Indiana Furniture's Portfolio Grows in 2025 With Six Product Launches and Enhancements.

Jasper, IN, October 30, 2025 – Indiana Furniture has been busy responding to customer needs throughout 2025 with six new product launches and extensive enhancements to popular product series. With an eye on smart design and modern practicality, customers will find undeniable craftsmanship at the core of Otty Ottomans + Tables, Kirby and Pitch Occasional Tables, Chat Work Tables, as well as Canvas and Gesso Casegoods enhancements.

Comfort and charm are the essence of Otty Ottomans + Tables. Perfect for impromptu meetings, breakrooms, and, really, all types of spaces, you can easily configure and personalize Otty to fit any environment. Available in 18", 24", and 36" round and soft square shapes at both 15" and 18" heights, customers can select an optional handle, casters or glides, contrasting fabrics, or tables surfaces in veneer, laminate, and solid surface. Designed to be flexible, drop it in to any specification to be a pop of comfort and convenience.

Kirby is modern versatility at its best. Easily at home in casual or sophisticated settings, or anywhere in between, Kirby Occasional Tables offer a range of options that provide style to any space. Available in a variety of sizes, shapes, edge profiles, and top surfaces—like TFL, HPL, veneer, solid surface, and glass—and a mix of heights for nesting and creating a layered look. These versatile tables are perfect for reception areas, waiting rooms, personal spaces, collaborative areas, and so much more.

Chat Work Tables are a designer's dream. The perfect place to gather and connect whether it's in a meeting room, collaborative area, breakroom, library, or training space. Offered in seated, counter, and standing heights from 60" to 96" wide and 24" to 48" deep, Chat allows you to add style and performance virtually anywhere. The dream comes to reality with veneer and laminate options, contrasting finishes/colors, and optional power and concealed wire management. Chat's clean style complements other furniture to create fresh and functional environments.

Simplicity at its finest, Pitch Tables are built on a smooth metal frame with a top that has a clean, square edge. But simplicity doesn't mean plain. Combine a smart array of options including laminate or veneer tops with a choice of metal in Black, Aluminum, or Snow to personalize Pitch to your taste.

Last but not least, longtime favorites from the Indiana Furniture portfolio, Canvas and Gesso Casegoods just got even more versatile. Now available with new wall panels, shelving, height adjustable options, and storage—all technology focused—that open a world of possibilities for additional configurations, functionality, and just the style and look you're going for. Take a fresh look at Canvas and Gesso to maximize your space while providing an elevated and functional design.

Indiana Furniture's products are manufactured in the USA, they consider the environment by using renewable and recyclable materials, allowing them to achieve indoor air and BIFMA level® certifications, and meet or exceed the standards set forth by BIFMA Compliance®, giving you confidence in the construction and durability of the offerings. See the entire sustainable portfolio on the company's website, at bifma.org, mortarr.com, and ecomedes.com.
