Indiana Furniture Expands Joy with New Options.

Jasper, IN, October 1, 2018 – Indiana Furniture continues to set new standards for affordable, design-friendly products. Today the company will begin taking orders on an expanded range of options for the already-popular Joy seating line. Now a family, the Joy series ranges from Task Chairs to Work Stools outfitting every application within a facility. Easily create a cohesive look and provide high performance in all types of work zones.

Joy couples style and ergonomics, and has the ability to support users up to 400lbs, providing an all-in-one solution for the diversity of employees and environments. You can now choose from a range of five arms or armless models, with seats upholstered in standard black fabric or vinyl, graded-in fabrics, or select any contract textile to suit the décor. Two mesh back colors and a choice of polished or black bases complete the look. Find the perfect fit with the back height adjustment, adjustable lumbar support, cantilever arms, height and width adjustable arms, optional seat slider and synchro-tilt controls.

“By adding stools and more arm choices to the line, Joy’s comprehensive range provides style, comfort, and ergonomics, which makes it ideal for everyone in every application,” says Mike Blessinger, VP of Sales & Marketing at Indiana Furniture. “Add Joy to conference and training rooms, collaboration areas, team settings, private offices, and more. Its versatility allows for the perfect fit.”

Joy considers the environment by using renewable and recyclable materials, allowing it to achieve indoor air and BIFMA level[®] certifications.
