

iQ QUICKSHIP PROGRAM

PRICING EFFECTIVE JUNE 1, 2026

Indiana
FURNITURE

iq

THE SMART WAY TO GET FURNITURE FASTER.

Say hello to Indiana Furniture's Quickship Program, iQ, where you can specify some of our most popular products on a faster timeline. iQ orders will be shipped approximately two weeks after receipt of a 'clean' order and date of credit approval.

Products include Canvas Casegoods, Canvas Reception, and Chat Tables, along with Joy, Rockstar, and Dab Seating. Select from a broad range of models, options, and materials to quickly outfit offices and add to spaces without sacrificing style and functionality.

Some model restrictions may apply. Available factory capacity for iQ is filled by orders received on a first come, first served basis. If a product series or item is impacted by extended lead times, the iQ models may also receive an extended lead time. Cancellations or changes to iQ orders are not allowed under any circumstances. Refer to the iQ price list for full Terms + Conditions, available models, materials, and options.

**ALL iQ ORDERS MUST REQUEST QUICKSHIP SERVICE
AT THE TIME THE ORDER IS PLACED.**

IQ MODELS + OPTIONS

Only models and options found in this iQ Price List + Specification Guide are available on Indiana's Quickship Program. These product series may be offered with additional models, options, and materials at standard lead times.

ORDERING INFORMATION

All orders should be placed with:

Indiana Furniture
PO Box 270, 1919 Hospitality Dr., Ste. A
Jasper, IN 47547-0270

Fax: 812.482.9035

email: neworders@indianafurniture.com

ORDER PROCEDURE

To ensure timely processing, all orders must include:

- **Must Request: QUICKSHIP SERVICE**
- Purchase Order Number
- Sold To and Ship To Addresses
- Call Before Delivery Phone Number and Contact Name
- Complete Model Numbers and Quantity for All Units
- Finish Selections
- Fabric Vendor/Pattern/Color, if applicable
- Other Applicable Options
- Any Special Delivery or Product Instructions

A drawing or sketch of the planned configuration in modular applications will facilitate order processing.

How to Order examples are located at the beginning of each Series. Each model has additional information on How to Specify. For further clarification, contact Sales Support at 800.422.5727.

PRICING

All prices are suggested retail, F.O.B. Point of Origin, freight prepaid and allowed to one continental US destination. Prices, specifications and materials are subject to change without notice. Possession and/or distribution of this price list does not in itself constitute an offer to sell. Orders can be received only from authorized Indiana Furniture dealers. Orders will be billed at prices at time of shipment, unless previously acknowledged prior to the effective date of a price change, in which case billing will be at the price acknowledged.

Indiana Furniture accepts Visa, MasterCard and American Express. Please contact Sales Support for policy details.

ACKNOWLEDGMENT

Cleanly specified orders are acknowledged in a timely manner. The acknowledgment reflects how the order was entered, the estimated ship y date, and other pertinent information. This acknowledgment serves as the final agreement between the customer and Indiana Furniture, and is the exclusive statement of the terms thereof. The customer bears sole responsibility for order correctness.

Shipping fees (see Delivery + Freight Charges) are added at the time of invoicing. Shipping charges will be listed on direct bill and GSA orders due to the nature of the contract, but not on commercial or dealer-billed orders.

BUYER'S OBLIGATION: RIGHTS OF SELLER

If Indiana Furniture shall, at any time, doubt Buyer's financial responsibility, Indiana Furniture may decline to make shipments hereunder except upon receipt of cash payment in advance or security or other proof of responsibility satisfactory to Indiana Furniture. If buyer fails in any way to fulfill the terms and conditions set forth herein, Indiana Furniture may defer shipments until such default is corrected. Remedies provided herein shall be in addition to, and not in lieu of other remedies. Buyer agrees to abide by payment terms as listed on invoice. Buyer shall pay all reasonable costs and expenses, including attorney and collection fees, and late fees, incurred by Seller in connection with any amounts due for goods ordered.

