Indiana
FURNITURE

Our Pledge to People + Our Planet.

We've been making wood furniture longer than just about anyone...and we want to be doing so for a long time to come. That's a large part of why we take a stewardship approach to our resources. We believe that environmental sustainability and business profits need not be mutually exclusive. They can and should exist side by side in a mutually beneficial relationship. And for more than a century, we've been showing how it's done.

We've proven our commitment to a sustainable future by supporting the standards and programs that protect our home planet and human health. Whether it's local sourcing, reducing contaminants, implementing wellness and safety programs, or diverting waste from landfills, social responsibility is a part of every decision we make at Indiana Furniture.

One of the surest ways to reduce our impact on the planet is to make and buy things that last. And this one's a natural for us. Our products are made with craftsmanship and attention to detail that are a part of our legacy in wood manufacturing. And our products are backed by our 12-year warranty, which facilitates maintenance, servicing, and reassembly.

100% of our product lines:

- Are manufactured and assembled in the USA,
- Meet or exceed Indoor Air quality standards*,
- Meet or exceed BIFMA level® Sustainability standards and certification*,
- Conform to the BIFMA Compliance standards and certification*,
- Comply with TSCA Title VI (CARB) standards,
- and can contribute to LEED®, Green Globes®, and WELL® Sustainable Programs.

Specification Made Easy.

Whether you're looking to specify your office spaces or simply to visualize them in the options and surface materials you are desiring, we make it easy. You can find the entire Indiana Furniture portfolio on the following third-party, space-planning platforms.

To learn more, simply go to IndianaFurniture.com/resources.

** Recently launched or new products may still be in testing; Cush Pillows is currently not BIFMA Compliant due to no available compliance test.*

GENERAL INFORMATION + CONDITIONS OF SALE

ORDERING INFORMATION

All orders should be placed with:

Indiana Furniture
PO Box 270, 1919 Hospitality Dr., Ste. A
Jasper, IN 47547-0270

Fax: 812.482.9035

email: neworders@indianafurniture.com

ORDER PROCEDURE

To ensure timely processing, all orders must include:

- Purchase Order Number
- Sold To and Ship To Addresses
- Call Before Delivery Phone Number and Contact Name
- Complete Model Numbers and Quantity for All Units
- Finish Selections
- Fabric Vendor/Pattern/Color, if applicable
- Other Applicable Options
- Any Special Delivery or Product Instructions

A drawing or sketch of the planned configuration in modular applications will facilitate order processing.

How to Order illustrations are located at the beginning of each Series. Each model has additional information on How to Specify. For further clarification, contact Sales Support at 800.422.5727.

PRICING

All prices are suggested retail, F.O.B. Point of Origin, freight prepaid and allowed to one continental US destination. Prices, specifications and materials are subject to change without notice. Possession and/or distribution of this price list does not in itself constitute an offer to sell. Orders can be received only from authorized Indiana Furniture dealers. Orders will be billed at prices at time of shipment, unless previously acknowledged prior to the effective date of a price change, in which case billing will be at the price acknowledged.

Indiana Furniture accepts Visa, MasterCard and American Express. Please contact Sales Support for policy details.

ACKNOWLEDGMENT

Cleanly specified orders are acknowledged in a timely manner. The acknowledgment reflects how the order was entered, the estimated ship date, and other pertinent information. This acknowledgment serves as the final agreement between the customer and Indiana Furniture, and is the exclusive statement of the terms thereof. Changes must be requested within one business day of acknowledgment; after that, all production activities begin and the order becomes firm. Please examine this acknowledgment carefully and advise Indiana Furniture immediately of any discrepancies. The customer bears sole responsibility for order correctness.

Shipping fees (see Delivery + Freight Charges) are added at the time of invoicing. Shipping charges will be listed on direct bill and GSA orders due to the nature of the contract, but not on commercial or dealer-billed orders.

BUYER'S OBLIGATION: RIGHTS OF SELLER

If Indiana Furniture shall, at any time, doubt Buyer's financial responsibility, Indiana Furniture may decline to make shipments hereunder except upon receipt of cash payment in advance or security or other proof of responsibility satisfactory to Indiana Furniture. If buyer fails in any way to fulfill the terms and conditions set forth herein, Indiana Furniture may defer shipments until such default is corrected. Remedies provided herein shall be in addition to, and not in lieu of other remedies. Buyer agrees to abide by payment terms as listed on invoice. Buyer shall pay all reasonable costs and expenses, including attorney and collection fees, and late fees, incurred by Seller in connection with any amounts due for goods ordered.

CANCELLATIONS + CHANGES

All products are built-to-order. Once acknowledged (See Acknowledgement), orders are considered firm and are not subject to cancellation or change without approval from Indiana Furniture. All approved changes are subject to additional charges and revised lead times.

PRODUCT DESIGN + SPECIFICATION CHANGES

Indiana Furniture reserves the right to make changes in design and construction or discontinue products without prior notice. Note: All dimensions listed in price list are nominal.

REPAIR CHARGES

Indiana Furniture will only pay repair charges if Sales Support gives prior written authorization. No repair charge will be paid without advance approval at which time a repair authorization number will be issued and must appear on the invoice to Indiana Furniture for the completed work.

WAREHOUSE STORAGE CHARGES

If a shipment is held beyond 7 calendar days at your request, **a .084% per calendar day (2.52% per month) storage charge will be assessed**. The effective date will be 7 calendar days after the acknowledged ship date. Further, the prices applied to the order will be those in effect at the time of shipment.

DAMAGED/MISSING MERCHANDISE

The consignee is responsible for reporting all damage and shortages to Sales Support.

- The consignee must inspect all merchandise upon arrival.
- Do not refuse merchandise damaged in transit.
- Missing cartons and obvious damage must be noted on the freight bill at the time of delivery.
- Claims for missing cartons should be reported immediately for the best chance of recovery and to avoid delays in completing the delivery.
- Claims for both obvious and concealed damage must be filed within 15 calendar days of receipt of product
- Damaged merchandise must not have been moved from the original receiving location and must be reported prior to any attempt to install the product.
- All damaged merchandise, including the cartons and packing materials, must be retained for inspection by either the carrier or by an Indiana Furniture Sales Representative.

Be prepared to provide the following information when contacting Sales Support:

- Copy of Signed Freight Bill (with noted issues, if applicable)
- Original Order Number
- Model Number of the Damaged Item
- Photos of the Damaged Carton/Item

All damage claims are subject to review and approval. Once your damage claim has been evaluated, we will determine the best resolution, including repair or replacement where applicable. Indiana Furniture reserves the right to select the most cost effective way to resolve the claim.

DELIVERY + FREIGHT CHARGES

All shipments are F.O.B. Point of Origin, Jasper, IN, freight prepaid and allowed dock to dock on 53' trailer. Ownership and responsibility of the merchandise become that of the buyer upon delivery to the freight company. Shipments into Alaska, Hawaii, Canada, Mexico, Puerto Rico and other exports are freight prepaid and allowed to port of exit.

Shipping fees added at the time of invoicing.

- Shipments under $3000 (net value, product only) will incur a $300 net fee per shipment.
- Small-package carrier shipments:
    - Orders $100 or less will receive a $22 fee
    - Orders over $100 will receive a $40 fee

Carrier selection and routing are at Indiana Furniture's discretion. Requests for favored carriers and delivery times will be accommodated when possible.

After-hours delivery fees:

- Monday through Thursday after 3pm: $300 per truck
- Friday after 3pm or weekends: $600 per truck

Inside delivery and installation services are not included in the price shown. Any deviation from dock-to-dock delivery, such as but not limited to, non-dock, residential, or inside delivery must be specified on the order. Should these services be requested or required, please contact Sales Support regarding the availability of services and a quote. All charges incurred will be charged to the "Sold To" of the order.

BIFMA + ANSI TESTING

Indiana Furniture is a member of the Business and Institutional Furniture Manufacturer's Association (BIFMA). Tests developed by the BIFMA and approved by the American National Standards Institute (ANSI) determine the strength and durability of casegoods and seating in its everyday use. Although this testing does not serve as a warranty or guarantee, Indiana Furniture products within this price list have been tested by an independent verifying body and meet or exceed applicable BIFMA and ANSI Standards..

Indiana
FURNITURE

Warranty

Subject to the limitations set forth in this warranty, Indiana Furniture Industries, Inc. ("Indiana Furniture") warrants to the original purchaser all product in this price list ("Product") to be free from defects in material and workmanship given normal use for a **12-year period from the date of manufacture**. During the applicable warranty period, Indiana Furniture, as its sole obligation, will repair or replace (in Indiana Furniture's sole discretion) any Product, Part, or Component covered by this warranty and sold after June 1, 2026, which fails under normal use as a result of a defect in material or workmanship. Normal use is defined as the equivalent of a single shift, 40-hour work week. Indiana Furniture will repair or replace the defective Product, Part, or Component with a comparable Product, Part, or Component.

