Indiana
FURNITURE

Our Pledge to People + Our Planet.

We've been making wood furniture longer than just about anyone...and we want to be doing so for a long time to come. That's a large part of why we take a stewardship approach to our resources. We believe that environmental sustainability and business profits need not be mutually exclusive. They can and should exist side by side in a mutually beneficial relationship. And for more than a century, we've been showing how it's done.

We've proven our commitment to a sustainable future by supporting the standards and programs that protect our home planet and human health. Whether it's local sourcing, reducing contaminants, implementing wellness and safety programs, or diverting waste from landfills, social responsibility is a part of every decision we make at Indiana Furniture.

One of the surest ways to reduce our impact on the planet is to make and buy things that last. And this one's a natural for us. Our products are made with craftsmanship and attention to detail that are a part of our legacy in wood manufacturing. And our products are backed by our 12-year warranty, which facilitates maintenance, servicing, and reassembly.

100% of our product lines:

- Are manufactured and assembled in the USA,
- Meet or exceed Indoor Air quality standards*,
- Meet or exceed BIFMA level® Sustainability standards and certification*,
- Conform to the BIFMA Compliance standards and certification*,
- Comply with TSCA Title VI (CARB) standards,
- and can contribute to LEED®, Green Globes®, and WELL® Sustainable Programs.

Specification Made Easy.

Whether you're looking to specify your office spaces or simply to visualize them in the options and surface materials you are desiring, we make it easy. You can find the entire Indiana Furniture portfolio on the following third-party, space-planning platforms.

To learn more, simply go to IndianaFurniture.com/resources.

** Recently launched or new products may still be in testing; Cush Pillows is currently not BIFMA Compliant due to no available compliance test.*

GENERAL INFORMATION + CONDITIONS OF SALE

ORDERING INFORMATION

All orders should be placed with:

Indiana Furniture
PO Box 270, 1919 Hospitality Dr., Ste. A
Jasper, IN 47547-0270

Fax: 812.482.9035

email: neworders@indianafurniture.com

ORDER PROCEDURE

To ensure timely processing, all orders must include:

- Purchase Order Number
- Sold To and Ship To Addresses
- Call Before Delivery Phone Number and Contact Name
- Complete Model Numbers and Quantity for All Units
- Finish Selections
- Fabric Vendor/Pattern/Color, if applicable
- Other Applicable Options
- Any Special Delivery or Product Instructions

A drawing or sketch of the planned configuration in modular applications will facilitate order processing.

How to Order illustrations are located at the beginning of each Series. Each model has additional information on How to Specify. For further clarification, contact Sales Support at 800.422.5727.

PRICING

All prices are suggested retail, F.O.B. Point of Origin, freight prepaid and allowed to one continental US destination. Prices, specifications and materials are subject to change without notice. Possession and/or distribution of this price list does not in itself constitute an offer to sell. Orders can be received only from authorized Indiana Furniture dealers. Orders will be billed at prices at time of shipment, unless previously acknowledged prior to the effective date of a price change, in which case billing will be at the price acknowledged.

Indiana Furniture accepts Visa, MasterCard and American Express. Please contact Sales Support for policy details.

ACKNOWLEDGMENT

Cleanly specified orders are acknowledged in a timely manner. The acknowledgment reflects how the order was entered, the estimated ship date, and other pertinent information. This acknowledgment serves as the final agreement between the customer and Indiana Furniture, and is the exclusive statement of the terms thereof. Changes must be requested within one business day of acknowledgment; after that, all production activities begin and the order becomes firm. Please examine this acknowledgment carefully and advise Indiana Furniture immediately of any discrepancies. The customer bears sole responsibility for order correctness.

Shipping fees (see Delivery + Freight Charges) are added at the time of invoicing. Shipping charges will be listed on direct bill and GSA orders due to the nature of the contract, but not on commercial or dealer-billed orders.

BUYER'S OBLIGATION: RIGHTS OF SELLER

If Indiana Furniture shall, at any time, doubt Buyer's financial responsibility, Indiana Furniture may decline to make shipments hereunder except upon receipt of cash payment in advance or security or other proof of responsibility satisfactory to Indiana Furniture. If buyer fails in any way to fulfill the terms and conditions set forth herein, Indiana Furniture may defer shipments until such default is corrected. Remedies provided herein shall be in addition to, and not in lieu of other remedies. Buyer agrees to abide by payment terms as listed on invoice. Buyer shall pay all reasonable costs and expenses, including attorney and collection fees, and late fees, incurred by Seller in connection with any amounts due for goods ordered.

CANCELLATIONS + CHANGES

All products are built-to-order. Once acknowledged (See Acknowledgement), orders are considered firm and are not subject to cancellation or change without approval from Indiana Furniture. All approved changes are subject to additional charges and revised lead times.

PRODUCT DESIGN + SPECIFICATION CHANGES

Indiana Furniture reserves the right to make changes in design and construction or discontinue products without prior notice. Note: All dimensions listed in price list are nominal.

REPAIR CHARGES

Indiana Furniture will only pay repair charges if Sales Support gives prior written authorization. No repair charge will be paid without advance approval at which time a repair authorization number will be issued and must appear on the invoice to Indiana Furniture for the completed work.

WAREHOUSE STORAGE CHARGES

If a shipment is held beyond 7 calendar days at your request, **a .084% per calendar day (2.52% per month) storage charge will be assessed**. The effective date will be 7 calendar days after the acknowledged ship date. Further, the prices applied to the order will be those in effect at the time of shipment.

DAMAGED/MISSING MERCHANDISE

The consignee is responsible for reporting all damage and shortages to Sales Support.

- The consignee must inspect all merchandise upon arrival.
- Do not refuse merchandise damaged in transit.
- Missing cartons and obvious damage must be noted on the freight bill at the time of delivery.
- Claims for missing cartons should be reported immediately for the best chance of recovery and to avoid delays in completing the delivery.
- Claims for both obvious and concealed damage must be filed within 15 calendar days of receipt of product
- Damaged merchandise must not have been moved from the original receiving location and must be reported prior to any attempt to install the product.
- All damaged merchandise, including the cartons and packing materials, must be retained for inspection by either the carrier or by an Indiana Furniture Sales Representative.

Be prepared to provide the following information when contacting Sales Support:

- Copy of Signed Freight Bill (with noted issues, if applicable)
- Original Order Number
- Model Number of the Damaged Item
- Photos of the Damaged Carton/Item

All damage claims are subject to review and approval. Once your damage claim has been evaluated, we will determine the best resolution, including repair or replacement where applicable. Indiana Furniture reserves the right to select the most cost effective way to resolve the claim.

DELIVERY + FREIGHT CHARGES

All shipments are F.O.B. Point of Origin, Jasper, IN, freight prepaid and allowed dock to dock on 53' trailer. Ownership and responsibility of the merchandise become that of the buyer upon delivery to the freight company. Shipments into Alaska, Hawaii, Canada, Mexico, Puerto Rico and other exports are freight prepaid and allowed to port of exit.

Shipping fees added at the time of invoicing.

- Shipments under $3000 (net value, product only) will incur a $300 net fee per shipment.
- Small-package carrier shipments:
    - Orders $100 or less will receive a $22 fee
    - Orders over $100 will receive a $40 fee

Carrier selection and routing are at Indiana Furniture's discretion. Requests for favored carriers and delivery times will be accommodated when possible.

After-hours delivery fees:

- Monday through Thursday after 3pm: $300 per truck
- Friday after 3pm or weekends: $600 per truck

Inside delivery and installation services are not included in the price shown. Any deviation from dock-to-dock delivery, such as but not limited to, non-dock, residential, or inside delivery must be specified on the order. Should these services be requested or required, please contact Sales Support regarding the availability of services and a quote. All charges incurred will be charged to the "Sold To" of the order.

BIFMA + ANSI TESTING

Indiana Furniture is a member of the Business and Institutional Furniture Manufacturer's Association (BIFMA). Tests developed by the BIFMA and approved by the American National Standards Institute (ANSI) determine the strength and durability of casegoods and seating in its everyday use. Although this testing does not serve as a warranty or guarantee, Indiana Furniture products within this price list have been tested by an independent verifying body and meet or exceed applicable BIFMA and ANSI Standards..

Indiana
FURNITURE

Warranty

Subject to the limitations set forth in this warranty, Indiana Furniture Industries, Inc. ("Indiana Furniture") warrants to the original purchaser all product in this price list ("Product") to be free from defects in material and workmanship given normal use for a **12-year period from the date of manufacture**. During the applicable warranty period, Indiana Furniture, as its sole obligation, will repair or replace (in Indiana Furniture's sole discretion) any Product, Part, or Component covered by this warranty and sold after June 1, 2026, which fails under normal use as a result of a defect in material or workmanship. Normal use is defined as the equivalent of a single shift, 40-hour work week. Indiana Furniture will repair or replace the defective Product, Part, or Component with a comparable Product, Part, or Component.