CANCELLATIONS + CHANGES

Cancellations and changes to IQ orders are not allowed under any circumstances.

PRODUCT DESIGN + SPECIFICATION CHANGES

Indiana Furniture reserves the right to make changes in design and construction or discontinue products without prior notice. Note: All dimensions listed in price list are nominal.

REPAIR CHARGES

Indiana Furniture will only pay repair charges if Sales Support gives prior written authorization. No repair charge will be paid without advance approval at which time a repair authorization number will be issued and must appear on the invoice to Indiana Furniture for the completed work.

DAMAGED/MISSING MERCHANDISE

The consignee is responsible for reporting all damage and shortages to Sales Support.

- The consignee must inspect all merchandise upon arrival.
- Do not refuse merchandise damaged in transit.
- Missing cartons and obvious damage must be noted on the freight bill at the time of delivery.
- Claims for missing cartons should be reported immediately for the best chance of recovery and to avoid delays in completing the delivery.
- Claims for both obvious and concealed damage must be filed within 15 calendar days of receipt of product
- Damaged merchandise must not have been moved from the original receiving location and must be reported prior to any attempt to install the product.
- All damaged merchandise, including the cartons and packing materials, must be retained for inspection by either the carrier or by an Indiana Furniture Sales Representative.

Be prepared to provide the following information when contacting Sales Support:

- Copy of Signed Freight Bill (with noted issues, if applicable)
- Original Order Number
- Model Number of the Damaged Item
- Photos of the Damaged Carton/Item

All damage claims are subject to review and approval. Once your damage claim has been evaluated, we will determine the best resolution, including repair or replacement where applicable. Indiana Furniture reserves the right to select the most cost effective way to resolve the claim.

DELIVERY + FREIGHT CHARGES

iQ shipments will take place approximately two weeks after receipt of a 'clean' order and date of credit approval.

All shipments are F.O.B. Point of Origin, Jasper, IN, freight prepaid and allowed dock to dock on 53' trailer. Ownership and responsibility of the merchandise become that of the buyer upon delivery to the freight company. Shipments into Alaska, Hawaii, Canada, Mexico, Puerto Rico and other exports are freight prepaid and allowed to port of exit.

Shipping fees added at the time of invoicing.

- Shipments under \$3000 (net value, product only) will incur a \$300 net fee per shipment.
- Small-package carrier shipments:
 - Orders \$100 or less will receive a \$22 fee
 - Orders over \$100 will receive a \$40 fee

Carrier selection and routing are at Indiana Furniture's discretion. Requests for favored carriers and delivery times will be accommodated when possible.

After-hours delivery fees:

- Monday through Thursday after 3pm: \$300 per truck
- Friday after 3pm or weekends: \$600 per truck

Inside delivery and installation services are not included in the price shown. Any deviation from dock-to-dock delivery, such as but not limited to, non-dock, residential, or inside delivery must be specified on the order. Should these services be requested or required, please contact Sales Support regarding the availability of services and a quote. All charges incurred will be charged to the "Sold To" of the order.

BIFMA + ANSI TESTING

Indiana Furniture is a member of the Business and Institutional Furniture Manufacturer's Association (BIFMA). Tests developed by the BIFMA and approved by the American National Standards Institute (ANSI) determine the strength and durability of casegoods and seating in its everyday use. Although this testing does not serve as a warranty or guarantee, Indiana Furniture products within this price list have been tested by an independent verifying body and meet or exceed applicable BIFMA and ANSI Standards..

Subject to the limitations set forth in this warranty, Indiana Furniture Industries, Inc. ("Indiana Furniture") warrants to the original purchaser all product in this price list ("Product") to be free from defects in material and workmanship given normal use for a **12-year period from the date of manufacture**. During the applicable warranty period, Indiana Furniture, as its sole obligation, will repair or replace (in Indiana Furniture's sole discretion) any Product, Part, or Component covered by this warranty and sold after June 1, 2026, which fails under normal use as a result of a defect in material or workmanship. Normal use is defined as the equivalent of a single shift, 40-hour work week. Indiana Furniture will repair or replace the defective Product, Part, or Component with a comparable Product, Part, or Component.