Warranty periods are limited, from the date of manufacture, for certain Products, Parts, and Components as follows:

5-Year Warranty (from the date of manufacture)
- Triple Play Series
- Electrical Components Including Lighting, Power Ports (see exclusions), and Adjustable Height Components
- Pneumatic Cylinders on Casegoods, Tables, and Seating
- Textiles, Foam, and Decorative Trim
- Swivel Arm Pads
- Keyboard Kits and Monitor Arms

3-Year Warranty (from the date of manufacture)
- Dock 950 Wireless Charger
- Dock 150 Wireless and USB Charger

THIS WARRANTY DOES NOT COVER:
- Damage caused by a carrier or third party
- Normal or routine wear and tear
- Appearance, durability, quality, behavior, colorfastness, or any other attribute of customer's own materials or any non-standard Indiana Furniture material (including CF Stinson, Maharam, Momentum, Mayer, UltraFabrics, Architex, and other alliance programs) specified by the customer and applied to a Product
- Color, grain or texture of wood, laminate and other covering materials
- Changes in wood or fabric color due to aging or exposure to light
- Labor and Service not covered under warranty
- Installation Damage (Wall Panels damaged during the installation of additional Product including but not limited to Wall Panel Shelves, Tackboards, or TV Mounts)
- Products or Components attached in some manner to any other manufacturer's products or components (e.g., Indiana Furniture Conference Tops attached to another manufacturer's bases)
- Noncompliance with installation and maintenance instructions

As the manufacturer of the Product, Indiana Furniture stands behind its craftsmanship and pledges to do everything it can to reasonably resolve, as quickly as possible, any problems you may have with the Product within the terms and conditions of this warranty.

If you encounter a defect covered by the foregoing warranty, contact the dealer from whom you purchased the Product. If the dealer is unable to resolve your warranty issues, you should contact Indiana Furniture. Please ensure that you have all of the pertinent facts when contacting the dealer or Indiana Furniture, including the model number and factory order number from the inspection label attached to the Product.

INDIANA FURNITURE IS NOT PROVIDING, AND SPECIFICALLY DISCLAIMS, ANY OTHER WARRANTIES FOR THE PRODUCTS, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. INDIANA FURNITURE SHALL NOT BE LIABLE TO THE PURCHASER OR ANY THIRD PARTY FOR CONSEQUENTIAL, INCIDENTAL, INDIRECT, OR SPECIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, DAMAGES ARISING OUT OF OR RESULTING IN ANY MALFUNCTIONS, DELAYS, LOSS OF PROFIT, INTERRUPTION OF BUSINESS, PERSONAL INJURY, BODILY INJURY, DEATH, DISMEMBERMENT, OR PROPERTY DAMAGE.

Tables+Storage

Indiana FURNITURE

ARLINGTON™
TABLES + CONFERENCING (2900 SERIES)

Arlington offers all the grace and embellishments associated with traditional styling with an added emphasis on value. Finely crafted in select solids with walnut and cherry veneers and high pressure laminate worksurfaces, Arlington ensures quality and expert craftsmanship with a selection of configurations for today's functional workspaces.

CONSTRUCTION

Arlington features a Veneer chassis with your choice of a Veneer or HPL top. Units ship assembled unless otherwise noted.

VENEER
- Exposed surfaces feature select grade, plain sliced American Black Walnut or Cherry veneers, carefully selected and matched to assure proper balance and consistency

TOPS
- Veneer tops are 5-ply balanced construction and 1³⁄₁₆" thick with solid hardwood rims with butt corners
- High Pressure Laminate (HPL) tops are 3-ply balanced construction and 1³⁄₁₆" thick with solid hardwood rims with butt corners
- Grain direction runs left to right unless noted

CHASSIS
- Chassis is securely fastened using high quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors
- Bases are solid hardwood with mitered corners
- Construction offers tight tolerances and long term durability
- Vertical grain direction on chassis

DRAWERS
- Drawer fronts standard with matched veneer faces
- Drawer sides, back and front are woodgrain vinyl-wrapped, and are ½" thick
- 5-sided drawer construction for easy removal of drawer front
- Box and file drawers have ⅛" thick hardboard bottoms and tested for 100lb capacity
- Lateral file drawers feature ¼" thick bottoms and tested for 200lb capacity
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Letter width file drawers provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

STORAGE
- All hinged doors include soft close hinges, unless noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

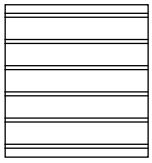

LOCKING
- See locking details for locking door and drawer options
- Lock core available in black or silver and will coordinate with pull selection; See locking details
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge.

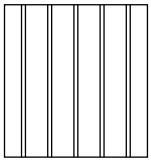

CORD MANAGEMENT
- Grommets are available in black or silver, please specify color
- See optional grommet locations
- Undersurface Wire Managers available for additional cord management; See Accessories

Indiana FURNITURE

CAMEO
TABLES + CONFERENCING (9100 SERIES)

Traditional components echo history and create timeless foundations for meeting rooms that complement our Jefferson and Arlington casegoods collections, and Cameo and Jefferson Reception options. Facilitate presentations with lecterns and visual presentation boards. Mobile serving carts and buffet height credenzas provide additional in-room utility.

CONSTRUCTION

Cameo Tables and Components feature your choice of either a Veneer or HPL top, Veneer bases, and Veneer chassis (where applicable).

VENEERS
- Exposed surfaces are select grade sliced American Black Walnut and Cherry veneers carefully selected and matched to assure proper balance and consistency

LAMINATES
- Exposed surfaces are produced from wood grained laminates fused to a particle-board core
- Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance

TOPS
- Wood Veneer tops are 5-ply balanced construction and High Pressure Laminate (HPL) tops are 3-ply balanced construction
- Tops are 1 3/16" thick with solid hardwood rims
- All buffets, credenzas, serving carts, video cabinets, and storage/wardrobe cabinets are shaped on user side only
- Grain direction runs left to right unless otherwise noted
- All Veneer tops, as well as Laminate tops up to 144" (12 feet), will have matching woodgrain. Laminate tops sized 156" (13 feet) and longer will have non-matching woodgrain

CHASSIS
- Tops and end panels are securely fastened using high quality
- European fastening systems to ensure maximum strength
- All units are equipped with heavy-duty, adjustable glides to ensure proper leveling and compensation for uneven floors

DRAWERS
- All drawer fronts are standard with elegant vertically matched walnut veneer faces
- Drawers feature 5-sided construction with ¾" 3-ply fronts, 7/16" thick hardwood sides and 5/32" hardboard bottoms
- Units with 36" wide file drawers feature ¼" thick drawer bottoms for maximum storage strength
- Drawer interiors are sanded, sealed, and finished to provide for a smooth, quality feel and appearance
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- Box and file drawers are tested for 100lb capacity
- Lateral files are tested for 200lb capacity
- All suspensions have a limited lifetime warranty

STORAGE
- All hinged doors include soft close hinges, unless otherwise noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge.
- Keyed alike units available upon request at no additional charge
- Lock cores match pull color

Indiana FURNITURE

CATALYST
TABLES (8800 SERIES)

Catalyst Tables blend desired aesthetics, functionality, and technology to deliver a comprehensive solution for all types of meeting needs and spaces. The line boasts a broad selection of veneers, laminates, and glass with a variety of top shapes, and a vast range of sizes spanning from 36”D to 60”D and 36”W to 240”W, integrated power/data, and a variety of heights, including work, counter, and bar. Buffets, Credenzas, Waste Bins, and more will help to complete your space.

CONSTRUCTION

VENEER
- Exposed surfaces feature select grade plain-sliced hardwood veneers in Cherry, Maple, American Black Walnut, or composite veneers. Veneers are carefully selected and matched to assure proper balance and consistency
- Veneer features UVAdvantage, an ultra-violet finish, on all exposed surfaces by utilizing roll-coat UV technology

LAMINATE
- Thermally-Fused Laminate (TFL) and High-Pressure Laminate (HPL) are made of woodgrain and solid color laminates fused to particleboard core; each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance

TOPS
- Veneer (W) or HPL (P) Conference Tops available in five shapes: Rectangle, Boat, Modern Rectangle, Square and Round with woodgrain patterns following the depth (short) of Veneer (W) table tops while grain patterns follow the width (long) of HPL (P) table tops
- Tops are shaped on all four sides and are available in two thicknesses and five edge profiles
- Double Kerf (F), Duo (G) and Square (Y) available in Veneer (W) and HPL (P) tops with 3-ply balanced construction, 1 3⁄16” thick and matching 3mm wood or PVC edge bands on profiled edges; Designer White, Sugar Maple, and Williamsburg Cherry feature ABS edge bands
- Knife (K) edge profile tops are 1 3⁄16” thick with solid wood rims available on both Veneer (W) or HPL (P) tops
- Vertical Square (H) edge profile tops are 1½” thick with 1.5mm wood edge band on Veneer (W) tops and 1mm PVC edge band on HPL (P) tops; Designer White, Sugar Maple, and Williamsburg Cherry feature ABS edge bands
- Huddle and Media tables are available in Square (Y), Double Kerf (F), Duo (G), and Knife (K) edge profiles and profiled on three sides with grain direction running the width of the table
- Credenzas, buffets, and other ancillary support models are available in Square (Y), Double Kerf (F), Duo (G), and Vertical Square (H) edge profiles and profiled on approach side only
- All Veneer tops, as well as Laminate tops up to 144” (12 feet), will have matching woodgrain. Laminate tops sized 156” (13 feet) and longer will have non-matching woodgrain
- All surfaces feature reverse slip matched pattern
- Back Painted, Tempered Glass Tops are ¼” thick and are attached to a substrate topped with black paper covering
- Tempered glass top has a 1⁄16” overhang from the sub-top