Warranty periods are limited, from the date of manufacture, for certain Products, Parts, and Components as follows:

5-Year Warranty (from the date of manufacture)
- Triple Play Series
- Electrical Components Including Lighting, Power Ports (see exclusions), and Adjustable Height Components
- Pneumatic Cylinders on Casegoods, Tables, and Seating
- Textiles, Foam, and Decorative Trim
- Swivel Arm Pads
- Keyboard Kits and Monitor Arms

3-Year Warranty (from the date of manufacture)
- Dock 950 Wireless Charger
- Dock 150 Wireless and USB Charger

THIS WARRANTY DOES NOT COVER:
- Damage caused by a carrier or third party
- Normal or routine wear and tear
- Appearance, durability, quality, behavior, colorfastness, or any other attribute of customer's own materials or any non-standard Indiana Furniture material (including CF Stinson, Maharam, Momentum, Mayer, UltraFabrics, Architex, and other alliance programs) specified by the customer and applied to a Product
- Color, grain or texture of wood, laminate and other covering materials
- Changes in wood or fabric color due to aging or exposure to light
- Labor and Service not covered under warranty
- Installation Damage (Wall Panels damaged during the installation of additional Product including but not limited to Wall Panel Shelves, Tackboards, or TV Mounts)
- Products or Components attached in some manner to any other manufacturer's products or components (e.g., Indiana Furniture Conference Tops attached to another manufacturer's bases)
- Noncompliance with installation and maintenance instructions

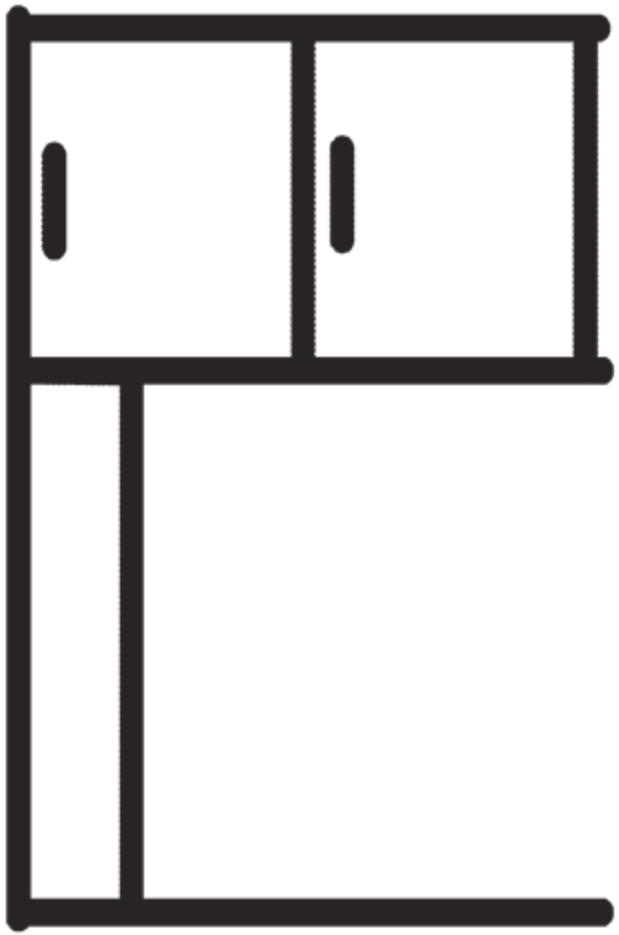

As the manufacturer of the Product, Indiana Furniture stands behind its craftsmanship and pledges to do everything it can to reasonably resolve, as quickly as possible, any problems you may have with the Product within the terms and conditions of this warranty.

If you encounter a defect covered by the foregoing warranty, contact the dealer from whom you purchased the Product. If the dealer is unable to resolve your warranty issues, you should contact Indiana Furniture. Please ensure that you have all of the pertinent facts when contacting the dealer or Indiana Furniture, including the model number and factory order number from the inspection label attached to the Product.

INDIANA FURNITURE IS NOT PROVIDING, AND SPECIFICALLY DISCLAIMS, ANY OTHER WARRANTIES FOR THE PRODUCTS, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. INDIANA FURNITURE SHALL NOT BE LIABLE TO THE PURCHASER OR ANY THIRD PARTY FOR CONSEQUENTIAL, INCIDENTAL, INDIRECT, OR SPECIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, DAMAGES ARISING OUT OF OR RESULTING IN ANY MALFUNCTIONS, DELAYS, LOSS OF PROFIT, INTERRUPTION OF BUSINESS, PERSONAL INJURY, BODILY INJURY, DEATH, DISMEMBERMENT, OR PROPERTY DAMAGE.

Casegoods

Indiana FURNITURE

ARLINGTON™
CASEGOODS + TABLES (2900 SERIES)

Arlington ensures quality and expert craftsmanship with a selection of configurations for today's functional workspaces including new Height Adjustable options. Providing all the grace and embellishments associated with traditional styling, Arlington features multiple worksurface materials and hand placed decorative and base molding to create a value driven collection with high end elegance.

CONSTRUCTION

Arlington features a Veneer chassis with your choice of a Veneer or HPL top. Units ship assembled unless otherwise noted.

VENEER
- Exposed surfaces feature select grade, plain sliced American Black Walnut or Cherry veneers, carefully selected and matched to assure proper balance and consistency

TOPS
- Veneer tops are 5-ply balanced construction and 1 3⁄16" thick with solid hardwood rims with butt corners
- High Pressure Laminate (HPL) tops are 3-ply balanced construction and 1 3⁄16" thick with solid hardwood rims with butt corners
- Grain direction runs left to right unless noted

CHASSIS
- Chassis is securely fastened using high quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors
- Bases are solid hardwood with mitered corners
- Construction offers tight tolerances and long term durability
- Vertical grain direction on chassis

DRAWERS
- Drawer fronts standard with matched veneer faces
- Drawer sides, back and front are woodgrain vinyl-wrapped, and are ½" thick
- 5-sided drawer construction for easy removal of drawer fronts
- Box and file drawers are tested for 100lb capacity
- Lateral files feature ¼" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Letter width file drawers provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

STORAGE
- All hinged doors include soft close hinges, unless noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- Central locking is standard on all desks and optional for credenzas and returns; one key in the lock cylinder locks all drawers in the desk
- Lock core available in black or silver and will coordinate with pull selection; See option details
- Removable lock cylinders allow for units to be re-keyed at a later date if required

LOCKING CON'T
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge

CORD MANAGEMENT
- Grommets are standard in back panels of returns, bridge units, credenzas, and hutch units
- Grommets may be ordered in the tops of desks, returns, bridge units, and credenzas
- Grommets are 2⅜" in diameter and available in black or silver, please specify color
- See all grommet options and locations
- Undersurface Wire Manager (01-WMGR4) is available for additional cord management; See Accessories

HEIGHT ADJUSTABILITY
- Height adjustable units are available as stand-alone height adjustable models or synchronized models (STS3) for connected tops
- Intuitively designed, all desks are compatible with either 2-channel or 3-channel returns and bridges
- Height adjustment range 30"H-47"H, with a load capacity of more than 200lbs
- The standard control switch is factory installed on all units; 3-channel returns/bridges will link to the desk control and 2-channel bridges are field installed for left/right application
- An optional advanced switch with Bluetooth capabilities, position memory, and stand-up reminders is available
- Grommets are optional in the back panels of bridges, returns, and credenzas
- Wire management mesh wrap included when worksurface grommet is selected
- One wire management channel provided to route wires from switch and control box
- Height adjustable legs available in black finish only
- Height Adjustable units begin on here

MOLDING LOCATIONS AND OPTIONS

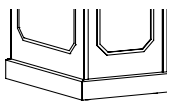

Styles of Base Molding and Decorative Molding cannot be intermixed. For example, when Arlington Base Molding is selected, only the Arlington Decorative may be ordered, while Wilmington Base Molding must also be ordered with Wilmington Decorative Molding.

Base Molding

Arlington and Wilmington Base Molding are skillfully applied on the approach, sides, and user side of Desks and Returns. Lateral Files and Credenzas feature molding on front and both sides with no molding on back for flush wall applications. Bridges will feature molding on approach. Storage Cabinets, Bookcases and Wardrobe/Storage Cabinets will feature base molding on front of unit only.

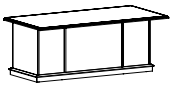

Arlington Base Molding

Wilmington Base Molding

Decorative Molding

Units come standard with no decorative molding. See below for details and locations of optional Arlington or Wilmington Decorative Molding. See next page for ordering options and pricing.

No Decorative Molding Standard

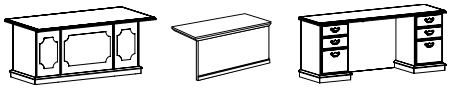

See next page for additional molding information

Indiana FURNITURE

ARLINGTON™
CASEGOODS + TABLES (2900 SERIES)

Indiana FURNITURE

CANVAS™

LAMINATE CASEGOODS + TABLES (6600/6800 SERIES)

Always stylish, comfortable, and effortlessly adaptable, Canvas enlivens environments with refined aesthetics born from an appealing mix of materials, finishes, and components. The redesign and expansion of integrated height adjustable units, white and black glass door options on hutch and storage units as well as a full line of white and black glass marker boards provide opportunities for more elegant and clean styling. Metal accents within the line include a broad scope of aluminum and black finishes with coordinating black, aluminum, chrome, and gold pull give you multiple choices to customize a look and feel for modern office environments.

CONSTRUCTION

Canvas Casegoods feature a TFL chassis with your choice of either a TFL or HPL top. Units ship assembled unless otherwise noted.

LAMINATES
- Exposed surfaces are woodgrain and solid color laminates fused to particle-board core
- Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance

TOPS
- HPL tops are 1⅜" thick with a 3mm PVC edge bands and TFL tops are 1" thick with a 3mm PVC edge bands; Designer White, Sugar Maple, Williamsburg Cherry feature ABS edge bands
- Optional 1½" thick HPL worksurfaces are available in select colors. Please contact Customer Service or your local Sales Rep for pricing and lead times.
- Grain direction runs left-to-right unless otherwise noted

CHASSIS
- Chassis is securely fastened using high-quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors
- All desks, non-lateral credenzas, and returns have wire management access from pedestal to kneespace

DRAWERS
- Drawers feature 5-sided construction allowing for easy removal of drawer fronts
- Drawer fronts are 3-ply construction, ¾" thick with matched grain
- Drawer sides, back, and front are ½" thick, woodgrain vinyl wrapped construction with mitered corners
- Box and file drawers feature full extension, progressive action slides with precision steel ball bearings allowing side-to-side and front-to-back
- Optional soft close on box and file drawers allows front-to-back filing in file drawers
- Optional wood dovetail construction with 7⁄16" thick hardwood sides and backs, and 5⁄32" thick hardboard bottoms
- Box and file drawers have ⅛" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature ¼" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All suspensions have a limited lifetime warranty

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Optional soft close on box and file drawers allows front-to-back filing in file drawer
- Letter width file drawers provide letter filing front-to-back and legal filing side-to-side
- Lateral file drawers provide legal or letter filing front-to-back or side-to-side

STORAGE
- All hinged doors include soft close hinges, unless noted
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core is predetermined by pull color. Black lock cores are used with black and gold pulls while silver lock cores are used with chrome and aluminum pulls

CORD MANAGEMENT
- Grommets may be ordered in the tops of all assembled desks, returns, bridges, credenzas, and component worksurfaces
- All desks, returns, and credenzas (except lateral pedestals) have standard wire openings from inside the pedestal to the kneespace allowing quick access to technology below
- Additionally, returns, bridge units, kneespace credenzas, and hutch units have standard grommets in back panels
- Grommets are also standard in the tops of corner units and extended corner units
- Grommets are 2⅜" and are available in black or silver, must specify color
- See all grommet options and locations
- Undersurface Wire Manager (01-WMGR4) is available for additional cord management; See Accessories

HEIGHT ADJUSTABLE MECHANISMS
- Optional center drawer, Dock 950 and Dock 150, ¾ modesty panels, and kneespace options are not available with height adjustable units
- Height adjustment range 30"H-47"H
- 5-year warranty
- See additional Height Adjust information
- Height Adjustable units begin on here

STUDIO LEGS
- For each of the Studio models, standard or shared legs will need to be specified
- Choose to use four standard, a combination of standard or shared, or all shared legs on each unit
- The below images will provide a guide to the aesthetics of single, double, and shared legs
- Studio components begin on here

Single Standard Leg

Shared Leg (used between two models)

Double Standard Leg (standard legs used on each model)

DRAWER CONSTRUCTION OPTIONS

Drawers come standard with woodgrain vinyl-wrapping and mitered corners. Optional wood dovetail construction for all box, file, and lateral file drawers is available. Must Specify when ordering.