Warranty periods are limited, from the date of manufacture, for certain Products, Parts, and Components as follows:

5-Year Warranty (from the date of manufacture)

- Triple Play Series
- Electrical Components Including Lighting, Power Ports (see exclusions), and Adjustable Height Components
- Pneumatic Cylinders on Casegoods, Tables, and Seating
- Textiles, Foam, and Decorative Trim
- Swivel Arm Pads
- Keyboard Kits and Monitor Arms

3-Year Warranty (from the date of manufacture)

- Dock 950 Wireless Charger
- Dock 150 Wireless and USB Charger

THIS WARRANTY DOES NOT COVER:

- Damage caused by a carrier or third party
- Normal or routine wear and tear
- Appearance, durability, quality, behavior, colorfastness, or any other attribute of customer's own materials or any non-standard Indiana Furniture material (including CF Stinson, Maharam, Momentum, Mayer, UltraFabrics, Architex, and other alliance programs) specified by the customer and applied to a Product
- Color, grain or texture of wood, laminate and other covering materials
- Changes in wood or fabric color due to aging or exposure to light
- Labor and Service not covered under warranty
- Installation Damage (Wall Panels damaged during the installation of additional Product including but not limited to Wall Panel Shelves, Tackboards, or TV Mounts)
- Products or Components attached in some manner to any other manufacturer's products or components (e.g., Indiana Furniture Conference Tops attached to another manufacturer's bases)
- Noncompliance with installation and maintenance instructions

As the manufacturer of the Product, Indiana Furniture stands behind its craftsmanship and pledges to do everything it can to reasonably resolve, as quickly as possible, any problems you may have with the Product within the terms and conditions of this warranty.

If you encounter a defect covered by the foregoing warranty, contact the dealer from whom you purchased the Product. If the dealer is unable to resolve your warranty issues, you should contact Indiana Furniture. Please ensure that you have all of the pertinent facts when contacting the dealer or Indiana Furniture, including the model number and factory order number from the inspection label attached to the Product.

INDIANA FURNITURE IS NOT PROVIDING, AND SPECIFICALLY DISCLAIMS, ANY OTHER WARRANTIES FOR THE PRODUCTS, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. INDIANA FURNITURE SHALL NOT BE LIABLE TO THE PURCHASER OR ANY THIRD PARTY FOR CONSEQUENTIAL, INCIDENTAL, INDIRECT, OR SPECIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, DAMAGES ARISING OUT OF OR RESULTING IN ANY MALFUNCTIONS, DELAYS, LOSS OF PROFIT, INTERRUPTION OF BUSINESS, PERSONAL INJURY, BODILY INJURY, DEATH, DISMEMBERMENT, OR PROPERTY DAMAGE.

iQ Casegoods

Always stylish, comfortable, and effortlessly adaptable, Canvas enlivens environments with refined aesthetics born from an appealing mix of materials, finishes, and components. The redesign and expansion of integrated height adjustable units provides opportunities for more elegant and clean styling. Metal accents within the line give you multiple choices to customize a look for modern offices.

CONSTRUCTION

Canvas Casegoods feature a TFL chassis with a TFL top. Units ship assembled unless otherwise noted.

