panels require two Pods of any combination model/width
- Each Pod specified must indicate which end will connect to the Center Panel. Left end and right end are determined as you are standing looking at the Pod. For example a single-sided Center Panel requires one Pod specified as a left connection and one Pod specified as right connection.
- Tables and TV Brackets must be ordered separately, however, the Center Panel must be ordered with the corresponding options for connection.
- Tables are not freestanding and must be supported by a Center Panel.
- Keep users connected by specifying and ordering power/data units for the Pods and Table!

CENTER PANEL DESIGNATORS

Pods will be modified to accept Center Panels as specified. We ask that all Pods designate if a Center Panel will be used and which side of the Pod will need to be attached. Left or Right location is based on facing the Pod.

Note: Center Panel must be ordered separately.

- NONE No Center Panel
- LEFT Center Panel on Left
- RIGHT Center Panel on Right

CENTER PANEL TABLE OPTIONS

When ordering a Center Panel, we ask that you also designate whether or not you plan to use a View Table with it. This will ensure that the table attachment bracket and a grommet are factory installed for your convenience.

- TBLBKT Table Bracket

COM/COL & Graded-In Programs

COM - CUSTOMER'S OWN MATERIAL

All Indiana Furniture seating is available with material furnished by the customer. Refer to grade 1 for list prices. Refer to individual model number for COM yardage requirements. The listed COM yardage requirement is based on the use of non-directional upholstery 54" wide for a quantity of one chair. Extra upholstery is required to match any pattern with a repeat, either vertically or horizontally. Use the chart below as a guide to add to plain COM yardage requirements listed in the price list.

For multiple chair quantities, contact customer service to optimize the yardage per chair at 800-422-5727.

Upholstery	Plain	2"- 14"	15"- 27"	28"- 36"
Width	Upholstery	Repeat	Repeat	Repeat
54"	0%	10%	25%	30%

Upholsteries less than 54" wide will not be accepted.

Due to the upholstering process used by Indiana Furniture, some COM upholsteries are considered directional that may not be considered directional by the upholstery supplier. All Upholstery COM's are cut "up the roll" and all vinyls are cut "across the roll" by Indiana Furniture unless otherwise directed by the customer (see below). All directional upholsteries on Indiana Furniture frames match both vertically and horizontally. If you do not desire repeat match, please specify on order.

Note: Directional upholsteries, such as stripes, patterns and plaids may not meet your satisfaction due to contoured shapes and tufting of some models. Should you require such a selection, we will upholster as perfect as possible, but such orders are not subject to return. If in doubt, contact your Indiana Furniture Customer Service Representative prior to placing the order.

COM/COL ORDERING INSTRUCTIONS:

Fill out the form below and attach sample according to instructions on reverse side of form. **COM's/COL's must meet and include written confirmation from the supplier verifying CALTB 117-2013 compliance and you must designate the flammability materials within for the TB 117-2013 label.** Check the box above to comply with California Business and Professions Code Section 19094. Failure to complete these forms and supply samples will delay the scheduling of the purchase order. Orders will not be scheduled until upholstery is received from the supplier. Upholstery should not be ordered until Indiana Furniture has verified the yardage required.

COL - CUSTOMER'S OWN LEATHER

Indiana Furniture is pleased to accommodate COL selections whenever this special need arises. Refer to grade 1 for list prices. To calculate COL requirements, multiply the COM yardage required times 18 (1 yard of upholstery = 18 sq. ft. of usable leather). Customer's own leather specifications for Indiana Furniture seating shown within the price list are based on an average hide size of 45-50 square feet.

All square footage requirements are based on usable footage. The shape of a hide and the usable, clean footage may make it necessary for us to request more leather after COL is received.

Please note leather is a natural product, and variation in texture is a pleasing quality belonging exclusively to high grade, full top grain leathers.

Indiana Furniture reserves the right to inspect, approve, or reject any COM/COL upholstery. Once approved, Indiana Furniture cannot assume responsibility for the durability or tailoring quality of COM/COL material.