Pricing is per Drawer, not per Model/Unit

MITER	Mitered Fold Construction		STD
DOVE	Wood Dove Tail Construction	$	49

DRAWER TRACK OPTIONS

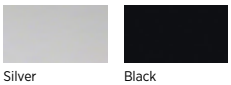

Soft close tracks are available on box and file drawers only. Soft close drawer tracks have many benefits including reduced stress on the unit, extends the life of the drawer, and ensures a gentle close so fingers don't accidentally get hurt. File drawers with the soft close option feature front-to-back filing. Must specify when ordering.

Pricing is per Drawer, not per Model/Unit

SFTCL	Soft Close Drawer Track (**Box + File Drawers Only**)	$	38

LOCK CORE COLOR OPTIONS

BLK	Black *(Used with Black and Gold Pulls)*
SLV	Silver *(Used with Aluminum and Chrome Pulls)*

LAMINATE CASEGOODS + TABLES (6600/6800 SERIES)

PURL™ DAISY CHAIN SYSTEM

The PURL™ daisy chain system adapts to your unique space, allowing you to configure the ideal power setup based on your specific room layout and application.

PURL™ Daisy Chain System includes the following components:

Your choice of Power Units with PURL™ Daisy Chain Plug

PURL™ Daisy Chain Power Infeed

PURL™ Daisy Chain H-Block connects Power Infeed, Power Units, and Jumper Cord

PURL™ Daisy Chain Jumper Cords connects to H-Blocks and Power Units

GREAT SPACES START WITH A PLAN

Before you get started specifying, we have a few helpful recommendations and component guidelines.

We recommend you determine the following:

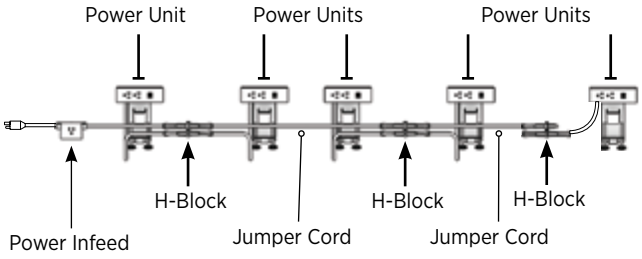

- Setup of the room
- Number of tops needed
- Number of Power Units per top

With multiple Power Unit locations available, understanding how your table tops will be used ensures you specify every component needed to seamlessly stay connected.

Components Guidelines:

- The Power Infeed and Power Units must connect to an H-Block
- When the Power Infeed plugs into the H-Block, two Power Units and a Jumper Cord may be used. Additional H-Blocks can be used with either two Power Units and two Jumper Cords or two Power Units and one Jumper Cord

Five (5) Power Unit System Example:

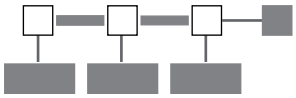

Shown with Duo Clamp. Also available with Duo Air, Duo Bezel and Trio Bezel with PURL™ Daisy Chain Plug

CANVAS™
LAMINATE CASEGOODS + TABLES (6600/6800 SERIES)
HEIGHT ADJUSTABLE

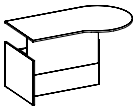

HEIGHT ADJUSTABLE MECHANISMS

Height Adjust method that increases user kneespace, offers more stability for overall unit and top construction, and two worksurfaces can move from sitting to standing simultaneously with or without moving modesty panel.

- Height adjustable units are available as stand-alone height adjustable models or synchronized models (STS3) for connected tops
- Intuitively designed, all desks are compatible with either 2-channel or 3-channel returns and bridges
- Height adjustment range 30"-47"H, with a load capacity of more than 200lbs
- Gently adjust worksurface with a 1 second stop at each memory position
- The standard control switch is factory installed on all units; 3-channel returns/bridges will link to the desk control and 2-channel bridges are field installed for left/right application
- An optional advanced switch with Bluetooth capabilities, position memory, and stand-up reminders is available
- Grommets are optional in the back panels of bridges, returns, and credenzas
- Wire management mesh wrap included when worksurface grommet is selected
- One wire management channel provided to route wires from switch and control box

Height Adjustable User Side

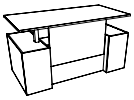

Moving Modesty

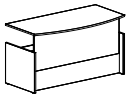

Black wire management mesh sleeve

HEIGHT ADJUST MOVING MODESTY PANEL

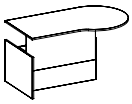

Height adjustable moving modesty panel available on double and single pedestal, D-top and P-Top desks. Moving modesty panels offer a clean aesthetic when seated or standing while giving more privacy to the user.

Stepped Front Desk with Moving Modesty

Recessed Front Desk with Moving Modesty

P-Top with Moving Modesty

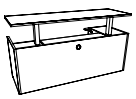

MOVMOD	Moving Modesty Panel	$	237

HEIGHT ADJUST MODESTY PANEL GROMMET

Height adjustable credenza, bridge and return units feature a modesty panel grommet (3" down from top) option for accessing power to a wall. Must Specify on Order.

2-Channel units feature centered modesty grommet and grommet centered behind the pedestal on 3-Channel units.

Indiana FURNITURE

CANVAS™
STUDIO COMPONENTS (6600/6800 SERIES)

Studio Components

Boutique-inspired options to give all your working environments a fresh look with a subtle touch of home. Integrated into our ever-popular Canvas and Gesso Casegood lines, Studio models build upon simplicity and flexibility while allowing you to create eye-catching spaces. Whether you're looking to outfit an executive's office, team space, collaborative area, or anything in between, our Studio desk and storage components have the look and feel you desire.

Studio components work with existing Canvas Tops, Peninsula Tops, and accessories such as Tackboards, Work Walls, Marker Boards, and Cushions to build the perfect workspace. The slim leg design provides an upscale feel for all of the Studio components. Storage units such as standard height pedestals offer the flexibility to build single or double pedestal desks or credenzas and low height pedestals allow you to create bench style credenzas.

The Studio pull features a clean application.

Studio (AST)
Aluminum - 13"

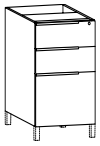

Studio (BST)
Black - 13"

Studio (CST)
Chrome - 13"

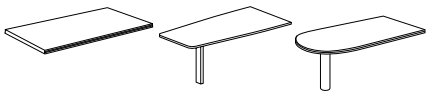

Studio Pulls are attached on the back side of the drawer front and installed in the left aligned position giving it a clean and sophisticated finish.

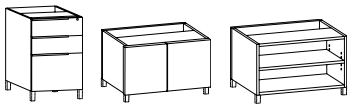

How to Use Studio

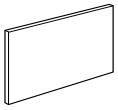

Start with a Modular Top to build a Desk, Peninsula Desk, Benching or Credenza (*See Modular Tops*)

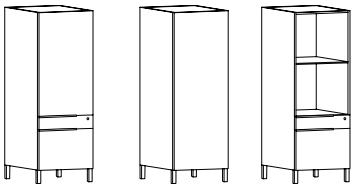

Next, choose from a number of Studio Pedestals options in Standard or Low Height. *(See Next Page for Studio Peds)*

Kneespace Modesty Panels are available in standard height in TFL or High Gloss Acrylic or low height in TFL (*See Modesty Panels*)

Add additional storage with Studio Storage Cabinets and the full door storage cabinet features high gloss acrylic and dry erase door options (*See Storage Cabinets*)

Studio Single and Shared Legs images below provide a simple and clean aesthetic. See below for a guide to the aesthetics of single, double, and shared legs (See Leg Options)

Single Standard Leg

Shared Leg (used between two models)

Double Standard Leg (standard legs used on each model)

Height Adjustable Components

We've enhanced our height adjustable options to include a better integrated and easier to specify solution. These new models coupled with our existing modular height adjustable, and all of our standard models and storage options, provide you with the ultimate flexibility to meet the needs of your space and, more importantly, the needs of the user. And, we've made these new models more cost effective for you and more functional and spacious for the user.

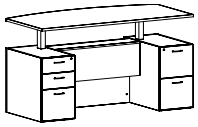

Some Highlights of Our Integrated Solutions:

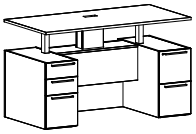

- Adjustable from 30"H-47"H, with a load capacity of more than 200lbs
- Gently adjust one worksurface or multiple worksurfaces with a 1 second stop at each memory position
- All Desks and Credenza units are compatible with 2-channel and 3-channel returns and bridges. Two-channel models allow workspaces to work independently of each other. Three-Channel models connect to 2-channel models to raise worksurfaces simultaneously.
- Two height adjustable control switches available. Standard up/down switch (SWCH) and advanced switch features Bluetooth capabilities, three stand-up reminder intervals and four height memory positions (MSWCH)
- Moving Modesty (MOVMOD) option creates a clean aesthetic when seated or standing
- Height adjust control switch is factory installed on all units except Desk Shells, Bridges or 3-Channel units
- Bridges, returns, and credenzas have an optional grommet on the back panel
- New black wire management mesh wrap included when worksurface grommet is selected
- Grommets and one Latch Duct wire management channel provided within kneespace to manage wires from switch and control box. Two Latch Duct wire management channels will be shipped with Desk Shells

Black wire management mesh sleeve included with worksurface grommet

Standard 2-Channel Height Adjustable

2-Channel Height Adjustable with Box

Standard (SWCH) and Advanced Switch (MSWCH)

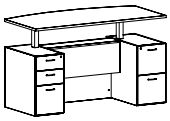

If you prefer our original solution or have specified it previously, and would like to do so again, simply contact our Customer Service team for assistance. We can make that happen for you!