LAMINATES

- Exposed surfaces are woodgrain and solid color laminates fused to particle-board core
- Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance

TOPS

- Tops are 1" thick Thermally-Fused Laminate (TFL) with 3mm matching PVC rims on profiled edges and 1mm PVC rims on self edges; Designer White and Williamsburg Cherry feature ABS edge bands
- Grain direction runs left-to-right unless otherwise noted

CHASSIS

- Chassis is securely fastened using high-quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors
- All desks, non-lateral credenzas, and returns have wire management access from pedestal to kneespace

DRAWERS

- Drawers feature 5-sided construction allowing for easy removal of drawer fronts
- Drawer fronts are 3-ply construction, ¾" thick with matched grain
- Drawer sides, back, and front are ½" thick, woodgrain vinyl wrapped construction with mitered corners
- Box and file drawers feature full extension, progressive action slides with precision steel ball bearings allowing side-to-side and front-to-back
- Optional soft close on box and file drawers allows front-to-back filing in file drawers
- Box and file drawers have ⅝" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature ¼" thick bottoms. Drawers are tested for 200lbs of equally distributed weight (e.g., hanging file folders) and 65lbs of bottom load weight (e.g., stacked catalogs)
- All suspensions have a limited lifetime warranty

FILING

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Optional soft close on box and file drawers allows front-to-back filing in file drawer
- Letter width file drawers provide letter filing front-to-back and legal filing left-to-right
- Lateral file drawers provide legal or letter filing front-to-back or left-to-right

STORAGE

- All hinged doors include soft close hinges, unless noted
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING

- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core is predetermined by pull color. Black lock cores are used with black and gold pulls while silver lock cores are used with chrome and aluminum pulls

CORD MANAGEMENT

- Grommets may be ordered in the tops of all assembled desks, returns, bridges, credenzas, and component Tops
- All desks, returns, and credenzas (except lateral pedestals) have standard wire openings from inside the pedestal to the kneespace allowing quick access to technology below
- Additionally, returns, bridge units, kneespace credenzas, and hutch units have standard grommets in back panels
- Grommets are also standard in the tops of corner units and extended corner units
- Grommets are 2⅜" and are available in black or silver, must specify color
- [See all grommet options and locations](#)
- Undersurface Wire Manager (01-WMGR4) is available for additional cord management

HEIGHT ADJUSTABLE MECHANISMS

- Optional center drawer, ¾" modesty panels, and kneespace options are not available with height adjustable units
- Height adjustment range 30"H-47"H
- [See additional Height Adjust information](#)
- Height Adjustable units begin [here](#)

INTERIOR DRAWER DIMENSIONS + FILING

HEIGHT ADJUSTABLE MECHANISMS

Height Adjust method that increases user kneespace, offers more stability for overall unit and top construction, and two workspaces can move from sitting to standing simultaneously with or without moving modesty panel.

- Maximum height is 47"
- Recommended load capacity of 180lbs
- Gently adjust worksurface with a 1 second stop at each memory position
- All Desks and Credenza units are compatible with 2-channel and 3-channel returns and bridges. Two-channel models allow workspaces to work independently of each other. Three-Channel models connect to 2-channel models to raise workspaces simultaneously.
- Two height adjustable switches available with three stand-up reminder intervals and four height memory positions (MSWCH)
- Moving Modesty (MOVMOD) option creates a clean aesthetic when seated or standing
- Height adjust control switch is factory installed on all units except Desk Shells, Bridges or 3-Channel units
- Bridges, returns, and credenzas will have an optional grommet on the back panel
- Black, polyester, braided fabric wire management mesh wrap included with worksurface grommet, 10' long, expands up to 1 3/4"
- Grommets and one Latch Duct wire management channel provided within kneespace to manage wires from switch and control box. Two Latch Duct wire management channels will be shipped with Desk Shells

Height Adjustable User Side

2-channel Configuration

Moving Modesty

Black wire management mesh sleeve

HEIGHT ADJUST MODESTY PANEL GROMMET

Height adjustable credenza, bridge and return units feature a modesty panel grommet option for accessing power to a wall.

2-Channel units feature grommet centered on modesty only, 3" down from top. 3-Channel units feature grommets centered on pedestal only, 3" down from top.

Credenza with Modesty Grommet

Height Adjustable Components

We've enhanced our height adjustable options to include a better integrated and easier to specify solution. These new models coupled with our existing modular height adjustable, and all of our standard models and storage options, provide you with the ultimate flexibility to meet the needs of your space and, more importantly, the needs of the user. And, we've made these new models more cost effective for you and more functional and spacious for the user.