LOCKING
- All box drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core is predetermined by pull color. Black lock cores are used with black and gold pulls while silver lock cores are used with chrome and aluminum pulls
- Optional locking doors available on buffets and credenzas

BASES
- All rectangle bases are available in TFL (T) or Veneer (W), feature vertical grain direction and include L-bracket hardware for easy installation
- Rectangle box bases include removable access panel and wire management and support trough
- Huddle and Media table bases include removable access panel and wire management access
- 5⁄16” metal accent available in four finishes—Aluminum, Black, Gold, and Platinum—enhances our rectangle accent bases and is now available on Huddle and Media tables
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors

CHASSIS
- All credenzas are available in TFL (T) or Veneer (W) with vertical grain direction
- Chassis for storage units are securely fastened using high quality European fastening systems and heavy-duty 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors

DRAWERS
- Drawers feature 5-sided drawer construction allowing for easy removal of drawer fronts; All drawer fronts are standard with elegant vertically matched faces
- Drawer sides, back, and front are woodgrain vinyl-wrapped ½” thick with ⅛” thick hardboard bottoms
- Drawer interiors are dovetail construction with 7⁄16” thick hardwood sides and backs, and 5⁄32” thick hardboard bottoms
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- Box drawers are tested for 100lb capacity
- All suspensions have a limited lifetime warranty

STORAGE
- All hinged doors are soft-close with one piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

HEIGHT ADJUSTABLE MECHANISMS
- Standard switch moves worksurface from desk to bar height; Optional advanced switch features Bluetooth capabilities to connect to smart device to set up various functions and enable automatic drive
- Built-in sensor provides anti-collision solution limits damage to a desk or an object if a collision occurs; sensor detects tilting as well as collision with both hard and soft obstacles
- Height adjustment range 30”H-45”H

INTEGRATED WIRE MANAGEMENT
- All Credenzas feature a 2”W wire management channel along back of the interior cabinet for easy accessibility to wall outlets
- Huddle and Media tables include inetragrated wire managment with removeable panel in chassis for convenient access to organize cables connected to TVs and power units.

Power + Data Location Information:

- Designate unit and location when specifying the top model. Power and Data Module needs to be ordered separately.
- Power and Data Modules specified at the time of order will be routed for field installation.
  - E1 Unit on One End
  - E2 Unit on Each End
  - OC Unit on Center
- All power units available **On Center (OC) only** when paired with two (2) or more of the following bases:
  - Cylinder Base
  - Square Base
  - X-Base
  - Disc
  - Tubular X-Base

Grommets and Power Units may be ordered in non-standard locations. Call Customer Service to assist with specification and/or please attach a drawing to the PO showing the location of the grommet. Note additional charges and lead times may apply.

Rectangle, Modern Rectangle, + Boat Top Locations

Power units available on Each End (E1 and E2) and On Center (OC) unless otherwise noted, when paired with any Rectangle Panel Base, Rectangle Box Base or Rectangle Accent Box Base.

Power units centered at locations below:

Huddle + Media Table Top Locations

- Designate unit and location when specifying your selection. Power and Data Module needs to be ordered separately.
- Power and Data Modules specified at the time of order will be routed for field installation.

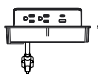

Specify Option + Location:

NONE	No PDC
E5	5½" PDC End Location
E10	10" PDC End Location

Each unit is sold separately and must be specified with surface mount location. Multiple locations may be selected. Only one unit per location.

Power units + Grommets Available in Huddle + Media Table Surfaces (See Units)

TABLES (8800 SERIES)

PURL™ DAISY CHAIN SYSTEM

The PURL™ daisy chain system adapts to your unique space, allowing you to configure the ideal power setup based on your specific room layout and application.

PURL™ Daisy Chain System includes the following components:

Your choice of Power Units with PURL™ Daisy Chain Plug

PURL™ Daisy Chain Power Infeed

PURL™ Daisy Chain H-Block connects Power Infeed, Power Units and Jumper Cord

PURL™ Daisy Chain Jumper Cords connects to H-Blocks and Power Units

GREAT SPACES START WITH A PLAN

Before you get started specifying, we have a few helpful recommendations and component guidelines.

We recommend you determine the following:

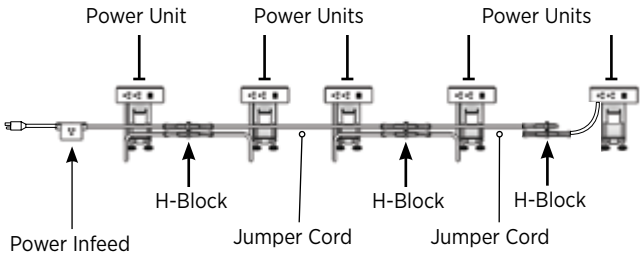

- Setup of the room
- Number of tops needed
- Number of power ports per top

With multiple power unit locations available, understanding how your table tops will be used ensures you specify every component needed to seamlessly stay connected.

Components Guidelines:

- The Power Infeed and Power Units must connect to a H-Block
- When the Power Infeed plugs into the H-Block, two power units and a Jumper Cord may be used. Additional H-Blocks can be used with either two power units and two Jumper Cords or two power units and one Jumper Cord

Five (5) Power Unit System Example:

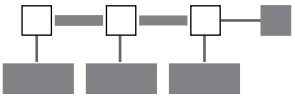

Shown with Duo Clamp. Also available with Duo Air, Duo Bezel and Trio Bezel with PURL™ Daisy Chain Plug

APPLICATION EXAMPLES

SYMBOL GUIDE:

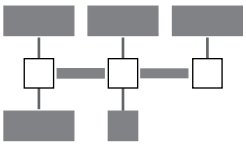

THREE (3) POWER UNIT SYSTEM

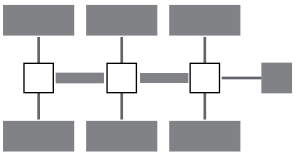

Components:
- 3 Power Unit
- 1 Power Infeed
- 3 H-Block
- 2 Jumper Cords

FOUR (4) POWER UNIT SYSTEM

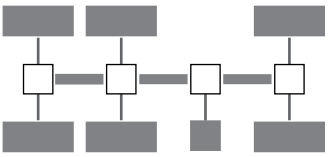

Components:
- 4 Power Unit
- 1 Power Infeed
- 3 H-Block
- 2 Jumper Cords

SIX (6) POWER UNIT SYSTEM

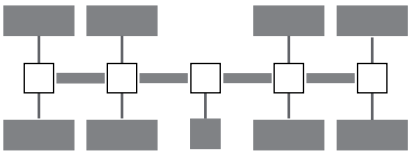

Components:
- 6 Power Unit
- 1 Power Infeed
- 3 H-Block
- 2 Jumper Cords

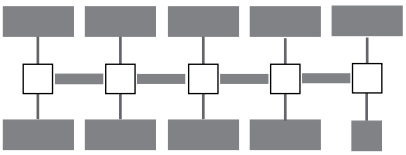

Components:
- 6 Power Unit
- 1 Power Infeed
- 4 H-Block
- 3 Jumper Cords

EIGHT (8) POWER UNIT SYSTEM

Components:
- 8 Power Unit
- 1 Power Infeed
- 5 H-Block
- 4 Jumper Cords

NINE (9) POWER UNIT SYSTEM

Components:
- 9 Power Unit
- 1 Power Infeed
- 6 H-Block
- 5 Jumper Cords

Indiana FURNITURE

CATALYST
TABLES (8800 SERIES)

DRAWER TRACK OPTIONS

Soft close tracks are available on box drawers. Soft close drawer tracks have many benefits including reduced stress on the unit, extends the life of the drawer, and ensures a gentle close so fingers don't accidentally get pinched. Must specify when ordering.
Pricing is per Drawer, not per Model/Unit

SFTCL	Soft Close Drawer Track	$	38

VENT OPTION FOR CREDENZAS

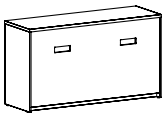

Buffets and Credenzas feature optional ventilation grommets. Includes one vent per compartment.

Vents are 10" Down from top surface on Buffet Credenzas and 2⅞" on Credenzas.

NONE	No Vent Grommet		
VENT	Vented back panel	$	76

Number of vents per unit:

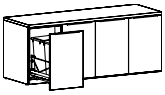

36"	1 vent
72" / 48"	2 vents
96" / 84" / 60"	3 vents

WASTE BIN OPTIONS

Buffet and 24" Credenzas are available with two (2) 41-quart beige waste bins in a pull out cabinet with silver hardware and divider panel. Adjacent cabinet features one (1) adjustable shelf. Studio pulls applied centered on doors when waste bin is selected. Locking not available.

WBL	Waste Bin on Left	$	572
WBR	Waste Bin on Right	$	572

Shown as Left

LOCKING DOORS

Locking doors are available on Buffets and Credenzas. You must specify WITH LOCKING when ordering and add upcharge.

Note: When locking is selected with optional waste bin, locking will not apply to waste bin door.