Indiana FURNITURE

GESSO™

CASEGOODS + TABLES (6500/6700 SERIES)

A foundational suite of casegoods primed to evolve with your needs. Gesso allows you to combine luxurious veneers, top grade laminates, metal accents, and other materials to create stylish, reconfigurable work spaces and storage options. With integrated height adjustable units, white and black glass door options on hutch and storage units as well as a full line of white and black glass marker boards provide opportunities for more elegant and clean aesthetic.

CONSTRUCTION

Gesso Casegoods feature a Veneer chassis with your choice of either a Veneer or HPL top. Units ship assembled unless otherwise noted.

VENEERS
- Exposed surfaces feature select grade plain sliced hardwood Cherry, Maple, American Black Walnut, White Oak, or composite veneers
- Veneers are carefully selected and matched to assure proper balance and consistency

TOPS
- Veneer and standard High Pressure Laminate (HPL) tops are 3-ply balanced construction and 1 3/16" thick, with 3mm wood edge-banded rims contoured to the selected profile
- Optional 1½" thick HPL worksurfaces are available in select colors. Please contact Customer Service or your local Sales Rep for pricing and lead times. Sugar Maple and Williamsburg Cherry feature ABS edge bands
- Tops are shaped on user and approach sides
- Grain direction runs left to right unless otherwise noted

CHASSIS
- Chassis is securely fastened using high quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors
- All desks, non-lateral credenzas, and returns have wire management access from pedestal to kneespace

DRAWERS
- Drawers feature 5-sided construction allowing for easy removal of drawer fronts
- Drawer fronts are 3-ply construction, ¾" thick with matched grain
- Drawer sides, back, and front are ½" thick, woodgrain vinyl wrapped construction with mitered corners
- Box and file drawers feature full extension, progressive action slides with precision steel ball bearings allowing side-to-side and front-to-back
- Optional soft close on box and file drawers allows front-to-back filing in file drawers
- Optional wood dovetail construction with 7/16" thick hardwood sides and backs, and 5/32" thick hardboard bottoms
- Box and file drawers have ⅛" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature ¼" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All suspensions have a limited lifetime warranty

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Optional soft close on box and file drawers allows front-to-back filing in file drawer
- Letter width file drawers provide letter filing front-to-back and legal filing side-to-side
- Lateral file drawers provide legal or letter filing front-to-back or side-to-side

STORAGE
- All hinged doors include soft close hinges, unless noted
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core is predetermined by pull color. Black lock cores are used with black and gold pulls while silver lock cores are used with chrome and aluminum pulls

CORD MANAGEMENT
- Grommets may be ordered in the tops of all assembled desks, returns, bridges, credenzas, and component worksurfaces
- All desks, returns, and credenzas (except lateral pedestals) have standard wire openings from inside the pedestal to the kneespace allowing quick access to technology below
- Additionally, returns, bridge units, kneespace credenzas, and hutch units have standard grommets in back panels
- Grommets are also standard in the tops of corner units and extended corner units
- Grommets are 2⅜" and are available in black or silver, must specify color
- See all grommet options
- Undersurface Wire Manager (01-WMGR4) is available for additional cord management; See Accessories

HEIGHT ADJUSTABLE MECHANISMS
- Optional center drawer, Dock 950 and Dock 150, ¾ modesty panels, and kneespace options are not available with height adjustable units
- Height adjustment range 30"H-47"H
- 5-year warranty
- See Height Adjust Information and Options
- Height Adjustable units begin here

STUDIO LEGS
- For each of the Studio models, standard or shared legs will need to be specified
- Choose to use four standard, a combination of standard or shared, or all shared legs on each unit
- The below images will provide a guide to the aesthetics of single, double, and shared legs
- Studio components begin here

Single Standard Leg

Shared Leg (used between two models)

Double Standard Leg (standard legs used on each model)

DRAWER CONSTRUCTION OPTIONS

Drawers come standard with woodgrain vinyl-wrapping and mitered corners. Optional wood dovetail construction for all box, file, and lateral file drawers is available. Must Specify when ordering.
Pricing is per Drawer, not per Model/Unit

MITER	Mitered Fold Construction		STD
DOVE	Wood Dove Tail Construction	$	49

DRAWER TRACK OPTIONS

Soft close tracks are available on box and file drawers only. Soft close drawer tracks have many benefits including reduced stress on the unit, extends the life of the drawer, and ensures a gentle close so fingers don't accidentally get hurt. File drawers with the soft close option feature front-to-back filing. Must specify when ordering.
Pricing is per Drawer, not per Model/Unit

SFTCL	Soft Close Drawer Track (**Box + File Drawers Only**)	$	38

LOCK CORE COLOR OPTIONS

CASEGOODS + TABLES (6500/6700 SERIES)

GROMMET OPTIONS + POWER UNIT LOCATIONS

Note: Wire Management Options for Integrated and Modular Height Adjustable Models may be found in their specific area within this section.

Grommets are standard in the back panels of returns, bridges, and credenzas, and may be ordered without grommets at no additional charge. Please specify NO GROMMET on order.

Grommets are available on hutches in standard locations for task light management at no additional charge. Please specify WMHUBL (Black) or WMHUSV (Silver).

Power units, Dock 950 and Dock 150 must be specified separately with surface mount location. Dock 950 and Dock 150 are available on Modular Benching Desk Tops, Modular Cabinet Tops, Work Tables, and Media Peninsula Tops, and where otherwise noted.

Grommets are available in standard locations. Please specify using info below. Multiple locations may be selected. Only one unit per location.

GROMMET LOCATIONS (Black = BLK and Silver = SLV)

GC	Grommet, Center	$	58
GL	Grommet, Left	$	58
GR	Grommet, Right	$	58
GAL	Grommet, Approach Left - D-Tops Only	$	58
GAR	Grommet, Approach Right - D-Tops Only	$	58
GSL	Grommet, Seat Side Left - D-Tops Only	$	58
GSR	Grommet, Seat Side Right - D-Tops Only	$	58

DUO/TRIO BEZEL LOCATIONS

GESSO™
CASEGOODS + TABLES (6500/6700 SERIES)

PURL™ DAISY CHAIN SYSTEM

The PURL™ daisy chain system adapts to your unique space, allowing you to configure the ideal power setup based on your specific room layout and application.

PURL™ Daisy Chain System includes the following components:

Your choice of Power Units with PURL™ Daisy Chain Plug

PURL™ Daisy Chain Power Infeed

PURL™ Daisy Chain H-Block connects Power Infeed, Power Units, and Jumper Cord

PURL™ Daisy Chain Jumper Cords connects to H-Blocks and Power Units

GREAT SPACES START WITH A PLAN

Before you get started specifying, we have a few helpful recommendations and component guidelines.

We recommend you determine the following:

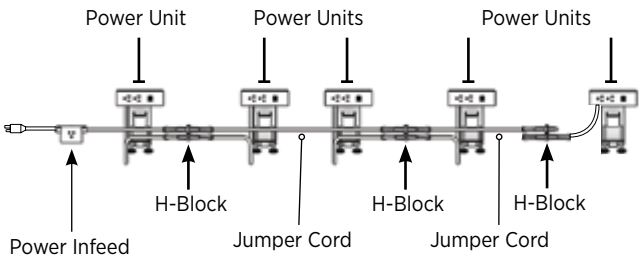

- Setup of the room
- Number of tops needed
- Number of Power Units per top

With multiple Power Unit locations available, understanding how your table tops will be used ensures you specify every component needed to seamlessly stay connected.

Components Guidelines:

- The Power Infeed and Power Units must connect to an H-Block
- When the Power Infeed plugs into the H-Block, two Power Units and a Jumper Cord may be used. Additional H-Blocks can be used with either two Power Units and two Jumper Cords or two Power Units and one Jumper Cord

Five (5) Power Unit System Example:

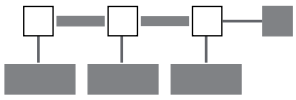

Shown with Duo Clamp. Also available with Duo Air, Duo Bezel and Trio Bezel with PURL™ Daisy Chain Plug

GESSO™

HEIGHT ADJUSTABLE UNITS (6500/6700 SERIES)
HEIGHT ADJUSTABLE

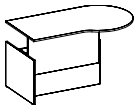

HEIGHT ADJUSTABLE MECHANISMS

Height Adjust method that increases user kneespace, offers more stability for overall unit and top construction, and two worksurfaces can move from sitting to standing simultaneously with or without moving modesty panel.

- Height adjustable units are available as stand-alone height adjustable models or synchronized models (STS3) for connected tops
- Intuitively designed, all desks are compatible with either 2-channel or 3-channel returns and bridges
- Height adjustment range 30"-47"H, with a load capacity of more than 200lbs
- Gently adjust worksurface with a 1 second stop at each memory position
- The standard control switch is factory installed on all units; 3-channel returns/bridges will link to the desk control and 2-channel bridges are field installed for left/right application
- An optional advanced switch with Bluetooth capabilities, position memory, and stand-up reminders is available
- Grommets are optional in the back panels of bridges, returns, and credenzas
- Wire management mesh wrap included when worksurface grommet is selected
- One wire management channel provided to route wires from switch and control box

Height Adjustable User Side

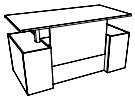

Moving Modesty

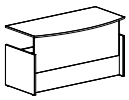

Black wire management mesh sleeve

HEIGHT ADJUST MOVING MODESTY PANEL

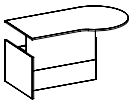

Height adjustable moving modesty panel available on double and single pedestal, D-top and P-Top desks. Moving modesty panels offer a clean aesthetic when seated or standing while giving more privacy to the user.