Some Highlights of Our Integrated Solutions:

- Adjustable from 30"H to 47"H, with a load capacity up to 180lbs
- Gently adjust one top or multiple tops with a 1 second stop at each memory position
- All Desks and Credenza units are compatible with 2-channel and 3-channel returns and bridges. Two-channel models allow workspaces to work independently of each other. Three-Channel models connect to 2-channel models to raise tops simultaneously.
- Two height adjustable control switches available. Standard up/down switch (SWCH) and advanced switch features Bluetooth capabilities, three stand-up reminder intervals and four height memory positions (MSWCH)
- Moving Modesty (MOVMOD) option creates a clean aesthetic when seated or standing
- Height adjust control switch is factory installed on all units except Desk Shells, Bridges or 3-Channel units
- Bridges, returns, and credenzas have an optional grommet on the back panel
- New black wire management mesh wrap included when top grommet is selected
- Grommets and one Latch Duct wire management channel provided within kneespace to manage wires from switch and control box. Two Latch Duct wire management channels will be shipped with Desk Shells

Black wire management mesh sleeve included with top grommet

Standard 2-Channel Height Adjustable

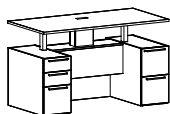

2-Channel Height Adjustable with Box

Standard (SWCH) and Advanced Switch (MSWCH)

Welcome to another level of design. Meet Studio. Boutique-inspired options to give all your working environments a fresh look with a subtle touch of home. Integrated into our ever-popular Canvas Casegood line, Studio models build upon simplicity and flexibility while allowing you to create eye-catching, functional office spaces. Whether you're looking to outfit an executive's office, team space, collaborative area, or anything in between, our Studio components have the look and feel you desire.

CONSTRUCTION

Canvas Studio Quickship features a TFL chassis with a TFL top.

LAMINATES

- Exposed surfaces are woodgrain and solid color laminates fused to particle-board core
- Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance

TOPS

- Tops are 1" thick Thermally-Fused Laminate (TFL) with 3mm matching PVC rims on profiled edges and 1mm PVC rims on self edges; Designer White and Williamsburg Cherry feature ABS edge banding
- Grain direction runs left-to-right unless otherwise noted

CHASSIS

- Chassis is securely fastened using high-quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors

DRAWERS

- Drawers feature 5-sided construction allowing for easy removal of drawer fronts
- Drawer fronts are 3-ply construction, 3/4" thick with matched grain, if applicable
- Drawer sides, back, and front are 1/2" thick, woodgrain vinyl-wrapped construction with mitered corners
- Box and file drawers feature full extension, progressive action slides with precision steel ball bearings allowing side-to-side and front-to-back filing capabilities
- Optional soft close on box and file drawers allows front-to-back filing in file drawers
- Box and file drawers have 1/8" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature 1/4" thick bottoms. Drawers are tested for 200lbs of equally distributed weight (e.g., hanging file folders) and 65lbs of bottom load weight (e.g., stacked catalogs)
- All suspensions have a limited lifetime warranty

FILING

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Optional soft close on box and file drawers allows front-to-back filing in file drawer
- Letter width file drawers provide letter filing front-to-back and legal filing side-to-side
- Lateral file drawers provide legal or letter filing front-to-back or side-to-side

STORAGE

- All hinged doors include soft close hinges, unless noted
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING

- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core is predetermined by pull color. Black lock cores are used with black and gold pulls while silver lock cores are used with chrome and aluminum pulls

CORD MANAGEMENT

- Grommets may be ordered in the tops of all assembled desks, credenzas, and component tops
- Grommets are 2 3/8" and are available in black or silver, must specify color
- [Grommet Options and Locations](#)
- Under-surface Wire Manager ([O1-WMGR4](#)) is available for additional cord management

[See Specification Information](#)

Studio is boutique-inspired options to give all your working environments a fresh look with a subtle touch of home. Integrated into our ever-popular Canvas Casegood lines, Studio models build upon simplicity and flexibility while allowing you to create eye-catching spaces. Whether you're looking to outfit an executive's office, team space, collaborative area, or anything in between, our Studio desk and storage components have the look and feel you desire.