LKT	96"W to 84"W Units	$	149
LKT	72"W to 48"W Units	$	128
LKT	36"W Units	$	101

HEIGHT ADJUST SWITCH CONTROL OPTIONS

The Height adjustable Huddle Table available with two switch options. The standard switch is a simple up and down switch. The advanced switch features bluetooth connection to smart devices with the free Desk Connect™ app and built-in sensor-based anti-collision minimizing the risk of damage. Users can easily set up various functions, like favorite positions, reminders to stand, and enable automatic drive.

DPISWCH	Standard Up/Down Switch		STD
DPIMSWCH	Advanced Up/Down with Memory	$	149

CERTIFICATIONS + COMPLIANCE

CHAT

WORK/LANDING TABLES (7500/7600 SERIES)

Chat Work Tables are the perfect place to gather and connect. With desk, counter, and bar heights in widths of 60" to 96" and depths of 24" to 48", Chat allows you to add style and functionality virtually anywhere. Select from veneer or laminate, then personalize the look and function with contrasting colors/finishes, optional power, and wire management.

CONSTRUCTION

Chat Tables feature a Veneer or TFL chassis with your choice of either a Veneer, TFL or HPL top. Units ship knocked-down with some assembly required on all models except 24"D Tables.

LAMINATES

- Exposed surfaces are woodgrain and solid color laminates fused to particle-board core
- Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance

VENEERS

- Exposed surfaces feature select grade plain sliced hardwood Cherry, Maple, American Black Walnut, White Oak, or composite veneers
- Veneers are carefully selected and matched to assure proper balance and consistency

TOPS

- 75- models are standard with veneer chassis and available with veneer or HPL worksurfaces. 76- models are standard with TFL chassis and available with TFL or HPL worksurfaces.
- 76- Series worksurfaces are 1" thick with 3-ply balanced construction and available in Thermally-Fused Laminate (TFL) or High Pressure Laminate (HPL) with 3mm matching PVC rims contoured to selected profiled on users sides and 1mm PVC rims on ends; Designer White, Sugar Maple, Williamsburg Cherry feature ABS edge bands
- 75- Series worksurfaces are 1 3/16" thick with 3-ply balanced construction in Veneer and High Pressure Laminate (HPL) with 3mm wood edge-banded rims contoured to the selected profile on user sides and 1mm wood self edges on ends.
- Optional 1½" thick HPL worksurfaces are available in select colors. Please contact Customer Service or your local Sales Rep for pricing and lead times.
- Grain direction runs left-to-right unless otherwise noted
- Tops are shaped on user and approach sides

CHASSIS

- Chassis is securely fastened using high-quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors

CORD MANAGEMENT

- When grommets or power ports are specified, add Wire Management Upcharge and specify (WM) for the required double modesty on 36", 42" and 48"D work tables. 24"D work tables feature a 5¼" recessed modesty panel for cord management and are intended to be used against the wall.

WORK/LANDING TABLES (7500/7600 SERIES)

PURL™ DAISY CHAIN SYSTEM

The PURL™ daisy chain system adapts to your unique space, allowing you to configure the ideal power setup based on your specific room layout and application.

PURL™ Daisy Chain System includes the following components:

Your choice of Power Units with PURL™ Daisy Chain Plug

PURL™ Daisy Chain Power Infeed

PURL™ Daisy Chain H-Block connects Power Infeed, Power Units and Jumper Cord

PURL™ Daisy Chain Jumper Cords connects to H-Blocks and Power Units

GREAT SPACES START WITH A PLAN

Before you get started specifying, we have a few helpful recommendations and component guidelines.

We recommend you determine the following:

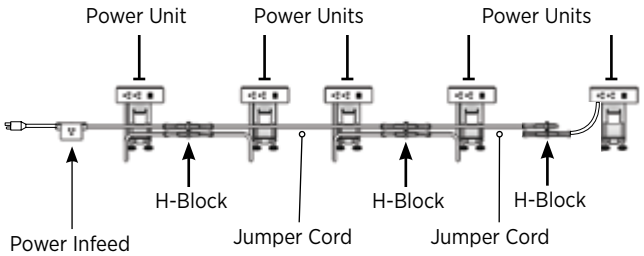

- Setup of the room
- Number of tops needed
- Number of power ports per top

With multiple power unit locations available, understanding how your table tops will be used ensures you specify every component needed to seamlessly stay connected.

Components Guidelines:

- The Power Infeed and Power Units must connect to a H-Block
- When the Power Infeed plugs into the H-Block, two power units and a Jumper Cord may be used. Additional H-Blocks can be used with either two power units and two Jumper Cords or two power units and one Jumper Cord

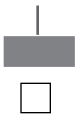

Five (5) Power Unit System Example:

Shown with Duo Clamp. Also available with Duo Air, Duo Bezel and Trio Bezel with PURL™ Daisy Chain Plug

Indiana FURNITURE

NATTA

MEETING, COLLABORATIVE + LOUNGE TABLES (NAT SERIES)

Natta offers an agile solution for a variety of community spaces and meeting applications. With its simplicity of form, it can achieve a subtle effect and still provide an excellent solution for any meeting and breakout environment.

CONSTRUCTION

TOPS

- NAT-1 and NAT-2 Tops are High Pressure Laminate (HPL) and 3-ply balanced construction, 1½" thick with 1 mm PVC edge band and vertical square edge profile
- NAT-3 and NAT-4 Tops have 1½" thick HPL surface with 1mm PVC edge band Square edge profile
- Designer White, Sugar Maple, and Williamsburg Cherry feature ABS edge bands
- Grain direction runs left to right unless otherwise noted

CHASSIS

- All frames are made of solid European Beech with double-doweled or mortised and tenoned joints
- NAT-3 and NAT-4 Frames are individually hand assembled and sanded prior to being finished; Legs are 9¾"H on the rectangular table and 14"H on the square table and include non-marring nylon glides
- NAT-1 and NAT-2 units are equipped with heavy-duty, adjustable glides to ensure proper leveling and compensation for uneven floors
- All table units ship fully assembled with tops installed

PLEDGE

Indiana FURNITURE

PHOENIX™
SMALL MEETING TABLES (2100 SERIES)

Crafted in select solids and American veneers, Phoenix's clean, transitional styling is at ease in both contemporary and traditional settings. It is a perfect choice for value-minded companies who want a sophisticated, yet uncomplicated, furniture solution.

CONSTRUCTION

Phoenix features a Veneer chassis with your choice of a Veneer or HPL top.

VENEER
- Exposed surfaces feature select grade sliced American Black Walnut or Cherry veneers carefully selected and matched to assure proper balance and consistency

TOPS
- Veneer tops are 5-ply balanced construction and 1⅝₃₂" thick with solid hardwood rims
- High Pressure Laminate (HPL) tops are 3-ply balanced construction and 1⅝₃₂" thick with solid hardwood rims
- Grain direction runs left to right unless noted

CHASSIS
- Chassis is securely fastened using high quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- Units feature finished backs unless otherwise noted
- All units equipped with heavy-duty, adjustable glides to ensure proper leveling and compensate for uneven floors

DRAWERS
- Drawer fronts standard with matched veneer faces
- Drawer sides, back and front are woodgrain vinyl-wrapped, and are ½" thick
- 5-sided drawer construction for easy removal of drawer fronts
- Lateral file drawers feature ¼" thick bottoms and tested for 200lb capacity
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

FILING
- File drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Letter width file drawers provide letter filing front to back and legal filing side to side

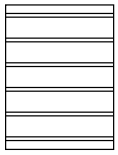

STORAGE
- All hinged doors include soft close hinges, unless noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

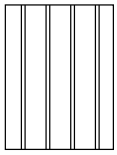

LOCKING
- Storage credenzas feature standard locking; optional locking on wardrobe/storage cabinets
- Lock core will coordinate with pull selection unless otherwise noted
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge.

Indiana FURNITURE

PHOENIX™
SMALL MEETING TABLES (2100 SERIES)

PURL™ DAISY CHAIN SYSTEM

The PURL™ daisy chain system adapts to your unique space, allowing you to configure the ideal power setup based on your specific room layout and application.

PURL™ Daisy Chain System includes the following components:

Your choice of Power Units with PURL™ Daisy Chain Plug

PURL™ Daisy Chain Power Infeed

PURL™ Daisy Chain H-Block connects Power Infeed, Power Units and Jumper Cord

PURL™ Daisy Chain Jumper Cords connects to H-Blocks and Power Units

GREAT SPACES START WITH A PLAN

Before you get started specifying, we have a few helpful recommendations and component guidelines.

We recommend you determine the following:

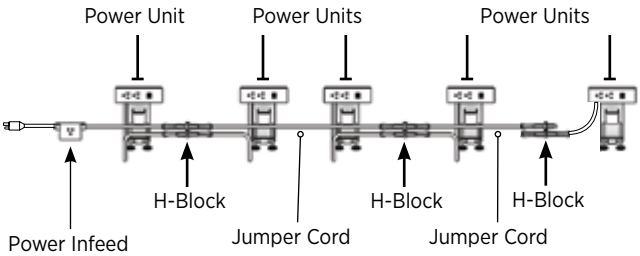

- Setup of the room
- Number of tops needed
- Number of power ports per top

With multiple power unit locations available, understanding how your table tops will be used ensures you specify every component needed to seamlessly stay connected.