Stepped Front Desk with Moving Modesty

Recessed Front Desk with Moving Modesty

P-Top with Moving Modesty

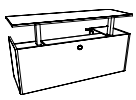

MOVMOD	Moving Modesty Panel	$ 237

HEIGHT ADJUST MODESTY PANEL GROMMET

Height adjustable credenza, bridge and return units feature a modesty panel grommet (3" down from top) option for accessing power to a wall. Must Specify on Order.

2-Channel units feature centered modesty grommet and grommet centered behind the pedestal on 3-Channel units.

GMBBL	Black Modesty Grommet
GMBSV	Silver Modesty Grommet

Credenza with Modesty Grommet

2-Channel Return with Modesty Grommet

3-Channel Return with Modesty Grommet

HEIGHT ADJUST SWITCH CONTROL OPTIONS

Height adjust units offer two switch options. The standard switch is a simple up and down paddle style switch to move your worksurface from seated to standing height. The advanced switch features Bluetooth capabilities to connect to smart devices, three stand-up reminder intervals and four height adjustment memory positions.

SWCH	Standard Up/Down Switch	STD
MSWCH	Advanced Up/Down with Memory	$ 149

Studio Components

Boutique-inspired options to give all your working environments a fresh look with a subtle touch of home. Integrated into our ever-popular Canvas and Gesso Casegood lines, Studio models build upon simplicity and flexibility while allowing you to create eye-catching spaces. Whether you're looking to outfit an executive's office, team space, collaborative area, or anything in between, our Studio desk and storage components have the look and feel you desire.

Studio components work with existing Canvas Tops, Peninsula Tops, and accessories such as Tackboards, Work Walls, Marker Boards, and Cushions to build the perfect workspace. The slim leg design provides an upscale feel for all of the Studio components. Storage units such as standard height pedestals offer the flexibility to build single or double pedestal desks or credenzas and low height pedestals allow you to create bench style credenzas.

The Studio pull features a clean application.

Studio (AST)
Aluminum - 13"

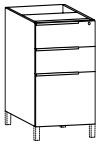

Studio (BST)
Black - 13"

Studio (CST)
Chrome - 13"

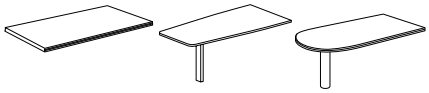

Studio Pulls are attached on the back side of the drawer front and installed in the left aligned position giving it a clean and sophisticated finish.

How to Use Studio

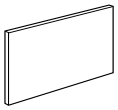

Start with a Modular Top to build a Desk, Peninsula Desk, Benching or Credenza (*See Modular Tops*)

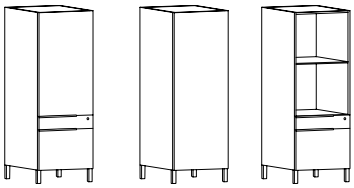

Next, choose from a number of Studio Pedestals options in Standard or Low Height. *(See Next Page for Studio Peds)*

Kneespace Modesty Panels are available in standard height in TFL or High Gloss Acrylic or low height in TFL (*See Modesty Panels*)

Add additional storage with Studio Storage Cabinets and the full door storage cabinet features high gloss acrylic and dry erase door options (*See Storage Cabinets*)

Studio Single and Shared Legs images below provide a simple and clean aesthetic. See below for a guide to the aesthetics of single, double, and shared legs (*See Leg Options*)

Single Standard Leg

Shared Leg (used between two models)

Double Standard Leg (standard legs used on each model)

GESSO™

HEIGHT ADJUSTABLE UNITS (6500/6700 SERIES)
HEIGHT ADJUSTABLE

Height Adjustable Components

We've enhanced our height adjustable options to include a better integrated and easier to specify solution. These new models coupled with our existing modular height adjustable, and all of our standard models and storage options, provide you with the ultimate flexibility to meet the needs of your space and, more importantly, the needs of the user. And, we've made these new models more cost effective for you and more functional and spacious for the user.

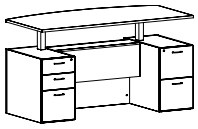

Some Highlights of Our Integrated Solutions:

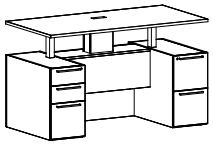

- Adjustable from 30"H-47"H, with a load capacity of more than 200lbs
- Gently adjust one worksurface or multiple worksurfaces with a 1 second stop at each memory position
- All Desks and Credenza units a compatible with 2-channel and 3-channel returns and bridges. Two-channel models allow workspaces to work independently of each other. Three-Channel models connect to 2-channel models to raise worksurfaces simultaneously.
- Two height adjustable control switches available. Standard up/down switch (SWCH) and advanced switch features Bluetooth capabilities, three stand-up reminder intervals and four height memory positions (MSWCH)
- Moving Modesty (MOVMOD) option creates a clean aesthetic when seated or standing
- Height adjust control switch is factory installed on all units except Desk Shells, Bridges or 3-Channel units
- Bridges, returns, and credenzas have an optional grommet on the back panel
- New black wire management mesh wrap included when worksurface grommet is selected
- Grommets and one Latch Duct wire management channel provided within kneespace to manage wires from switch and control box. Two Latch Duct wire management channels will be shipped with Desk Shells

Black wire management mesh sleeve included with worksurface grommet

Standard 2-Channel Height Adjustable

2-Channel Height Adjustable with Box

Bring the Open Plan and Shared Spaces to Life!

Modular Height Adjustable components make it easy to create the perfect work environment for any space. Select from an array of sizes of worksurfaces, pedestals, filing units and more to connect teams together so collaborating can be easy and productive.

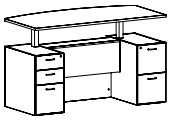

If you prefer our original solution or have specified it previously, and would like to do so again, simply contact our Customer Service team for assistance. We can make that happen for you!

Indiana FURNITURE

JEFFERSON™
CASEGOODS + TABLES (4600 SERIES)

Jefferson echoes history and creates a timeless foundation for today's sophisticated work place. Finely crafted in select solids with Walnut and Cherry veneers, the tailored details of this collection accentuate our expert craftsmanship and perfect attention to detail.

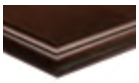

Jefferson forges traditional styling with modern sensibility with new Height Adjustable options and coordinating reception models, allowing the premium feel and flexibility of Jefferson to easily function throughout entire facilities.

CONSTRUCTION

Jefferson features a Veneer chassis with your choice of a Veneer or HPL top. Units ship assembled unless otherwise noted.

VENEER
- Choose from premium or select veneer on exposed surfaces in American Black Walnut or Cherry species in bookmatched veneer faces
- Veneers are carefully selected and matched to assure proper balance and consistency

TOPS
- Veneer tops offer a 5-ply balanced construction, 1 3⁄16" thick with solid hardwood mitered rims
- High Pressure Laminate (HPL) tops offer a 3-ply balanced construction, 1 3⁄16" thick with solid hardwood mitered rims
- Grain direction runs left-to-right unless otherwise noted
- All Jefferson tops are standard with the Jefferson edge profile (C2), unless otherwise noted.

CHASSIS
- Chassis is securely fastened using high quality European fastening systems, heavy-duty, 16-gauge joining brackets and wood dowels to assure maximum strength
- Bases are solid hardwood with mitered corners
- All units have finished veneer backs
- Construction offers tight tolerances and long term durability
- All units equipped with heavy-duty, adjustable glides to ensure proper leveling and compensate for uneven floors
- Vertical grain direction on chassis

DRAWERS
- Drawers feature 5-sided contruction and drawer fronts are standard with bookmatched veneer faces
- Fronts are 3-ply construction and ¾" thick
- Drawer interiors are dovetail, wood constructed with 7⁄16" hardwood sides and backs and 5⁄32" thick hardboard bottoms
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- Box and file drawers are tested for 100lb capacity
- Lateral files feature ¼" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All suspensions have a limited lifetime warranty
- Optional soft close (see soft close options) is available on center, tray, box, and file drawers, unless otherwise noted; File drawers with the soft close option feature front-to-back filing.

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Optional soft close on box and file drawers allows front-to-back filing in file drawer

FILING (CONT.)
- Legal width file drawers provide legal filing front to back, and letter or legal filing side to side
- Letter width file drawers provide letter filing front to back, and letter or legal filing side to side

STORAGE
- All hinged doors include soft close hinges, unless noted
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- Central locking is standard on all desks and optional for credenzas and returns; one key in the lock cylinder locks all drawers in the desk
- Lock core color will coordinate with pull selection (brass pulls will have black cores, while aluminum pulls will have silver cores)
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge.

CORD MANAGEMENT
- Grommets are standard in back panels of returns, bridges, kneespace credenzas, and hutch units (does not apply to height adjustable or reception units)
- Grommets may be ordered in the tops of desks, returns, bridges, credenzas, and component worksurfaces
- See all optional grommet locations
- Undersurface Wire Managers are available for additional cord management; See Multiple Units

HEIGHT ADJUSTABILITY
- Height adjustable units are available as stand-alone height adjustable models or synchronized models (STS3) for connected tops
- Intuitively designed, all desks are compatible with either 2-channel or 3-channel returns and bridges
- Height adjustment range 30"H to 47"H, with a load capacity of more than 200lbs
- The standard control switch is factory installed on all units; 3-channel returns/bridges will link to the desk control and 2-channel bridges are field installed for left/right application
- An optional advanced switch with Bluetooth capabilities, position memory, and stand-up reminders is available
- Grommets are optional in the back panels of bridges, returns, and credenzas
- Wire management mesh wrap included when worksurface grommet is selected
- One wire management channel provided to route wires from switch and control box
- Height adjustable legs available in black finish only
- Height Adjustable units begin on here

DRAWER TRACK OPTIONS

Soft close tracks are available on center, tray, box, and file drawers in Jefferson. Soft close drawer tracks have many benefits including reduced stress on the unit, extends the life of the drawer, and ensures a gentle close so fingers don't accidentally get hurt. File drawers with the soft close option feature front-to-back filing. Must specify when ordering.

