UPHOLSTERY OPTIONS + RECOMMENDATIONS

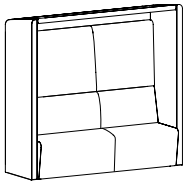

Available in single or contrasting upholsteries in a wide variety of graded-in or contract options, including fabric, vinyl, and leather.

When using contrasting upholstery, note that the Accent Upholstery will be shown on the front and back side of the unit.

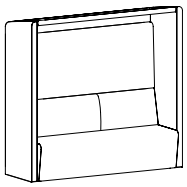

Single Upholstery **Contrasting Upholstery**

Some upholsteries are considered directional, such as stripes, patterns and plaids. Customer may specify how fabric is cut (up the roll or across the roll). If not specified, upholsteries are reviewed by production for the best application. Certain upholsteries may require the pattern to be applied up the roll, which creates additional seams in the seat and backs of select units. When contrasting upholstery is specified and any fabric direction selection is requested or deemed best applied up the roll then all fabric direction selections will be applied up the roll.
See the COL/COM Form for additional details.

Additional seams for the 15-P33 when upholstery is cut up the roll.

Shown with Accent Upholstery cut Up the Roll and applied with the seam. Primary Upholstery cut Across the Roll and applied with no seam. This will only apply to 15-P33.

PODS + TABLES BY PLEDGE (15 SERIES)

CREATING A BOOTH

At the time of specifying a Pod, we ask that you also designate whether or not you'll be creating a booth.

To insure all necessary hardware is factory installed when creating a booth:

- Order the correct number of Pods to support the Center Panel specified. Single-sided Center Panels require two Pods of any combination model/width
- Each Pod specified must indicate which end will connect to the Center Panel. Left end and right end are determined as you are standing looking at the Pod. For example a single-sided Center Panel requires one Pod specified as a left connection and one Pod specified as right connection.
- Tables and TV Brackets must be ordered separately, however, the Center Panel must be ordered with the corresponding options for connection.
- Tables are not freestanding and must be supported by a Center Panel.
- Keep users connected by specifying and ordering power/data units for the Pods and Table!

CENTER PANEL DESIGNATORS

Pods will be modified to accept Center Panels as specified. We ask that all Pods designate if a Center Panel will be used and which side of the Pod will need to be attached. Left or Right location is based on facing the Pod.

Note: Center Panel must be ordered separately.

NONE	No Center Panel
LEFT	Center Panel on Left
RIGHT	Center Panel on Right

CENTER PANEL TABLE OPTIONS

When ordering a Center Panel, we ask that you also designate whether or not you plan to use a View Table with it. This will ensure that the table attachment bracket and a grommet are factory installed for your convenience.

Note: Table must be ordered separately.