COM/COL Ordering Instructions:

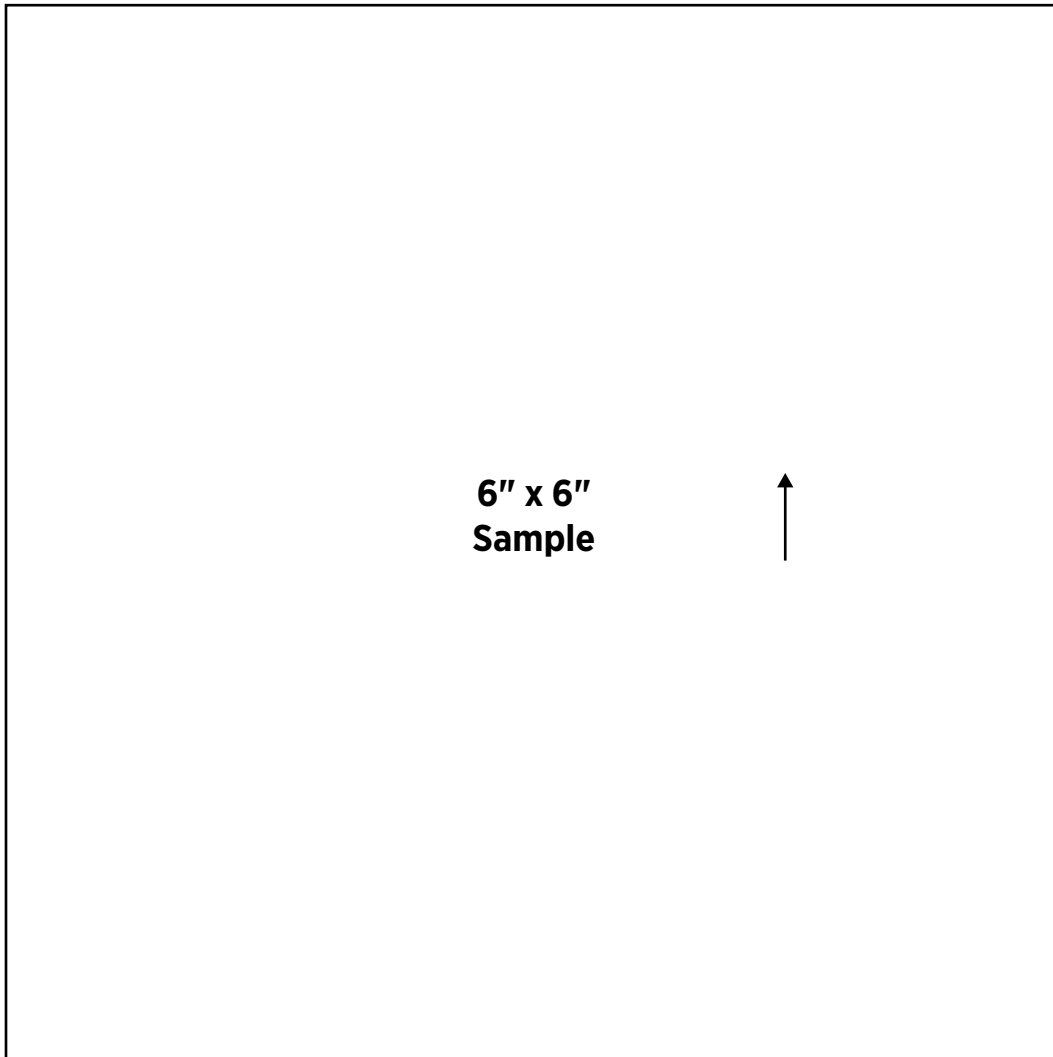

1. Include a 6" sample of the upholstery stapled to the order indicating which side is to be exposed.
2. If COM has a pattern or stripe, indicate whether to apply vertically or horizontally. All stripes will be applied vertically unless specified otherwise.
3. Specify the upholstery supplier's name, upholstery pattern, pattern color, and pattern number.

For TB 117-2013, the upholstery materials in this product (check one):

CONTROL OPTIONS

See individual series within this price list for control options and pricing.

Knee-Tilt Control

The Knee-Tilt control features a heavy-duty torsion bar or a spring tension control which allows variable tension for different body sizes and weights, and minimal rise of the seat's front edge. This allows the user's feet to remain planted while reclining to a relaxing position.

CAL 133 CERTIFICATION

California Technical Bulletin 133 (TB133 or CAL133) is a composite fire test for fully-assembled seating manufactured for use in certain public buildings. As such, the certification is specific to the fabric that is used in conjunction with the frame and the barrier. Many Indiana Furniture seating products, in combination with some of our standard fabrics, can be manufactured to meet the requirements for certification. Depending on the frame style, a fire-retardant barrier or fire-retardant foam will be incorporated in the chair construction to provide the best opportunity for a successful CAL133 burn test.