Pricing is per Drawer, not per Model/Unit

SFTCL	Soft Close Drawer Track	$	38

LOCKING FLIP DOWN CENTER DRAWER

Single and double pedestal desks and kneespace credenzas standard with a center drawer have an optional central locking, keyboard flip down drawer. Drawer front is wood veneer with laminate drawer interior.

LFD	Locking Flip Down Front Center Drawer	$	91

Indiana FURNITURE

JEFFERSON™
CASEGOODS + TABLES (4600 SERIES)

APPROACH SIDE DICTATION SLIDES

Some desk models offer an approach side pull-out dictation slide. Specify DSLD when placing your order and add upcharge. If adding the dictation slide, the center grommet will not be available.

NONE	No Approach Dictation Slide		STD
DSLD	Approach Side Dictation Slide	$	677

MOLDING OPTIONS

All standard, height adjustable, and reception units ship with decorative pencil molding. If you do not want molding, please specify "NO MOLDING" when ordering each model.

Modular components come standard with no molding. To accommodate for flush ends, molding is offered as an option. Specify one of the following codes when ordering.

STD	No Molding		STD
M46R1	Molding on Right Side Only	$	97
M46L1	Molding on Left Side Only	$	97
M46LR	Molding on Both Right and Left Sides	$	194

Note: Left or right is determined when facing the front of the unit. Molding features multi-step, hand-finished catalyzed finish

GLASS SHELVES OPTION

Units with beveled glass and mesh grille inserts offer the option of glass shelving.

GLSSH	Units with Two Doors	$	118
GLSSH	Units with Four Doors	$	236

DOWN LIGHTING OPTION

Select units with beveled glass and mesh grille inserts offer the option of down lighting. See individual models for availability.

DNLGT	Units with Two Doors	$	464
DNLGT	Units with Four Doors	$	928

LOCKING PEDESTALS ON RETURNS/CREDENZAS

Locking drawers are available on returns and credenzas. Please specify LKI-46L on order and add upcharge. Lock core will coordinate with pull selection.

Returns and single pedestal credenzas will have the lock positioned in the upper right corner of the top pedestal drawer.

LKI-46L	Return or Single Pedestal Credenza Locking	$	227

Double pedestal credenzas will have locks positioned in the upper right corner of both of the top drawers.

LKI-46L	Double Pedestal Credenza Locking	$	454

LOCKING DOORS

Locking doors are available on specific units, where noted. Specify WITH LOCKING when ordering and add upcharge. Lock core will coordinate with pull selection.

LKT_HU	18"W Units	$	76
LKT_HU	42"W to 30"W Units	$	101

WORKSURFACE GROMMETS FOR HEIGHT ADJUSTABILITY UNITS

When you select a grommet for use with Height Adjustable worksurfaces, it will automatically come with a wire management sleeve. One grommet per worksurface. Must specify Left, Right, or Center. See below for specific location availability by model. You may also choose to add the Wire Management Box, which will automatically come with a center grommet.

Grommet with Mesh Sleeve $ 158

Must Specify Grommet Color: Black (BLK) or Silver (SLV)

HA Desks/Returns/Credenzas	Choose Left, Right, or Center (See Below)
HA Bridges	Center Only

GC-MESH	Grommet, Center
GL-MESH	Grommet, Left
GR-MESH	Grommet, Right
GCKS-MESH	Grommet, Centered Between Legs

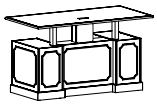

Black wire management mesh sleeve

Wire Management Box with Center Grommet $ 537

Must Specify Black (BLK) or Silver (SLV)

Available on All HA Desks, Returns and Bridges

GC-BOX	Grommet, Center

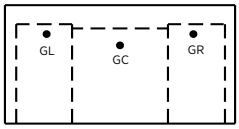

Verify Grommet Option is available on the model(s) you are specifying using the following location information.

Grommets may be ordered in non-standard locations. Call Customer Service to assist with specification. Note additional charges and lead times may apply.

Indiana FURNITURE

PHOENIX™
CASEGOODS + TABLES (2100 SERIES)

Crafted in select solids and American veneers, Phoenix's clean, transitional styling is at ease in both contemporary and traditional settings. It is a perfect choice for value-minded companies who want a sophisticated, yet uncomplicated, furniture solution.

CONSTRUCTION

Phoenix features a Veneer chassis with your choice of a Veneer or HPL top. Units ship assembled unless otherwise noted.

VENEER
- Exposed surfaces feature select grade sliced American Black Walnut or Cherry veneer carefully selected and matched to assure proper balance and consistency

TOPS
- Veneer tops are 5-ply balanced construction and 1 5⁄32" thick with solid hardwood rims
- High Pressure Laminate (HPL) tops are 3-ply balanced construction and 1 5⁄32" thick with solid hardwood rims
- Grain direction runs left to right unless noted

CHASSIS
- Chassis is securely fastened using high quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- Units feature finished backs unless otherwise noted
- All units equipped with heavy-duty, adjustable glides to ensure proper leveling and compensate for uneven floors

DRAWERS
- Drawer fronts standard with matched veneer faces
- Drawer sides, back and front are woodgrain vinyl-wrapped, and are ½" thick
- 5-sided drawer construction for easy removal of drawer fronts
- Box and file drawers have ⅛" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature ¼" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Legal width file drawers provide legal filing front to back, and letter or legal filing side to side
- Letter width file drawers provide letter filing front to back, and letter or legal filing side to side

STORAGE
- All hinged doors include soft close hinges, unless noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- All desks, credenzas, returns, and files feature standard locking
- Lock core will coordinate with pull selection unless otherwise noted
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge.

CORD MANAGEMENT
- Grommets are standard in back panels of assembled returns, bridge units, kneespace credenzas, and hutch units
- A grommet is standard in tops of corner units
- Grommets may be ordered in the tops of desks, returns, bridge units, and credenzas worksurfaces
- Grommets are 2⅜" in diameter and available in black or silver, please specify color
- See grommet options and locations
- Wire Manager available for additional cord management; See Accessories

PURL™ Daisy Chain System includes the following components:

Your choice of Power Units with PURL™ Daisy Chain Plug

PURL™ Daisy Chain Power Infeed

PURL™ Daisy Chain H-Block connects Power Infeed, Power Units, and Jumper Cord

PURL™ Daisy Chain Jumper Cords connects to H-Blocks and Power Units

GREAT SPACES START WITH A PLAN

Before you get started specifying, we have a few helpful recommendations and component guidelines.

We recommend you determine the following:

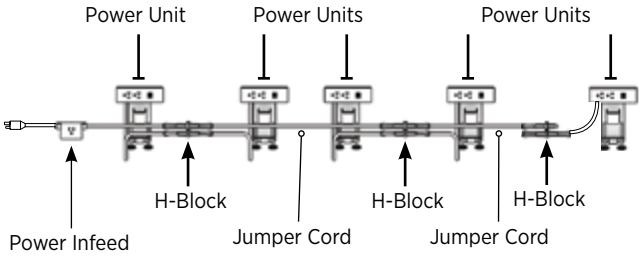

- Setup of the room
- Number of tops needed
- Number of Power Units per top

With multiple Power Unit locations available, understanding how your table tops will be used ensures you specify every component needed to seamlessly stay connected.

Components Guidelines:

- The Power Infeed and Power Units must connect to an H-Block
- When the Power Infeed plugs into the H-Block, two Power Units and a Jumper Cord may be used. Additional H-Blocks can be used with either two Power Units and two Jumper Cords or two Power Units and one Jumper Cord

Five (5) Power Unit System Example:

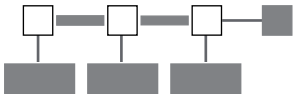

Shown with Duo Clamp. Also available with Duo Air, Duo Bezel and Trio Bezel with PURL™ Daisy Chain Plug

APPLICATION EXAMPLES OF THE PURL™ DAISY CHAIN SYSTEM

SYMBOL GUIDE:

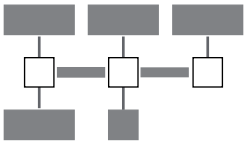

THREE (3) POWER UNIT SYSTEM

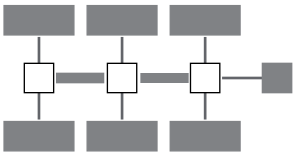

Components:
- 3 Power Units
- 1 Power Infeed
- 3 H-Blocks
- 2 Jumper Cords

FOUR (4) POWER UNIT SYSTEM

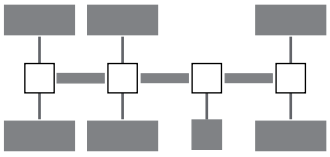

Components:
- 4 Power Units
- 1 Power Infeed
- 3 H-Blocks
- 2 Jumper Cords

SIX (6) POWER UNIT SYSTEM

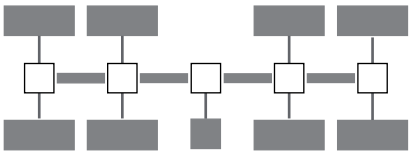

Components:
- 6 Power Units
- 1 Power Infeed
- 3 H-Blocks
- 2 Jumper Cords

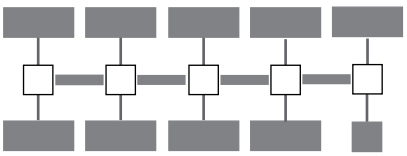

Components:
- 6 Power Units
- 1 Power Infeed
- 4 H-Blocks
- 3 Jumper Cords

EIGHT (8) POWER UNIT SYSTEM

Components:
- 8 Power Units
- 1 Power Infeed
- 5 H-Blocks
- 4 Jumper Cords

NINE (9) POWER UNIT SYSTEM

Components:
- 9 Power Units
- 1 Power Infeed
- 6 H-Blocks
- 5 Jumper Cords

TABLE GROMMET & POWER UNIT OPTIONS

Power units and grommets are sold separately and must be specified separately with surface mount location. Multiple locations may be selected. Only one unit per location.