Components Guidelines:

- The Power Infeed and Power Units must connect to a H-Block
- When the Power Infeed plugs into the H-Block, two power units and a Jumper Cord may be used. Additional H-Blocks can be used with either two power units and two Jumper Cords or two power units and one Jumper Cord

Five (5) Power Unit System Example:

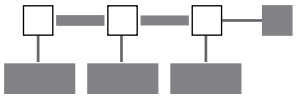

Shown with Duo Clamp. Also available with Duo Air, Duo Bezel and Trio Bezel with PURL™ Daisy Chain Plug

SPARK TABLES
MULTI-USE TABLES (77 SERIES)

From classrooms to meeting rooms, libraries to auditoriums, our Spark multi-use tables couple design with functionality to create flexible learning and collaborative environments. With a variety of sizes, surface materials, and options for flip/nest, mobile, and static bases, as well as accessories like ganging brackets, modesty panels, power units, and lecterns, Spark can be easily configured, and reconfigured, to accommodate changing group sizes and engagement needs.

CONSTRUCTION

TOPS

- Thermally-Fused Laminate (TFL) and High-Pressure Laminate (HPL) are made of woodgrain and solid color laminates fused to particleboard core; each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance
- Veneer tops feature UVAdvantage, an ultra-violet finish on all exposed surfaces by utilizing roll-coat UV technology
- Tops feature Square (Y) edge profile with horizontal/left-to-right grain direction
- TFL tops are 1" thick with 3mm PVC rim, HPL tops are 1 3/16" thick with 3mm PVC rim, and Veneer tops are 1 3/16" thick with 3mm edge banding; Designer White, Sugar Maple, and Williamsburg Cherry feature ABS edge bands
- Tops are pre-drilled for the specified base assembly, ganging brackets and modesty panels
- Ganging Brackets are field installed with #10 x 7/8" pan head screws, mounting hardware include
- Lecterns feature 1" thick top with Vertical Square (H) edge profile and horizontal/left-to-right grain direction; TFL or HPL tops have 1mm PVC rim with a TFL chassis while Veneer tops have 0.5mm edge banding with a Veneer chassis

BASES

- Bases are powder-coated in Aluminum, Black, or Snow
- Legs feature built-in wire management and are steel with 3mm steel mounting plates
- Bases with casters feature 60mm locking casters and are paired with pre-determined coordinating colors: Aluminum and Snow bases are paired with white casters while Black bases are paired with black casters
- Static Base includes nylon adjustable glides
- Some Assembly Required

POWER/DATA/CORD MANAGEMENT

- Grommets are 2 3/8" in diameter and available in black or silver in tops
- Power/Data units available for under-surface mount, routed into tops, or for use in standard grommet holes
- Power/Data Units comply with FCC Part 15A and UL
- Standard Power/Data plugs and Purl Daisy-Chain connections are available; Purl Daisy Chain is a non-sequential system; connect up to 9 modules

LECTERNS

- Height adjustable Lectern include a paddle-controlled pneumatic lift with 16" height adjustment range
- Lecterns feature Vertical Square (H) edge profile and 37mm black locking casters

ACOUSTIC

- Acoustic Surrounds on Lecterns and Modesty Panels are ½" (12mm) thick and constructed of 100% polyester made from up to 50% recycled materials without the use of adhesive or other bonding agents
- 100% recyclable

SPARK TABLES
MULTI-USE TABLES (77 SERIES)

PURL™ DAISY CHAIN SYSTEM

The PURL™ daisy chain system adapts to your unique space, allowing you to configure the ideal power setup based on your specific room layout and application.

PURL™ Daisy Chain System includes the following components:

Your choice of Power Units with PURL™ Daisy Chain Plug

PURL™ Daisy Chain Power Infeed

PURL™ Daisy Chain H-Block connects Power Infeed, Power Units and Jumper Cord

PURL™ Daisy Chain Jumper Cords connects to H-Blocks and Power Units

GREAT SPACES START WITH A PLAN

Before you get started specifying, we have a few helpful recommendations and component guidelines.

We recommend you determine the following:

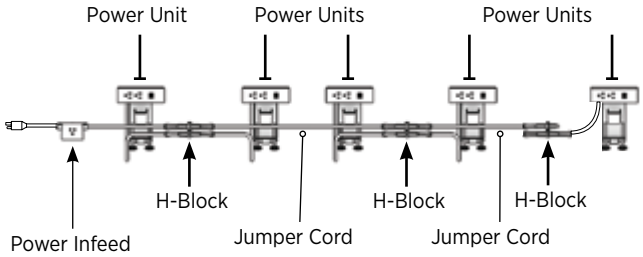

- Setup of the room
- Number of tops needed
- Number of power ports per top

With multiple power unit locations available, understanding how your table tops will be used ensures you specify every component needed to seamlessly stay connected.

Components Guidelines:

- The Power Infeed and Power Units must connect to a H-Block
- When the Power Infeed plugs into the H-Block, two power units and a Jumper Cord may be used. Additional H-Blocks can be used with either two power units and two Jumper Cords or two power units and one Jumper Cord

Five (5) Power Unit System Example:

Shown with Duo Clamp. Also available with Duo Air, Duo Bezel and Trio Bezel with PURL™ Daisy Chain Plug

Indiana FURNITURE

STRUT
TABLES (8800 SERIES)

Dress up a casual drop-in meeting room or add prestige to an executive suite. Strut Tables are designed with precision minimalist lines and angles to establish modern sensibility in any space. With tops available in round, square, rectangle, modern rectangle, and boat shapes, in a range of veneer, laminate, and glass options, and in sizes ranging from 3.5 square feet to 5 by 20 feet, Strut can accommodate small meeting spaces, cafes, private offices, or even large board rooms.

CONSTRUCTION

VENEER
- Exposed surfaces feature select grade plain-sliced hardwood veneers in Cherry, Maple, American Black Walnut, or composite veneers. Veneers are carefully selected and matched to assure proper balance and consistency
- Veneer features UVAdvantage, an ultra-violet finish, on all exposed surfaces by utilizing roll-coat UV technology

LAMINATE
- Thermally-Fused Laminate (TFL) and High-Pressure Laminate (HPL) are made of woodgrain and solid color laminates fused to particleboard core; each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance,

TOPS
- Veneer (W) or HPL (P) Tops available in five shapes: Rectangle, Boat, Modern Rectangle, Square and Round with woodgrain patterns following the depth (short) of Veneer (W) table tops while grain patterns follow the width (long) of HPL (P) table tops
- Tops are shaped on all four sides and are available in two thicknesses and six edge profiles
- Double Kerf (F), Duo (G), Fluted (X) and Square (Y) available in Veneer (W) and HPL (P) tops with 3-ply balanced construction, 1 3⁄16" thick and matching 3mm wood or PVC edge bands on profiled edges; Designer White, Sugar Maple, and Williamsburg Cherry feature ABS edge bands
- Knife (K) edge profile tops are 1 3⁄16" thick with solid wood rims available on both Veneer (W) or HPL (P) tops
- Vertical Square (H) edge profile tops are 1½" thick with 1.5mm wood edge band on Veneer (W) tops and 1mm PVC edge band on HPL (P) tops; Designer White, Sugar Maple, and Williamsburg Cherry feature ABS edge bands
- Tops will include with holes bored on bottom to ensure proper leg placement
- Credenzas, buffets, and other ancillary support models are available in Square (Y), Double Kerf (F), Duo (G), and Vertical Square (H) edge profiles and profiled on approach side only
- All Veneer tops, as well as Laminate tops up to 144" (12 feet), will have matching woodgrain. Laminate tops sized 156" (13 feet) and longer will have non-matching woodgrain
- All surfaces feature reverse slip matched pattern
- Back Painted, Tempered Glass Tops are ¼" thick and are attached to a substrate topped with black paper covering
- Tempered glass top has a 1⁄16" overhang from the sub-top

LOCKING
- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge Lock core is predetermined by pull color. Black lock cores are used with black and gold pulls while silver lock cores are used with chrome and aluminum pulls
- Optional locking doors available on buffets and credenzas

LEGS

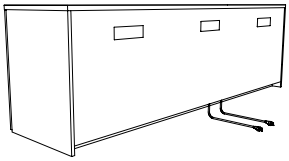

- Available in aluminum (ALUM) or black (BLK)
- Integrated wire management inside of leg to keep your space clean and free of wires
- Each leg has adjustable glides

CHASSIS
- All credenzas are available in TFL (T) or
- Veneer (W) with vertical grain direction
- Chassis for storage units are securely fastened
- using high quality European fastening systems and heavy-duty 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors

DRAWERS
- Drawers feature 5-sided drawer construction allowing for easy removal of drawer fronts; All drawer fronts are standard with elegant vertically matched faces
- Drawer sides, back, and front are woodgrain vinyl-wrapped ½" thick with ⅛" thick hardboard bottoms
- Drawer interiors are dovetail construction with 7⁄16" thick hardwood sides and backs, and 5⁄32" thick hardboard bottoms
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- Box drawers are tested for 100lb capacity
- All suspensions have a limited lifetime warranty

STORAGE
- All hinged doors are soft-close with one piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure
- All Credenzas feature a 2" W wire management channel along back of the interior cabinet for easy accessibility to wall outlets

2" wire management channel

POWER UNIT LOCATIONS

Power + Data Location Information:

- Designate unit and location when specifying the top model. Power and Data Module needs to be ordered separately.
- Power and Data Modules specified at the time of order will be routed for field installation.
  - E1 Unit on One End
  - E2 Unit on Each End
  - OC Unit on Center
- 72”W tops available with power units On Center (OC) only

Grommets and Power Units may be ordered in non-standard locations. Call Customer Service to assist with specification and/or please attach a drawing to the PO showing the location of the grommet. Note additional charges and lead times may apply.