The cost of the test is \$1220 (net) which includes the test, freight to the test facility and the fully-assembled test sample. Once payment has been made, please allow approximately 6-8 weeks for the production of the chair and the completion of the test. Once we receive the successful certification, the order may be placed allowing for 1 week extra lead time using the "CAL" prefix on the model number with an upcharge of \$185 list per chair. Please contact Customer Service at 800.422.5727 to order the test.

If you do not need the actual Certification, but wish to have the chairs manufactured to meet the regulation, we can upholster the chair using the fire-retardant components at the \$154 list upcharge per chair. Please order the appropriate frame allowing for 1 week extra lead time, using the "CAL" prefix in front of the model number.

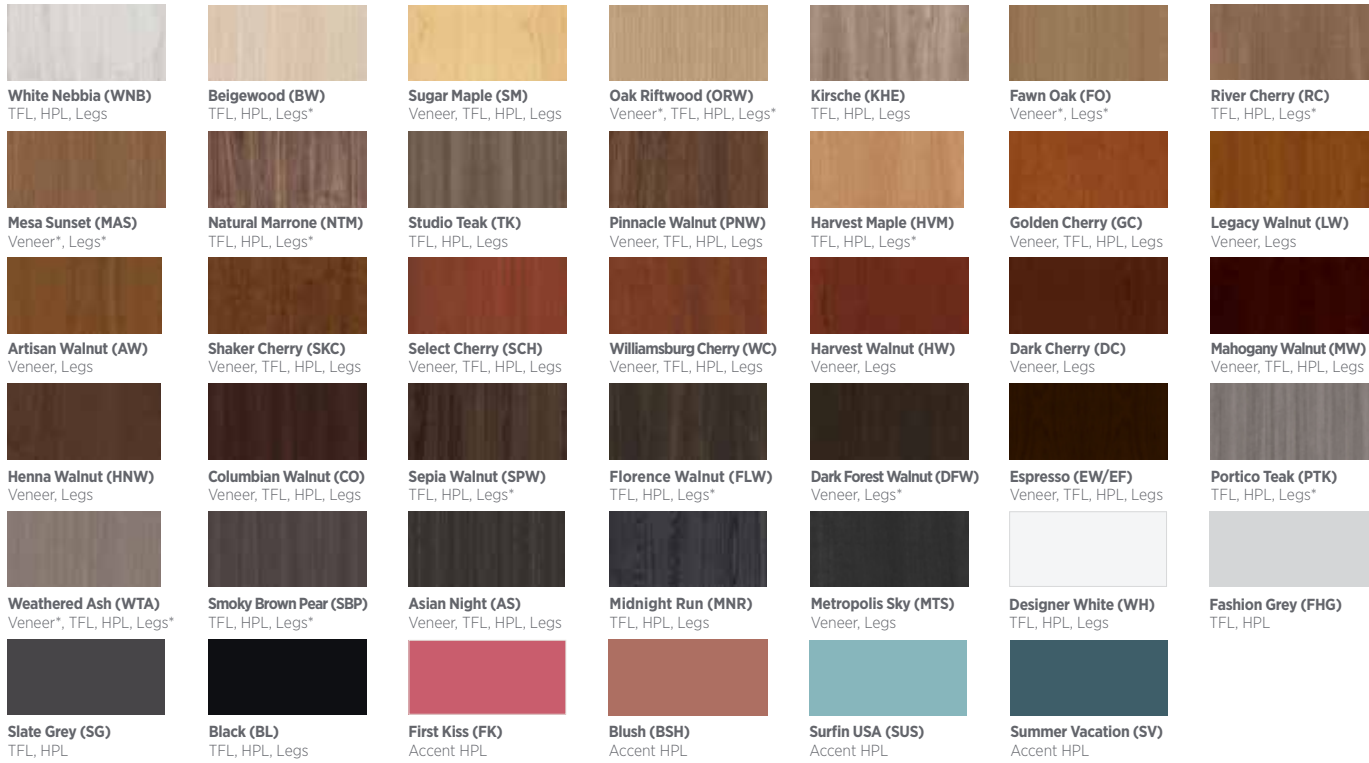

CAL	California Test Cost (NET)	\$ 1220
	Up Charge Per Chair	\$ 185

Please note that if you wish to have Certification on a COM material, Indiana Furniture must approve the fabric according to the COM policy as well.