Power units and Grommets Available in Table Surfaces (See Units)

Grommet	Specify Color: Black = BLK and Silver = SLV

DUO/TRIO BEZEL

01-DUOBEZEL	Available in Black (B), Silver (S), or White (W)
01-TRIOBEZEL	Available in Black (B), Silver (S), or White (W)

DOCK 950, DOCK 800 and DOCK 150

DOCK950	Available in Black or White
DOCK150	Available in Black or White
DOCK800	Available in Black or Silver

Other Power Units

DPORT4	Available in Aluminum or Black
INTERACTG	Available in Aluminum or Black
OASISM	Available in Aluminum or Black

Power/Data Location Information:

- Designate unit and location when specifying the top model. Power/Data Module need to be ordered separately.
- Power/Data Modules specified at the time of order will be routed for field installation.

  E1 Unit on One End
  E2 Unit on Each End
  OC Unit on Center

- All power units available **On Center (OC) only** when paired with two (2) or more of the following bases:

  Cylinder Base
  X-Base
  Tubular X-Base
  Square Base
  Disc

Grommets and Power Units may be ordered in non-standard locations. Call Customer Service to assist with specification and/or please attach a drawing to the PO showing the location of the grommet. Note additional charges and lead times may apply.

Top Locations

Power units available on Each End (E1 and E2) and On Center (OC) unless otherwise noted, when paired with any Rectangle Panel Base, Rectangle Box Base or Rectangle Accent Box Base. (See Unit Details)

Power units centered at locations below:

36" Tops	centered 18"D	48" Tops	centered 24"D
42" Tops	centered 21"D		

72: OC 36" from end (**available with OC Only**)

96: OC 48" from end; E1/E2 29" from end

120: OC 60" from end; E1/E2 29" from end

144: OC 72" from end; E1/E2 29" from end

LOCKING DOORS

Locking doors are available.. You must specify WITH LOCKING when ordering and add upcharge. See color Information below.

LKT_HU	18"W - 12"W Units	$	76
LKT_HU	42"W - 24"W Units	$	101
LKT_HU	78"W - 46"W Units	$	128
LKT_HU	82"W Units	$	149

LOCK CORE OPTIONS

Lock core will coordinate with pull color unless otherwise noted.

Ancillary Solutions

Indiana FURNITURE

ICONIC
ANCILLARY SOLUTIONS (5000 SERIES)

With a nod to the ‘50s and ‘60s, Iconic’s clean lines, tapered legs, and unexpected details present a timeless, approachable quality while being suited to outfit a multitude of collaborative and in-between spaces.

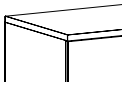

CONSTRUCTION

Iconic features a Veneer chassis with your choice of a Veneer or HPL Laminate top. Units ship assembled unless otherwise noted.

VENEER
- Exposed surfaces feature select-grade, plain-sliced hardwood Cherry, Maple, American Black Walnut, White Oak, and composite veneers; Veneers are carefully selected and matched to assure proper balance and consistency
- Veneer features UVAdvantage, an ultra-violet finish, on all exposed surfaces by utilizing roll-coat UV technology

LAMINATE
- TFL and HPL are made of woodgrain and solid color laminates fused to particleboard core; Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance

TOPS
- Tops are 1³⁄₁₆” thick with 3-ply balanced construction and 3mm wood edge-banded rims
- Square (Y) edge profile is shaped on all four sides

- Grain direction runs left-to-right unless noted

CHASSIS
- Chassis are fastened by using high quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength
- All units ship with heavy-duty, adjustable glides to ensure proper leveling and compensate for uneven floors

DRAWERS
- Box drawers are tested for 100lb capacity
- 5-sided drawer construction for easy removal of drawer fronts
- Fronts are 3-ply construction, ¾” thick with matched grain
- Sides, back, and front are ½” thick woodgrain vinyl-wrapped miter fold construction; box drawers have ⅛” thick hardboard bottoms, lateral file drawers feature ¼” thick bottoms
- Optional Dovetail construction with 7⁄16” thick hardwood sides and backs and 5⁄32” thick hardboard bottoms
- Box drawers feature full extension, progressive action slides with precision steel ball bearings and optional soft close
- Lateral file drawers provide ¾ extension, progressive action slides with precision steel ball bearings and provide legal or letter filing front to back or side to side
- All suspensions have a limited lifetime warranty

STORAGE
- All hinged doors include soft close hinges
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- All units with drawers feature standard locking; optional locking available on models with doors where noted (see locking option)
- Lock core available in black or silver, please specify color
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge

CORD MANAGEMENT
- Grommets are available in the tops of credenzas
- Grommets are 2⅜” in diameter and available in black or silver
- See all optional grommet locations

Reception

Indiana FURNITURE

AURA™

RECEPTION SHELLS + COMPONENTS (6200 SERIES)

Welcoming environments start with furniture that's warm and inviting. Create a customized work environment through flexible combinations of shells, components, and work surfaces that address multiple configuration options. Subtle details, including multiple pull styles, edge options, overlay panels and molding options allow for a personalized look or seamless blending with any of our standard casegood offerings.

CONSTRUCTION

Aura Reception features a Veneer chassis with your choice of either a Veneer, HPL, or Solid Surface transaction counter. Units ship assembled unless otherwise noted.

VENEER
- Exposed surfaces feature select grade plain sliced hardwood Cherry, Maple, American Black Walnut, or composite veneers
- Veneers are carefully selected and matched to assure proper balance and consistency

TOPS
- Veneer worksurface tops are 3-ply balanced construction and 1⅝" thick with a self-edge with Vertical Square (H) profile
- Transaction tops are 1⅝" thick with a 5-ply balanced construction in Veneer, 3-ply balanced construction in High Pressure Laminate
- Transaction tops in Cherry, Maple, and American Black Walnut have solid hardwood rims and are profiled on all sides with mitered corners
- Optional ⅜" thick glass accent top with 1¼" silver standoffs
- Transaction tops in solid surface materials are 1½" thick and available in 6 standard colors
- Grain runs left to right unless otherwise stated

CHASSIS
- Tops and end panels are securely fastened using high quality European fastening systems to ensure maximum strength
- All units have finished backs unless noted
- All pedestals offer optional wire management access from pedestal to kneespace
- All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors

DRAWERS
- Drawer fronts are 3-ply construction, ¾" thick with matched grain
- Drawer sides, back, and front are ½" thick, woodgrain vinyl wrapped construction with mitered corners
- Box and file drawers have ⅛" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature ¼" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- 5-Sided drawer construction for easy removal of drawer fronts
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Modular component pedestals provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

STORAGE
- All hinged doors include soft close hinges, unless noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core will match pull color

CORD MANAGEMENT
- Grommets may be ordered in the tops
- See grommet options and locations
- Wire Managers available for additional cord management; See Accessories

The traditional stylings of Cameo echo history and create a timeless foundation for welcoming environments that complement our Jefferson, Wilmington, and Arlington casegoods collections, as well as Cameo Conferencing. Create a customized work environment through combinations of shells, components, and work surfaces that address multiple configuration options.

CONSTRUCTION

Cameo Reception features a veneer chassis with your choice of either a Veneer or HPL transaction counter.

VENEER
- Exposed surfaces are select grade sliced American Black Walnut and Cherry veneers carefully selected and matched to assure proper balance and consistency

TOPS
- Work surface tops are 3-ply balanced construction, 1⁵⁄₃₂" thick with Square (Y) profile and a self-edge
- Transaction tops are 1⁵⁄₃₂" thick and have a 5-ply balanced construction in Veneer or 3-ply balanced construction in High Pressure Laminate
- Transaction tops have solid hardwood rims and are profiled on all sides with mitered corners
- Grain runs left to right unless otherwise stated

CHASSIS
- Tops and end panels are securely fastened using high quality European fastening systems to assure maximum strength
- All units have finished backs unless noted
- All pedestals have wire management access from pedestal to kneespace
- Decorative moldings are hand applied
- All units are equipped with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors

DRAWERS
- Drawer fronts are 3-ply construction, ¾" thick with matched grain
- Drawer sides, back, and front are ½" thick, woodgrain vinyl wrapped construction with mitered corners
- Box and file drawers have ⅛" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature ¼" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- 5-Sided drawer construction for easy removal of drawer fronts
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Modular component pedestals provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

STORAGE
- All hinged doors include soft close hinges, unless otherwise noted
- One piece hinge and base plate combination
- Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure

LOCKING
- All units with file drawers feature locking
- Removable black lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge
- Keyed alike units available upon request at no additional charge

CORD MANAGEMENT
- Grommets may be ordered in the tops
- See all grommet options and locations
- Wire Managers available for additional cord management; See Accessories

Indiana FURNITURE

CANVAS™

LAMINATE RECEPTION + COMPONENTS (6400 SERIES)

Explore Canvas Reception models, sizes, and premium details to heighten function and luxury for the user, the environment, and all of your visitors. Choose from waterfall transaction counters with paper slots, conventional transaction counters available in a variety of materials, matching or contrasting overlays, backlighting, extended gallery returns with storage, ADA returns, and more!

CONSTRUCTION

Canvas Reception features a TFL chassis with your choice of TFL or HPL Top and TFL, HPL, or Solid Surface transaction counters. Units ship assembled unless otherwise noted.