Top Locations

Power units available on Each End (E1 and E2) and On Center (OC) unless otherwise noted, when paired with any Rectangle Panel Base, Rectangle Box Base or Rectangle Accent Box Base.

Power units centered at locations below:

PURL™ DAISY CHAIN SYSTEM

The PURL™ daisy chain system adapts to your unique space, allowing you to configure the ideal power setup based on your specific room layout and application.

PURL™ Daisy Chain System includes the following components:

Your choice of Power Units with PURL™ Daisy Chain Plug

PURL™ Daisy Chain Power Infeed

PURL™ Daisy Chain H-Block connects Power Infeed, Power Units and Jumper Cord

PURL™ Daisy Chain Jumper Cords connects to H-Blocks and Power Units

GREAT SPACES START WITH A PLAN

Before you get started specifying, we have a few helpful recommendations and component guidelines.

We recommend you determine the following:

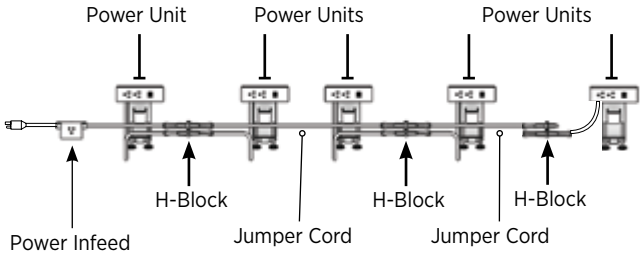

- Setup of the room
- Number of tops needed
- Number of power ports per top

With multiple power unit locations available, understanding how your table tops will be used ensures you specify every component needed to seamlessly stay connected.

Components Guidelines:

- The Power Infeed and Power Units must connect to a H-Block
- When the Power Infeed plugs into the H-Block, two power units and a Jumper Cord may be used. Additional H-Blocks can be used with either two power units and two Jumper Cords or two power units and one Jumper Cord

Five (5) Power Unit System Example:

Shown with Duo Clamp. Also available with Duo Air, Duo Bezel and Trio Bezel with PURL™ Daisy Chain Plug

Indiana FURNITURE

STRUT
TABLES (8800 SERIES)

DRAWER TRACK OPTIONS

Soft close tracks are available on box drawers only. Soft close drawer tracks have many benefits including reduced stress on the unit, extends the life of the drawer, and ensures a gentle close so fingers don't accidentally get pinched. Must specify when ordering.
Pricing is per Drawer, not per Model/Unit

SFTCL	Soft Close Drawer Track	$	38

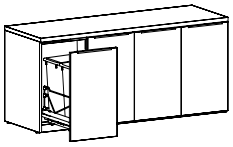

Easily route power and data cables from the top channel, where the Strut leg connects to surfaces, all the way to the floor, giving you a clean and organized look.

WASTE BIN OPTIONS

Buffet and 24" Credenzas are available with two (2) 41-quart beige waste bins in a pull out cabinet with silver hardware and divider panel. Adjacent cabinet features one (1) adjustable shelf. Studio pulls applied centered on doors when waste bin is selected. Locking not available.

WBL	Waste Bin on Left	$	572
WBR	Waste Bin on Right	$	572

Shown as Left

Buffet Credenza Shown with Waste Bin

VENT OPTION FOR CREDENZAS

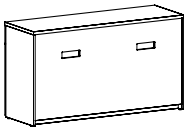

Buffets and Credenzas feature optional ventilation grommets. Includes one vent per compartment.

Vents are 10"Down from top surface on Buffet Credenzas and 2⅞" on Credenzas.

NONE	No Vent Grommet		
VENT	Vented back panel	$	76

Number of vents per unit:

36"	1 vent
72" / 48"	2 vents
96" / 84" / 60"	3 vents

Back of Credenza Shown with Vents

LOCKING DOORS

Locking doors are available on Buffets and Credenzas. You must specify WITH LOCKING when ordering and add upcharge.

Note: When locking is selected with optional waste bin, locking will not apply to waste bin door.

LKT_BFD	36"W Units	$	101
LKT_BFD	72"W to 48"W Units	$	128
LKT_BFD	96"W to 84"W Units	$	149

Indiana FURNITURE

SYNERGY
MULTI-USE TABLES (8200 SERIES)

The Synergy Collection has partitions, tables, and seating to create spaces in an impromptu way without the need for complex architecture. Synergy Tables are a component of this thoughtful portfolio with soft rectangle and view-shaped seated, counter, and standing height tables, available as freestanding or with casters.

CONSTRUCTION

TABLES

- Table legs are 2"D, crafted from European Beech, and individually hand sanded prior to being finished with non-marring fixed nylon glides when casters are not selected
- Table tops have 1" thick Thermally-Fused Laminate (TFL) or High Pressure Laminate (HPL) surface with 3mm PVC edge band and Square edge profile; Designer White, Sugar Maple, and Williamsburg Cherry feature ABS edge bands

Square (Y)

- Tables require some assembly

POWER/DATA/CORD MANAGEMENT

- Table top grommets and power/data units are available on center
- Table tops feature undersurface a 2"H metal accent to conceal wires and additional cord management is available for order; See Accessories
- Power/Data units available for in-surface mounting and comply with FCC Part 15A and UL
- Partitions with TV mount include a black grommet below TV mount, center wire channel, and grommet in bottom of unit for a clean and easy access to power.

Occasional Tables

Indiana
FURNITURE

General Tables Information

SURFACE MATERIAL DIGITAL IMAGES + BROCHURE

The finishes represented on Indiana Furniture's Surface Material Finish Brochure were reproduced using the finest technology available. Samples of our finishes and laminates are available for order through our Collateral Store. Please verify your desired finish before ordering as such orders are not subject to return to Indiana Furniture.

Contact your local Indiana Furniture Sales Representative or our Customer Service team should you need assistance.

GLIDES

All tables ship with non-marring glides, some series offering leveling glides as standard. See pricing pages for each series for more information.

FINISH

Indiana Furniture standard occasional table finishes correspond to casegoods and conferencing finishes and laminates. Minor variations in finish color and value may occur due to the natural characteristics of wood. Consult this price list for specific finish availability within each series.

Special Finishes: Indiana Furniture is able to accommodate our customer's needs for specific finish matches. Please submit a 3"x5" sample panel to Customer Service for quotation and lead time.

An overview of our finishes and laminate options can be found on the inside of the back cover of this price list.

Indiana FURNITURE

ARLINGTON™

END, LAMP + MAGAZINE TABLES (2900 SERIES)

Arlington offers all the grace and embellishments associated with traditional styling with an added emphasis on value. Finely crafted in select solids with walnut and cherry veneers and high pressure laminate worksurfaces, Arlington ensures quality and expert craftsmanship with a selection of configurations for today's functional workspaces.

CONSTRUCTION

- Veneers on exposed surfaces feature select grade, plain sliced American Black Walnut or Cherry veneers, carefully selected and matched to assure proper balance and consistency
- Veneer tops have a 5-ply balanced construction, 1³⁄₁₆" thick with solid hardwood rims with butt corners
- HPL tops have a 3-ply balanced construction, 1³⁄₁₆" thick, with solid hardwood rims with butt corners
- Grain direction runs left to right
- All units ship with heavy duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors
- Some Assembly Required

Indiana FURNITURE

BAILEY
COCKTAIL + END TABLES (720 SERIES)

From lounge areas, to private office, to conference settings, the Bailey Collection can make a statement. Bailey tables are offered in square and rectangular cocktail tables, as well as end tables, in a wide range of veneers and laminates with two edge profiles.

CONSTRUCTION

- Bases for tables are manufactured using steel frames with a chrome finish
- The wood veneer tops are made of select grade sliced Black Walnut, Cherry, Maple, or composite veneers for maximum grain and color consistency
- Veneer tops are 1" with 1mm veneer edge bands
- Laminate tops are 1" with 1mm PVC edge bands; Designer White, Sugar Maple, and Williamsburg Cherry feature ABS edge bands
- Ships fully assembled

Indiana FURNITURE

BRITTA™
END + COCKTAIL TABLES (230 SERIES)

The Britta Collection showcases a Mid-Century Scandinavian aesthetic with an appealing contemporary feel. Available in two edge styles and a broad range of finishes to create an inviting space with warm and energetic sensibility. Pair Britta tables with the collection's guest, single lounge, and settee options, which all feature a wall-saver design, to create an entire setting.

CONSTRUCTION

- The wood veneer table tops are 1" thick and are made of select grade sliced Walnut, Cherry, or Maple veneers for maximum grain and color consistency
- The knife edge profile features a 5-ply balanced construction with a solid hardwood rim; the square edge profile features a 3-ply balanced construction with a 3mm veneer edge band
- The aprons and legs are solid maple hardwood and ship with adjustable glides
- Ships fully assembled

Indiana FURNITURE

KIRBY

OCCASIONAL + END TABLES (919 SERIES)

Kirby offers a range of modern style for all your environment needs. Specify a casual look or elevate the tables to your desired level of sophistication. Available in a variety of sizes, shapes, edge profiles, and top surfaces (TFL, HPL, Veneer, Solid Surface, and Glass), and a mix of heights for nesting and creating a layered look. These versatile tables are perfect for reception areas, waiting rooms, personal spaces, collaborative areas, and so much more!