Studio components work with existing Canvas Tops and accessories such as Tackboards, Wall Panels, and Cushions to build the perfect workspace. The slim leg design provides an upscale feel for all of the Studio components. Storage units such as standard height pedestals offer the flexibility to build single or double pedestal desks or credenzas and low height pedestals allow you to create bench style credenzas.

How to Specify Studio

Start with a Pre-Configured Typical or Modular Top to build a Desk, Run-Off, Benching or Credenza

Next, choose from a number of Studio Pedestals options in Standard or Low Height.

Kneespace Modesty Panels are available in Standard or Low Height in TFL.

Add additional storage with Studio Storage Cabinets

Studio Single and Shared Legs images below provide a simple and clean aesthetic. See below for a guide to the aesthetics of single, double, and shared legs)

Single Standard Leg

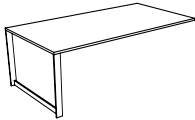

Shared Leg (used between two models)

Double Standard Leg (standard legs used on each model)

Description

- All Tackboards 78" and Longer will Ship in Two (2) Pieces

[See Specification Information](#)

iQ Reception

Explore Canvas Reception models, sizes, and premium details to heighten function and luxury for the user, the environment, and all of your visitors. Choose from waterfall transaction counters with paper slots, conventional transaction counters available in a variety of materials, matching or contrasting overlays, extended gallery returns with storage, ADA returns, and more!

CONSTRUCTION

Canvas Reception features a TFL chassis with a TFL Top and TFL transaction counters. Units ship assembled unless otherwise noted.

LAMINATES

- Exposed surfaces are woodgrain and solid color laminate
- Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance

TOPS

- Worksurfaces are 1" thick thermally-fused laminate (TFL) with 1mm matching PVC rims in a vertical square profile; Designer White and Williamsburg Cherry feature ABS edge bands
- Worksurfaces are shaped on all four sides and fit flush with adjoining worksurfaces for a clean aesthetic
- Transaction tops are edge-banded with a self-edge on all sides

CHASSIS/COMPONENTS

- Worksurfaces, storage components and end panels are securely fastened using high quality European fastening systems, 16-gauge joining brackets and wooden dowels to assure maximum strength
- All units are equipped with heavy-duty glides featuring 1/4" adjustment to ensure proper leveling and compensation for uneven floors
- All modular components have standard wire openings from inside the pedestal to the kneespace allowing quick access to technology below

DRAWERS

- Drawers feature 5-sided construction allowing for easy removal of drawer fronts
- Drawer fronts are 3-ply, 3/4" thick TFL with PVC edge banding
- All drawer sides are 1/2" thick woodgrain vinyl-wrapped construction with mitered corners
- Box and file drawers have 1/8" thick hardboard bottoms, tested for 100lb capacity
- Lateral files feature 1/4" thick bottoms, tested for 200lbs of equally distributed weight (e.g., hanging file folders) and 65lbs of bottom load weight (e.g., stacked catalogs)
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

FILING

- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Letter width file drawers provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

LOCKING

- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core will match pull color (if applicable, otherwise specify)

DRAWER TRACK OPTIONS

Soft close tracks are available on box and file drawers only. Soft close drawer tracks have many benefits including reduced stress on the unit, extends the life of the drawer, and ensures a gentle close so fingers don't accidentally get hurt. File drawers with the soft close option feature front-to-back filing. Must specify when ordering.

Pricing is per Drawer, not per Model/Unit

SFTCL	Soft Close Drawer Track (Box & File Drawers Only)	\$	38

iQ Tables

Chat Work Tables are the perfect place to gather and connect. With desk, counter, and bar heights in widths of 60" to 96" and depths of 24" to 48", Chat allows you to add style and functionality virtually anywhere. Personalize the look and function with contrasting colors and wire management.