LAMINATES
- Exposed surfaces are woodgrain and solid color laminates
- Worksurfaces are bonded to the core with a PVA adhesive in a cold press to prevent separation of the laminate from the core
- Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance

TOPS
- Worksurfaces are 1" thick thermally-fused laminate (TFL) or High Pressure Laminate (HPL) with 1mm matching PVC rims in a square profile; Designer White, Sugar Maple, Williamsburg Cherry feature ABS edge bands
- Worksurfaces are shaped on all four sides and fit flush with adjoining worksurfaces for a clean aesthetic
- Transaction tops in TFL or HPL are edge-banded and have a self-edge on all sides
- Accent tops of ⅜" glass with 1¼" silver standoffs are available
- Transaction tops in Solid Surface materials are 1½" thick and available in 6 standard colors

CHASSIS/COMPONENTS
- TFL chassis and storage components
- Worksurfaces, storage components and end panels are securely fastened using high quality European fastening systems, 16-gauge joining brackets and wooden dowels to assure maximum strength
- Exposed edges have matching PVC edge band
- All units are equipped with heavy-duty glides featuring 1 ¼" adjustment to ensure proper leveling and compensation for uneven floors
- All modular components have standard wire openings from inside the pedestal to the kneespace allowing quick access to technology below

DRAWERS
- Drawers feature 5-sided construction allowing for easy removal of drawer fronts
- Drawer fronts are 3-ply, ¾" thick thermally fused laminate on both faces with matching PVC banded edges
- All drawer sides are ½" thick woodgrain vinyl-wrapped construction with mitered corners
- Box and file drawers have ⅛" thick hardboard bottoms and tested for 100lb capacity
- Lateral files feature ¼" thick bottoms. Drawers are tested for 200lb of equally distributed weight (ex: hanging file folders) and 65lbs of bottom load weight (ex: stacked catalogs)
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- All suspensions have a limited lifetime warranty

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Letter width file drawers provide letter filing front to back and legal filing side to side
- Lateral file drawers provide legal or letter filing front to back or side to side

LOCKING
- All units with file drawers feature locking
- Removable lock cylinders allow for units to be re-keyed at a later date, if required
- Units are shipped randomly keyed as standard
- Keyed alike units available upon request at no additional charge
- Lock core will match pull color (if applicable, otherwise specify)

Indiana FURNITURE

JEFFERSON™
RECEPTION UNITS (4600 SERIES)

Jefferson echoes history and creates a timeless foundation for today's sophisticated work place. Finely crafted in select solids with Walnut and Cherry veneers, the tailored details of this collection accentuate our expert craftsmanship and perfect attention to detail.

Jefferson forges traditional styling with modern sensibility with new Height Adjustable options and coordinating reception models, allowing the premium feel and flexibility of Jefferson to easily function throughout entire facilities.

CONSTRUCTION

Jefferson features a Veneer chassis with your choice of a Veneer or HPL top. Units ship assembled unless otherwise noted.

VENEER
- Choose from premium or select veneer on exposed surfaces in American Black Walnut or Cherry species in bookmatched veneer faces
- Veneers are carefully selected and matched to assure proper balance and consistency

TOPS
- Veneer tops offer a 5-ply balanced construction, 1 3/16" thick with solid hardwood mitered rims
- High Pressure Laminate (HPL) tops offer a 3-ply balanced construction, 1 3/16" thick with solid hardwood mitered rims
- Grain direction runs left-to-right unless otherwise noted
- All Jefferson tops are standard with the Jefferson edge profile (C2), unless otherwise noted.

CHASSIS
- Chassis is securely fastened using high quality European fastening systems, heavy-duty, 16-gauge joining brackets and wood dowels to assure maximum strength
- Bases are solid hardwood with mitered corners
- All units have finished veneer backs
- Construction offers tight tolerances and long term durability
- All units equipped with heavy-duty, adjustable glides to ensure proper leveling and compensate for uneven floors
- Vertical grain direction on chassis

DRAWERS
- Drawer fronts standard with bookmatched veneer faces
- Fronts are 3-ply construction and 3/4" thick
- Drawer interiors are dovetail, wood constructed with 7/16" hardwood sides and backs and 5/32" thick hardboard bottoms
- All drawers feature full extension, progressive action slides with precision steel ball bearings
- Box and file drawers are tested for 100lb capacity
- All suspensions have a limited lifetime warranty
- Optional soft close is available on center, box, and file drawers, unless otherwise noted (see option details); File drawers with the soft close option feature front-to-back filing.

FILING
- All file drawers are standard with filing systems designed to accommodate a variety of filing requirements
- Optional soft close on box and file drawers allows front-to-back filing in file drawer

FILING (CONT)
- Legal width file drawers provide legal filing front to back, and letter or legal filing side to side
- Letter width file drawers provide letter filing front to back, and letter or legal filing side to side

LOCKING
- Central locking is standard on all desks; one key in the lock cylinder locks all drawers in the desk
- Pedestal locking for credenzas and returns
- Lock core color will coordinate with pull selection (brass pulls will have black cores, while aluminum pulls will have silver cores)
- Removable lock cylinders allow for units to be re-keyed at a later date if required
- Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge.

CORD MANAGEMENT
- Grommets may be ordered in the tops of desks, returns, bridges, and credenzas
- See all grommet options and locations
- Wire Managers available for additional cord management; See Accessories

DRAWER TRACK OPTIONS

Soft close tracks are available on center, tray, box, and file drawers in Jefferson. Soft close drawer tracks have many benefits including reduced stress on the unit, extends the life of the drawer, and ensures a gentle close so fingers don't accidentally get hurt. File drawers with the soft close option feature front-to-back filing. Must specify when ordering.

Pricing is per Drawer, not per Model/Unit

SFTCL	Soft Close Drawer Track	$	38

Indiana FURNITURE

JEFFERSON™
RECEPTION UNITS (4600 SERIES)

LOCKING FLIP DOWN CENTER DRAWER

Single and double pedestal desks and kneespace credenzas standard with a center drawer have an optional central locking, keyboard flip down drawer. Drawer front is wood veneer with laminate drawer interior.

LFD	Locking Flip Down Front Center Drawer	$	91

MOLDING OPTIONS

All standard, height adjustable, and reception units ship with decorative pencil molding. If you do not want molding, please specify "NO MOLDING" when ordering each model.

Modular components come standard with no molding. To accommodate for flush ends, molding is offered as an option. Specify one of the following codes when ordering.

STD	No Molding	$	Std
MR46R1	Molding on Right Side Only	$	97
MR46L1	Molding on Left Side Only	$	97
M46LR	Molding on Both Right and Left Sides	$	194

Note: Left or right is determined when facing the front of the unit.

WORKSURFACE GROMMETS FOR RECEPTION

ACCESSORIES
PURL™ DAISY CHAIN SYSTEM

PURL™ DAISY CHAIN SYSTEM

The PURL™ daisy chain system adapts to your unique space, allowing you to configure the ideal power setup based on your specific room layout and application.

PURL™ Daisy Chain System includes the following components:

Your choice of Power Units with PURL™ Daisy Chain Plug

PURL™ Daisy Chain Power Infeed

PURL™ Daisy Chain H-Block connects Power Infeed, Power Units, and Jumper Cord

PURL™ Daisy Chain Jumper Cords connects to H-Blocks and Power Units

GREAT SPACES START WITH A PLAN

Before you get started specifying, we have a few helpful recommendations and component guidelines.

We recommend you determine the following:

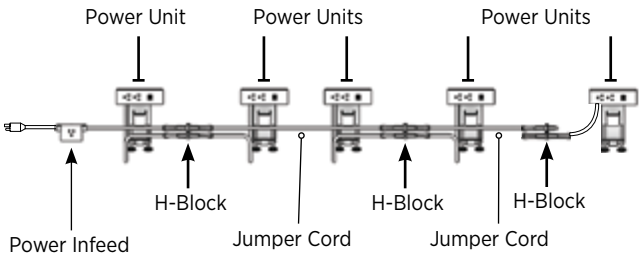

- Setup of the room
- Number of tops needed
- Number of Power Units per top

With multiple Power Unit locations available, understanding how your table tops will be used ensures you specify every component needed to seamlessly stay connected.

Components Guidelines:

- The Power Infeed and Power Units must connect to an H-Block
- When the Power Infeed plugs into the H-Block, two Power Units and a Jumper Cord may be used. Additional H-Blocks can be used with either two Power Units and two Jumper Cords or two Power Units and one Jumper Cord

Five (5) Power Unit System Example:

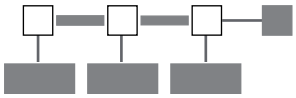

Shown with Duo Clamp. Also available with Duo Air, Duo Bezel and Trio Bezel with PURL™ Daisy Chain Plug

APPLICATION EXAMPLES OF THE PURL™ DAISY CHAIN SYSTEM

SYMBOL GUIDE:

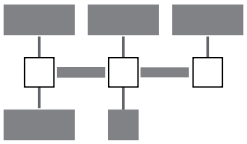

THREE (3) POWER UNIT SYSTEM

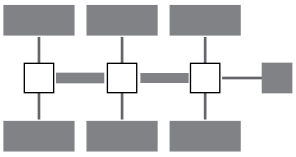

Components:
- 3 Power Units
- 1 Power Infeed
- 3 H-Blocks
- 2 Jumper Cords

FOUR (4) POWER UNIT SYSTEM

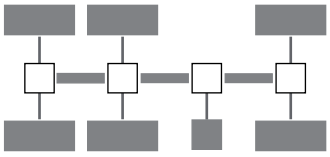

Components:
- 4 Power Units
- 1 Power Infeed
- 3 H-Blocks
- 2 Jumper Cords

SIX (6) POWER UNIT SYSTEM

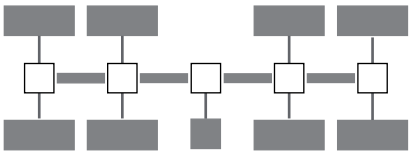

Components:
- 6 Power Units
- 1 Power Infeed
- 3 H-Blocks
- 2 Jumper Cords

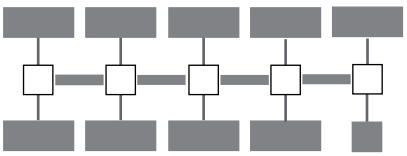

Components:
- 6 Power Units
- 1 Power Infeed
- 4 H-Blocks
- 3 Jumper Cords

EIGHT (8) POWER UNIT SYSTEM

Components:
- 8 Power Units
- 1 Power Infeed
- 5 H-Blocks
- 4 Jumper Cords

NINE (9) POWER UNIT SYSTEM

Components:
- 9 Power Units
- 1 Power Infeed
- 6 H-Blocks
- 5 Jumper Cords

Surface Materials

Veneer Finishes, Laminate Colors + Leg/Wood Finish Options

Our veneer casegoods feature our UV topcoat finish, UVAdvantage. The result is a low-emitting finish that provides exceptional depth, clarity, durability and chemical resistance throughout the life of the product. Refer online for finish and color availability by product series.