CONSTRUCTION

- Veneer, TFL, and HPL Tops with Square (H) edge are ¾" thick with 0.5 mm veneer and PVC or ABS edge bands
- Veneer and HPL Tops with Knife (KB) edge are 1 3/16" thick with solid wood rims
- Solid Surface Tops are ½" thick with a straight (S1) self edge profile
- Back painted Glass Tops are ½" thick with a square self edge
- Non-marring nylon glides included in each leg
- Ships fully assembled

OTTY
OTTOMAN TABLES (840 SERIES)

Otty Ottomans and Tables are designed for flexible environments where people can collaborate, brainstorm, or simply have a quick chat. Perfect for impromptu meetings, breakrooms, and all types of "we" spaces, Otty makes it easy to bring comfort to the workplace. And with a variety of options, like round and soft square styling, different heights, handles, glides and casters, contrasting fabrics, and table tops, you can easily configure and personalize your workspaces.

CONSTRUCTION

- Internal wood components and frame are manufactured using plywood; frames are individually hand assembled, and all joints are mortised and tenoned, and glued for maximum strength and durability
- High density, firm polyurethane foam construction 3" thick
- Table surfaces ¾" thick, available with Square (H) profile in Veneer (W), Thermally-Fused (TFL) or High-Pressure (HPL) Laminate using 1mm PVC edge bands on profiled edges; Designer White, Sugar Maple, and Williamsburg Cherry feature ABS edge bands
- Veneer tops feature UVAdvantage, an ultra-violet finish on all exposed surfaces by utilizing roll-coat UV technology.
- Table also available with Solid Surface tops, ¾" thick and available in six colors with Straight (S1) edge profile
- 18"D Tables available with four (4) 50mm non-locking casters; 24"D and 36"D Tables available with six (6)
- Ships fully assembled

UPHOLSTERY OPTIONS + TIPS

Available in single. Select from a wide variety of graded-in or contract options, including fabric, vinyl, and leather. Contact our Sales Support Team for recommendations or evaluation of a material.

Upholstery Tips: Due to constant compression of the upholstery material, it is recommended to pick a material that does not easily fray. In most cases vinyl and vinyl-like materials will perform well. When evaluating a woven fabric material, check how easy it is to separate the woven strands. Typically, fabric materials with a thick backer or a non-linear weave pattern work best.

Indiana FURNITURE

PHOENIX™
END + MAGAZINE TABLES (2100 SERIES)

Crafted in American veneers, Phoenix's clean, transitional styling is at ease in both contemporary and traditional settings. It is a perfect choice for value-minded companies who want a sophisticated, yet uncomplicated, solution.

CONSTRUCTION

- Veneers on exposed surfaces are select grade sliced American Black Walnut and Cherry, and are carefully selected and matched to assure proper balance and consistency
- Veneer tops are 5-ply balanced construction and 1⅝" thick. High pressure laminate (HPL) tops are 3-ply balanced construction and 1⅝" thick
- Grain direction runs left to right
- All units ship with heavy duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors
- Some assembly required

WORKMATE

PULL-UP + MOBILE TABLES TABLES (350 SERIES)

Workmate is the perfect sidekick to work anytime, anywhere. Compact and lightweight, simply pull it up or take it with you as a personal workspace on the go. Quick and easy height adjustability provides flexibility to move from seated to standing throughout the day, finding comfort no matter the environment. Great for group meetings, remote workers, finding a quiet nook, and so much more!

CONSTRUCTION

TABLES

- Stationary tables feature a ¾" thick top, while mobile tables feature a 1" thick top
- Veneer tops have a vertical square profile with a 0.5mm wood edge band while High-Pressure (HPL) and Thermally-Fused Laminate (TFL) tops have a vertical square profile with a 1mm PVC edge band; horizontal/left-to-right grain direction
- Height adjustable units feature a paddle with pneumatic lift; pull up tables have an adjustment range of 11" while mobile tables have an adjustment range of 16"
- Bases are manufactured using powder-coated steel bases in your choice of color; Joints are fully welded and sanded smooth for maximum strength and durability
- Stationary tables ship fully assembled with felt and nylon glides while mobile tables ship fully assembled with 37mm black locking casters already installed
- Tables have a weight capacity of 66lb

SURROUND

- Surrounds are ½" (12mm) thick and constructed of 100% polyester made from up to 50% recycled materials without the use of adhesive or other bonding agents.
- Panels are 100% recyclable
- Surround is 7¼"Hx53¼"W and utilizes a kerfing technique allowing the material to conform to the tops contours

Space Division

Indiana FURNITURE

SQUARE ONE
GETTING STARTED & PLANNING

STEP 1: PLANNING FOR SQUARE ONE

Planning for Square One is based on configuring 12"x24" and 24"x24" blocks in nearly any manner to create space dividing walls, coves, work zones, and more within open environments.

Idea Starters/Typicals:

When you select one of our pre-configured Typicals, everything you need comes specified together, including the blocks, caps and posts, hardware, glides, and more.

- Select the typical number (e.g., 17-4), then specify the finish and hardware color.
- Add optional accessories (see Step #5).

Make Your Own Typicals:

There are endless opportunities with Square One, giving you the ability to create unique setups to meet the specific needs of your customers.

- We recommend utilizing our Specification/Drawing Services team, who can help in bringing your vision to life and ensure all the necessary components are included. To get started, just send us a drawing. You can use our easy online request form: Design Request Form
- Steps #2 - #5 outline the process for specifying your own typical. Please provide a drawing with the order to ensure accuracy.

STEP 2: SPECIFYING BLOCKS

When making your own typical, choose the quantity of blocks needed to create your design. We offer single blocks in two styles: 24"x24" and 12"x24".

- Blocks can go up to four high (8') and do runs of five wide (10') without a supporting wall or anchor to create stability.
- We recommend using single 12" x 24" blocks on the top or ends. If placing on the bottom or in the center of the design, using two of them together will ensure alignment with the holes bored on attachment items like End Caps, Corner Posts, etc.
- When creating an "L" or "T" design, we suggest going a minimum of three blocks wide to ensure stability without additional support.

STEP 3: CAPS, POSTS, CONNECTORS, AND SPANNERS

Next, determine what Caps, Posts, Connectors, and Spanners are needed to complete the design.

- End and Top Caps are necessary to ensure a clean and balanced aesthetic (as they hide the attachment hardware/ensure no empty holes are showing where attachments would have been).
- Square One offers connection beams to create 90° turns (Corner Posts), three walls (T-Connectors), four walls (X-Connectors), and span doorways or other openings (Horizontal Beam Spanners).
- End Caps, Posts, and Connectors should always be specified to run longer (taller) than the unit so that the end of the top cap or horizontal rail will not be seen (there are only a few exceptions).

STEP 4: HARDWARE, LEVELING, AND GENERAL ASSEMBLY

Whether connecting square to square or square to post, individual components come with the necessary hardware. Should you need more, we offer separate Bolt Kits to provide proper installation.

We offer heavy-duty, adjustable leveling glides to compensate for uneven floors. A tool (6mm allen driver bit) is also available to insert the glide nuts. The glides must be ordered separately from the blocks.

We do not offer connection methods to anchor to the floor or wall. We recommend discussing this with the building's facility manager for proper connection. Indiana Furniture will not be liable for wall or floor mounts that are not properly installed.

Assembly Instructions may be found on our website.

STEP 5: ACCESSORIES

Add function without sacrificing beauty. Acrylic Inserts, Tackable and Acoustical Panels, Dry Erase Boards, and TV mounts can give your space the ability for more privacy, collaboration, or brainstorming.

- Dry Erase Boards and Tackable Panels have onset installation.
- Dry Erase Boards can be mounted either vertically or horizontally.
- Acoustical Panels are either specified onset or inset, and Acrylic Inserts are inset.
- Tackable Panels are fully upholstered, so a clean aesthetic is seen from both sides of the blocks.
- Acrylic Inserts lock into insert retainers which are installed on top of the hardware, inside of the block, allowing for a quick and tight-fitting installation.
- Frosted Acrylic Inserts can be customized with a logo or image, giving you freedom to create a personal touch. Provide a .CDR, .AI, or .EPS file. Extended lead times may apply.
- We offer the Vesta Power Data Center and other similar items to add power within your Square One spaces created.

FURNITURE

SQUARE ONE
SPACE DIVISION (1700 SERIES)

Space Division. Redefined.

Square One is the clean, simple way to provide space division, functionality, and architectural design to any zone within the working environment. With individual building blocks that securely connect to one another and accessories like dry erase boards, barn doors, planter boxes, acrylic inserts, and tackable and acoustical panels, your personalization of Square One is only limited to your imagination. Square One is made of solid wood, providing a sustainable material for the workplace and bringing warmth and beauty to any space.