CONSTRUCTION

Chat Tables feature a TFL chassis with a TFL top. Units ship KD with some assembly required on all models except 24"D Tables.

LAMINATES

- Exposed surfaces are woodgrain and solid color laminates fused to particle-board core
- Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance

TOPS

- Worksurfaces are 1" thick with 3-ply balanced construction and available in Thermally-Fused Laminate (TFL) with 3mm matching PVC rims contoured to selected profile on users' sides and 1mm PVC rims on ends; Designer White and Williamsburg Cherry feature ABS edge bands
- Grain direction runs Left-to-Right unless otherwise noted

CHASSIS

- Chassis is securely fastened using high-quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors

CORD MANAGEMENT

- When grommets are specified, add Wire Management Upcharge and specify (WM) for the required double modesty on 36", 42" and 48"D work tables.
- 24"D work tables feature a 5/4" recessed modesty panel for cord management and are intended to be used against the wall.

GROMMET OPTIONS

Grommets are available in standard locations, as listed below. Multiple locations may be selected but only one grommet may be used per location.

When specifying grommets for tables 36"D or greater, you must also include the Wire Management (WM) Upcharge in addition to the grommet cost, as double modesties will be used to conceal wires within the center of the unit. See individual pricing pages for upcharge by model and specify WM on order.

iQ Seating

The Dab collection of multi-purpose, stackable seating offers a broad range of functionality and style and is ideal for personal and shared offices, teaming and collaborative areas, training and learning spaces, meeting and huddle rooms, break rooms and cafés, and so much more. With upholstery, mesh, and poly options for seats and backs, as well as armless models, tasking options, and ganging brackets, this line has what it takes to bring a variety of spaces to life.

CONSTRUCTION

- All seats and backs are 0.2" thick mold-injected plastic polypropylene made from 70% recycled material
- Upholstered seats feature 1" thick high grade polyurethane foam
- Upholstered backs have ½" high-grade polyurethane foam
- Black mesh backs are made of woven polypropylene
- Powder-coated steel leg frames are 7/8" in diameter and available in black (BLK) or aluminum (ALUM)
- Rated for up to 275lbs
- Feature black non-leveling plastic glides or 60mm black soft casters for hard surfaces
- Gang models together using the optional steel ganging bracket; we advise against combining chairs with casters and glides
- Ships fully assembled

MORE THAN JUST A GREAT CHAIR

Dab is more than just a great chair. By using recycled content, this chair is all about being sustainable and reducing our carbon footprint. And with every Dab chair ordered, we will donate a percentage of the sales to The Common Thread for The Cure, a foundation dedicated to the battle against breast cancer.

Extend the generosity even further by exploring a variety of patterns from Mayer Fabrics and Momentum Textiles & Wall Coverings, both have partnered with The Common Thread For The Cure to offer donations from specific patterns, allowing Dab to contribute even more to the cause.

[See Specification Information](#)

Joy Seating is both stylish and highly adjustable. Choose from task chairs or stools with mesh backs, and six arm or armless styles. Find the perfect fit with back and lumbar adjustment, seat slider, and synchro-tilt controls. All Joy options are rated for up to 400lbs, making this series the go-to for a diverse range of users, as well as a broad range of applications and design styles.

CONSTRUCTION

- Backs are formed with a steel tubular frame and black or white mesh
- Seats are manufactured of plywood with molded foam, 3" thick
- Contoured seat with waterfall edge for ergonomic comfort
- Lumbar adjustment features 4 positions
- Pneumatic lift for simple and easy seat height adjustment
- Synchro-tilt control features back tilt, multi-angle and locking recline, tension control; seat slider is optional
- Black polyurethane arms with chrome accent, where applicable
- Black nylon or polished aluminum five-star base
- Ships fully assembled
- Rated for up to 400lbs