CONSTRUCTION

BLOCKS
- Blocks are manufactured using kiln-dried, solid European Beech and are attached using hardware, available in your choice of nickel or black, for durability and strength

FINISH
- Indiana Furniture uses a multi-step hand finishing process
- Blocks are pre-sanded for smoothness, then stained and finished with a catalyzed varnish finish which offers durability, lasting beauty, and resistance to normal wear
- Square One finishes were selected to complement casegoods, tables, and seating finishes which allows for easy blending of furniture components

END + TOP CAPS
- Measure 1¾"W and 1¾"D and come in a variety of lengths
- Used vertically and horizontally to provide a clean, balanced aesthetic by hiding the attachment hardware
- Caps are constructed of kiln-dried, solid European Beech and include blind threaded inserts for installation

CORNER POSTS
- Measure 1¾"W and 1¾"D and come in a variety of heights
- Used to create 90° turns
- Corner posts are constructed of kiln-dried, solid European Beech and include blind threaded inserts for installation

T-CONNECTORS
- Measure 1¾"W and 1¾"D and come in a variety of heights
- Used vertically and horizontally to create an intersection for three wall runs
- T-Connectors are constructed of kiln-dried, solid European Beech and include blind threaded inserts for installation

X-CONNECTORS
- Measure 1¾"W and 1¾"D and come in a variety of heights
- Used vertically to create an intersection for four wall runs
- X-Connectors are constructed of kiln-dried, solid European Beech and include blind threaded inserts for installation

HORIZONTAL BEAM SPANNERS
- Measure 1¾"D and 1¾"H and come in a variety of widths
- Used horizontally to provide structural support for doorways and other designed openings
- Spanners are constructed of kiln-dried, solid European Beech and include blind threaded inserts for installation

DRY ERASE BOARDS
- Available in 22½" or 46½" heights and multiple widths
- Installed onset, either vertically or horizontally
- Installation brackets are included; longer bolts for installation on-site are also included

ACOUSTICAL PANELS
- Constructed of 100% polyester made from up to 50% recycled materials without the use of adhesive or other bonding agents, Acoustical Panels are 100% recyclable
- Panels are ½" (12mm) thick and are available in multiple widths and lengths
- Sound absorption is average NRC 0.75 (50mm air gap) 1.0 NRC in mid-high frequencies
- Panels are installed inset with tabs or onset with dual-lock connectors

TACKABLE PANELS
- Tackable Panels are constructed of 7/16" corkboard and then covered, on both sides, in the textile of your choice
- Highly-skilled upholsterers hand tailor each unit to meet individual specifications
- Upholstery options include a broad range of styles, all pre-graded in this price list for ease of use
- Panels are installed onset with dual-lock connectors

ACRYLIC INSERTS
- Acrylic inserts are manufactured using high performance engineering resins and provide translucency, strength, clarity, and versatility
- Inserts are 20½"W and are available in 8½" and 20½" lengths
- Inserts are inset within the blocks with retainers for a tight-fitting installation
- Frosted acrylic options can be customized with logos and other designs as requested

LEVELING GLIDES
- Heavy-duty, adjustable leveling glides are available in black or nickel and are recommended to ensure proper leveling and compensation for uneven floors
- A tool (6mm allen driver bit) to install glides is also available to ensure proper installation

BARN DOOR HARDWARE
- Sliding system tracks are constructed of black powder coated steel
- Hardware includes tracks, hangers, track stops, screws, inserts, bracket, and sliding system
- Installation hardware will be shipped attached to components

PLANTER BOXES
- The planter box is made of ¾" thick thermally-fused laminate (TFL) fused particle-board core
- Grain direction runs horizontal
- Planter boxes are fastened together with screws and heavy-duty metal fasteners
- Optional insert is made of lightweight, fade-resistant, recyclable plastic

Indiana FURNITURE

SYNERGY

MULTI-USE PARTITIONS, SEATING + TABLES (8200 SERIES)

Synergy is a collection of partitions, tables, and seating to create spaces in an impromptu way without the need for complex architecture. This line promotes flexibility to adapt to different interactions, forming areas to gather, separate, and then gather again...all in personalized ways, and all within the same open space.

CONSTRUCTION

PARTITIONS

- Internal wood components are manufactured using plywood
- Partitions require some assembly including 75mm casters that are field installed
- Partitions Chassis consists of TFL frame, shelves (if applicable) and bottom panel

TABLES

- Table legs are 2"D, crafted from European Beech, and individually hand sanded prior to being finished with non-marring fixed nylon glides when casters are not selected
- Table tops have 1" thick Thermally-Fused Laminate (TFL) or High Pressure Laminate (HPL) surface with 3mm PVC edge band and Square edge profile; Designer White, Sugar Maple, and Williamsburg Cherry feature ABS edge bands

Square (Y)

- Tables require some assembly

SEATING

- All bench and stool joints are precisely fit with lag bolt connections for maximum strength and durability
- Stools and benches are rated for users up to 275lbs, ship fully assembled and feature 1½" thick High Grade Polyurethane Foam on the stools and bench seats
- Stool legs are 2"D, crafted from European Beech, and individually hand sanded prior to being finished with non-marring fixed nylon glides when casters are not selected

STORAGE

- Media Low Storage Partition on Casters includes soft close, touch latch hinged doors
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure
- Media Low Storage and Open Storage Partitions feature two (2) black grommets within the storage

PLANTER BOXES

- The planter box is made of ¾" thick thermally-fused laminate (TFL) particle-board core
- Grain direction runs horizontal
- Planter boxes are fastened together with screws and heavy-duty metal fasteners
- Optional Planter Insert is made of lightweight, fade-resistant, recyclable plastic

POWER/DATA/CORD MANAGEMENT

- Table top grommets and power/data units are available on center
- Table tops feature undersurface a 2"H metal accent to conceal wires and additional cord management is available for order; See Accessories
- Power/Data units available for in-surface mounting and comply with FCC Part 15A and UL
- Partitions with TV mount include a black grommet below TV mount, center wire channel, and grommet in bottom of unit for a clean and easy access to power.

PARTITION PANEL OPTIONS

Each side of a partition with panels can be personalized to meet the needs of your space; referred to as Side A Panel and Side B Panel. Select from TFL, Tackable Upholstery, or Dry Erase. Dry Erase Partitions also offer Glass Magnetic Marker Board Panels.

When a TFL Panel or Tackable Upholstery Panel is selected for both Side A and Side B, the same TFL color, or the same upholstery, will be used on both sides for a cohesive aesthetic.

Must specify Side A and Side B panel selection on order.

TFLP	TFL Panel
TKBP	Tackable Upholstered Panel
WHBP	Dry Erase Panel
BLMMB	Black Glass Magnetic Marker Board *(82-4872PDE Only)*

PURL™ DAISY CHAIN SYSTEM

The PURL™ daisy chain system adapts to your unique space, allowing you to configure the ideal power setup based on your specific room layout and application.

PURL™ Daisy Chain System includes the following components:

Your choice of Power Units with PURL™ Daisy Chain Plug

PURL™ Daisy Chain Power Infeed

PURL™ Daisy Chain H-Block connects Power Infeed, Power Units, and Jumper Cord

PURL™ Daisy Chain Jumper Cords connects to H-Blocks and Power Units

GREAT SPACES START WITH A PLAN

Before you get started specifying, we have a few helpful recommendations and component guidelines.

We recommend you determine the following:

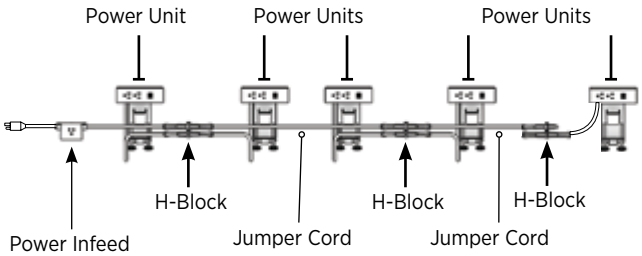

- Setup of the room
- Number of tops needed
- Number of Power Units per top

With multiple Power Unit locations available, understanding how your table tops will be used ensures you specify every component needed to seamlessly stay connected.

Components Guidelines:

- The Power Infeed and Power Units must connect to an H-Block
- When the Power Infeed plugs into the H-Block, two Power Units and a Jumper Cord may be used. Additional H-Blocks can be used with either two Power Units and two Jumper Cords or two Power Units and one Jumper Cord

Five (5) Power Unit System Example:

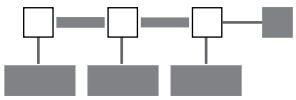

Shown with Duo Clamp. Also available with Duo Air, Duo Bezel and Trio Bezel with PURL™ Daisy Chain Plug

APPLICATION EXAMPLES OF THE PURL™ DAISY CHAIN SYSTEM

SYMBOL GUIDE:

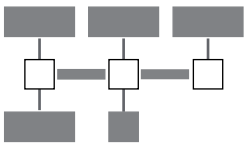

THREE (3) POWER UNIT SYSTEM

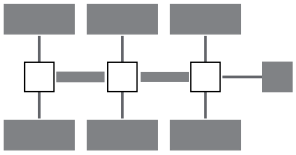

Components:
- 3 Power Units
- 1 Power Infeed
- 3 H-Blocks

Colors represented are high-resolution reproductions and may vary slightly from the actual product. To order samples, please contact our Customer Service team or order online at indianafurniture.com. Graining and finish colors may vary, yet will continue to complement, across Veneer, HPL, TFL, and Seating products due to the inherent differences of these materials.
